We had a boat that caught on fire and burned via electrical wiring gone bad so im a little sensitive. Parallax 7300 wiring diagram. The old one fan was coming to often and making an awful

The recommended 55A replacement for your Parallax 7300 would be the Progressive Dynamics # PD4655V for flooded lead acid, AGM and Gel batteries. Progressive Dynamics offers a 1000 watt pure sine-wave inverter/transfer switch, part # PD1210SR that would be a good choice if a 2000 watt surge/ 1000 watt running output would meet your needs.
