This video looks at the main Pre-Flight Procedure. This involves both the Captain and Co-Pilot to configure the aircraft to get it ready for a flight. Tutori...

Boeing 737 Flight Instruments

I have seen that the little Saitek Instrument Panels have had routines written for them that allow them to be used for more functions than the default

settings allowed. I have not seen one that lets them mimic the MFD in a 737-like aircraft. Does anyone know if such a mod exists? Bill

flight instruments. The first 737-300's were not fitted with EFIS and the flight instruments were almost identical to the 737-200Adv. The yellow warning lights above the ADI are the instrument comparator warnings. The FMA annunciations were all contained in the panel above the ASI. Non-EFIS FMA Default Boeing 737-800 MFD - Flightsim.com (Another Question related to MSFS). So firstly hi everybody!!!! In the MFD of the default 737-800 you can select if you want the MFD to display waypoints, airports etc. If you click on the display waypoints button you can see waypoints BUT you cannot see the NAMES of those waypoints so is there a fix??? Any help will be valued!!! Boeing 737 - program supplier guide - Airframer When using the GPS nav system to fly a flight plan that has been loaded into the default 737-800 autopilot, the MFD will indicate the distance to the fix, whatever it is (VOR, intersection, airport, etc) but does not display the name of the fix anywhere that I can find.
