World Population Prospects Reader's Digest Children's Books

"Kung delivers a touching story enriched by its strong atmosphere," Publishers Weekly, Starred Review "There's much to admire in Kung's debut: vivid Hong Kong backgrounds, a sharp eye for conflicts of class and nationality, and the looming threat to the heroine's family," Kirkus Reviews "Kung finds a key plot element in the hidden lives of the thousands of Filipinas who come to Hong Kong as servants for affluent families and live almost like slaves," The Washington Post "It would be easy to assume that Hong Kong is populated solely by spies and incredibly rich people who made their fortunes off the backs of peasants. What distinguishes this book is a compelling sense of place. This is a Hong Kong readers don't come across very often and the author brings the city alive. It's an unusual debut," Chris Petrakos, The Chicago Tribune "This unusual Far East mystery is as notable for its portrayal of Hong Kong while being returned to Communist China as it is for its intimate study of maternal love. Kung proves an expert storyteller, adroitly probing Claire's psyche, imparting the Far East wisdom she gets from her close friend, a Scottish priest and above all, the maturation under stress of Claire's lover and father of her son. The reader will discover the summoning of a poignant, almost visceral, response to the plight of Kung's besieged principals," Buffalo Evening News, Ed Kelly Foreign correspondent Claire Raymond finds herself uncomfortably sidelined at home on maternity leave. A neighbor's son, Petey, is found dead along the Midlevel district's May Road during the Christmas season only six months before the official handover of Hong Kong from Britain to China. A neurotic anxiety pervades the colonial middle-class and mixes with a mounting religious hysteria among the mistreated Filipina amahs, the housekeepers who slave for Chinese and colonial households. Claire fears for the safety of her own newborn, Caspar. The visit to Hong Kong of Xavier's ex-lover Fabienne adds to her tensions as she investigates Petey's suspicious death.

Hush, Mama Loves You Silver Rock Publishing

Sarah is growing up fast. She swings on swings, slides down slides, and climbs trees. Whenever she falls, her mother sweeps her up in her arms and soothes away the hurt. Her mother is always there for her-on her first day of school, when she falls in love for the first time, and finally when she leaves home and starts a family of her own. It is then that Sarah realizes what a wonderful gift her mother has given her. As she watches over a daughter of her own, Sarah passes on that gift, helping her child through the trials of growing up with a gentle strength and enduring love. This beautiful testament to the powerful bond between mothers and daughters will move and inspire mothers while reassuring their daughters that they have a special safety net that will never let them down. Anna Strauss was only sixteen-years-old when she was inspired to write this story as a gift for her mother. Now her enchanting story makes a perfect gift to celebrate the special mother/daughter bond on Mother's Day, Graduation Day, and all year round.

Longlisted for the 2014 National Book Award Never has there been a book of poems quite like Gabriel, in which a short life, a bewildering death, and the unanswerable sorrow of a father come together in such a sustained elegy. This unabashed sequence speaks directly from Hirsch's heart to our own, without sentimentality. From its opening lines—"The funeral director opened the coffin / And there he was alone / From the waist up"—Hirsch's account is poignantly direct and open to the strange vicissitudes and tricks of grief. In propulsive three-line stanzas, he tells the story of how a once unstoppable child, who suffered from various developmental disorders, turned into an irreverent young adult, funny, rebellious, impulsive. Hirsch mixes his tale of Gabriel with the stories of other poets through the centuries who have also lost children, and expresses his feelings through theirs. His landmark poem enters the broad stream of human grief and raises in us the strange hope, even consolation, that we find in the writer's act of witnessing and transformation. It will be read and reread.

This publication sets out and analyses the main foreign direct investment (FDI) trends in the countries of Latin America and the Caribbean. The 2017 edition shows that the region is at a difficult juncture. FDI inflows declined by 7.9% in 2016, to US\$ 167.043 billion, representing a cumulative fall of 17.0% since the peak in 2011. The fall in commodity prices continues to affect investments in natural resources, sluggish economic growth in several countries has slowed the flow of market-seeking capital, and the global backdrop of technological sophistication and expansion of the digital economy has concentrated transnational investments in developed economies.

Metal matrix composites are making tangible inroads into the "real" world of engineering. They are used in engineering components such as brake rotors, aircraft parts, combustion engines, and heat sinks for electronic systems. Yet, outside a relatively limited circle of specialists, these materials are mostly unknown. Designers do not as a rule think of using these materials, in part because access to information is difficult as these materials have not really entered engineering handbooks. Metal Matrix Composites in Industry is thus useful to engineers who wish to gain introductory knowledge of these materials and who want to know where "to find" them. Additionally, it provides researchers and academics with a survey of current industrial activity in this area of technology.
