converter section in the Parallax 7300 or 8300 series power centers. The model 6345RU is designed as an upgrade kit for use in a MagneTek or Parallax 6300 series power center only. MOUNTING CLEARANCES DO NOT mount in zero-clearance compartm ents; overheating and thermal shut down

7300 Series Installation Guidelines Parallax Power Supply

The recommended 55A replacement for your Parallax 7300 would be the Progressive Dynamics # PD4655V for flooded lead acid, AGM and Gel batteries. Progressive Dynamics offers a 1000 watt pure sine-wave inverter/transfer switch, part # PD1210SR that would be a good choice if a 2000 watt surge/1000 watt running output would meet your needs.
