The World Book Encyclopedia PURE SNOW PUBLISHING
Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an

uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued. **Getting Ready for the 4th Grade Assessment Tests** Scribner
What begins as a training run with sled dogs turns into a race against time for Tatum and her new friend, a

Siberian Yupik boy named Cole. When a freak blizzard hits this remote island off the coast of Alaska, the duo seeks shelter overnight in a dilapidated hunting cabin. Their harrowing ordeal goes from bad to worse when wind-driven snow forces them to risk an alternate route. Stranded in the untamed wilderness, they must rely on each other—as well as their faithful huskies—to survive sub-zero temperatures and bone-numbing exhaustion. Worse still, their food supply is dangerously low. The most daunting decision comes when the strongest dog runs away. One person must go for help, while one must stay behind. Either way, they'll both be alone in the

wild for an uncertain amount of time.

Being Brought from Africa to America - The Best of Phillis Wheatley Createspace Independent Publishing Platform

Phillis Wheatley (c. 1753–1784) was an American freed slave and poet who wrote the first book of poetry by an African-American. Sold into a slavery in West Africa at the age of around seven, she was taken to North America where she served the Wheatley family of Boston. Phillis was tutored in reading and writing by Mary, the Wheatleys' 18-year-old daughter, and was reading Latin and Greek classics from the age of twelve. Encouraged by the progressive Wheatleys who recognised her incredible literary

talent, she wrote "To the University of Cambridge" when she was 14 and by 20 had found patronage in the form of Selina Hastings, Countess of Huntingdon. Her works garnered acclaim in both England and the colonies and she became the first African American to make a living as a poet. This volume contains a collection of Wheatley's best poetry, including the titular poem "Being Brought from Africa to America". Contents include: "Phillis Wheatley", "Phillis Wheatley by Benjamin Brawley", "To Maecenas", "On Virtue", "To the University of Cambridge", "To the King's Most Excellent Majesty", "On Being Brought from Africa to America", "On the

Death of the Rev. Dr. Sewell", "On the Death of the Rev. Mr. George Whitefield", etc. Ragged Hand is proudly publishing this brand new collection of classic poetry with a specially-commissioned biography of the author.

Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B. Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits

of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be

understood,
synergize, and
sharpen the saw --
are critical skills
to learn at a young
age and bring
incredible results,
proving that it's
never too early to
teach someone how to
live well.
