Asset Forfeiture Law in the United  
States - Second Edition serves as  
both a primer on forfeiture law  
for the newcomer to this area, as  
well as a handy resource for  
anyone needing a comprehensive  
discussion of any of the recurring  
and evolving forfeiture issues  
that arise daily in federal  
practice. The author is one of the  
federal government's leading  
experts on asset forfeiture law.  
As a federal prosecutor, he has  
been litigating asset forfeiture  
cases since the late 1980's, was a  
Deputy Chief of the Justice  
Department's Asset Forfeiture and  
Money Laundering Section for many  
years, and is now the Chief of the  
Asset Forfeiture and Money

Laundering Section in the U.S.  
Attorney's Office in Baltimore,  
MD. Asset Forfeiture Law in the  
United States - Second Edition is  
a completely revised and up-to-  
date treatise that addresses  
important changes and significant  
developments in civil and criminal  
forfeiture law. Every chapter has  
been rewritten as a result of the  
explosive growth in this area of  
law and practice. This  
comprehensive one-volume resource  
examines and explores the  
outpouring of new case law  
stemming from federal law  
enforcement agencies that include  
the FBI, DEA, IRS and Homeland  
Security. The Second Edition  
continues to lead the  
practitioner, prosecutor, judge  
and policy maker through the  
labyrinth of statutes, rules and  
cases that govern this dynamic  
area of the law. Many countries in  
Europe, Asia and Africa, as well  
as Australia and the Americas,  
have enacted asset forfeiture  
statutes modeled on U.S. law,  
making the cases interpreting the  
statutes relevant beyond the  
borders of the United States.

Although increasing attention has been paid to it,  
there are no signs that crime and corruption in  
organizations is decreasing, so if you're a manager  
or government policy maker, and your mandate is  
to reduce crime and corruption, where do you  
start? The international authors of this book fill a  
critical need to address such a prevalent and costly  
topic with a detailed analysis of the risks  
associated with crime and corruption in  
organizations. They examine the causes and  
consequences, and the choices we face in our  
efforts to eradicate these social maladies. They  
focus on the risks to individuals and organizations  
surrounding criminal and corrupt acts, with an  
emphasis on the psychological, behavioral and  
organizational factors supporting such behaviors.  
Finally, they explore the phenomenon of crime and  
corruption across a diverse array of organizational  
settings (ranging from public to private, for-profit  
to non-profit) and occupational categories (e.g.,  
police officers, physicians, accountants, and  
academicians). The constant barrage of scandals  
publicized by the media demands 'front burner'  
attention dedicated to stemming this tide.  
Accordingly, this book turns to prominent  
researchers employing their talents to produce  
more ethical organizations. The result is the most

up-to-date thinking on both classic (e.g., cognitive  
moral development) and novel (e.g., moral  
attentiveness) approaches to crime and corruption,  
as well as scientifically-grounded approaches to  
reducing illicit behavior in organizations.

Lincoln Sport. Excerpt: The Lincoln Continental  
was an automobile produced by the Lincoln  
division of Ford Motor Company from 1939 to  
1948 and again from 1956 to 2002. Despite often  
sharing underpinnings with less-expensive Fords  
in more recent years, the Lincoln Continental had  
usually been a distinctively platformed and styled,  
highly equipped luxury car in the course of its long  
history. The flagship Lincoln model during most  
of its run, the Continental name conveyed special  
cachet in the product line. During the 1980s, the  
Continental was downsized from a full-size to a  
mid-size Ford Taurus platform; this introduced the  
Continental to a wider range of competition from  
Europe and Japan. After the Continental was  
discontinued in 2002, it was largely replaced by  
the Lincoln LS V8. contemporaneous image of

Continental was developed as Edsel Ford's one-off  
personal vehicle, though it is believed he planned  
all along to put the model into production if  
successful. In 1938, he commissioned a custom  
design from the chief stylist, Eugene T. "Bob"  
Gregorie, ready for Edsel's March 1939 vacation.
