This against-all-odds story of a World War II era steam locomotive captures the determination of two generations of volunteers to keep it running. The narrative traces the train's regular freight service in Michigan, its unlikely salvation from the scrapyards, and the subsequent work to bring it back to steam. This is the tale of the

revival of a significant steam locomotive and a triumph of historic preservation."

Modern Power System Analysis CRC Press

For twelve years, Andrea Lankford lived in the biggest, most impressive national parks in the world, working a job she loved. She chaperoned baby sea turtles on their journey to sea. She pursued bad guys on her galloping patrol horse. She jumped into rescue helicopters bound for the heart of the Grand Canyon. She won arguments with bears. She slept with a few too many rattlesnakes. Hell yeah, it was the best job in the world! Fortunately, Andrea survived it. In this graphic and yet surprisingly funny account of her and others' extraordinary careers, Lankford unveils a world in which park rangers struggle to maintain their idealism in the face of death, disillusionment, and the loss of a comrade killed while holding that thin green line between protecting the park from the people, the people from

the park, and the people from each other. Ranger Confidential is the story behind the scenery of the nation's crown jewels—Yosemite, Grand Canyon, Yellowstone, Great Smokies, Denali. In these iconic landscapes, where nature and humanity constantly collide, scenery can be as cruel as it is redemptive.
