Katherine Loop has done the remarkable! She has written a solid math course with a truly Biblical worldview.

This course goes way beyond the same old Christian math course that teaches math with a few Scriptures sprinkled in and maybe some church-based word problems. This course truly transforms the way we see math. Katherine makes the argument that math is not a neutral subject as most have come to believe. She carefully lays the foundation of how math points to our Creator, the God of the Bible. The nature of God, His Creation, and even the Gospel itself is seen through the study of math.

Katherine does a marvelous job of revealing His Glory in this one-of-a-kind math course. Katherine Loop's *Principles of Mathematics Biblical Worldview Curriculum* is a first of its kind.
