Converted! is much more than an installation manual - although it serves as that as well. You will learn everything you need to know to take water and put it through a process called electrolysis to separate the hydrogen from the oxygen as you drive. It silently flows into your vehicle's combustion system and give better economy, a quieter cooler engine and less engine wear. This process, properly installed and tuned, is safe and effective because it creates hydrogen on demand and radically improves the fuel economy of a vehicle. In language understandable by virtually anyone the book explains the process. There are many photos and illustrations to guide you through. You can purchase the parts you need on your own but Richie has done all the work for you and will send you a complete kit at a very reasonable price if you decide to go ahead and save money while you reduce the pollution in the environment.

Swap'd McGraw Hill Professional
For thirty-six-year-old Trevor Lambert, life revolves around work. As Director of Rooms at the luxurious and ultra-modern Universe Hotel in New York, he radiates dignified professionalism and high-end hospitality. When Trevor inadvertently escorts VIP guest Brenda Rathberger – the cantankerous executive director of the Victims of Impaired Drivers conference – past the dead body of the hotel's owner, Trevor's perfect world implodes. Police believe a hotel executive may be responsible and their suggestion that alcohol may have been involved encourages Brenda to use the controversy to grandstand her cause. She joins forces with celebrated TV anchor Honica Winters, who exposes the sordid details on national television. With his dear coworkers under suspicion and his treasured guests turning on him, it's all Trevor can do to protect everyone, particularly his sweet and lovely duty manager, Nancy. In the resulting clash among pampered guests, harried employees, and militant protesters, Trevor struggles to find the killer and to preserve the dignity of the Universe.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and

alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
