From memes to resumes, fairy tales to researched arguments, in a striking full-color visual design, *The Bedford Book of Genres* invites students to unpack how genres work in order to experiment with their own compositions. After capturing the imagination of instructors and students in its successful first edition, the second edition incorporates extensive reviewer feedback to better teach students the rhetorical analysis skills they need to read and compose in any situation. To start the text, the Guide now includes a new Part One that lays out the book's key concepts--rhetorical situation, the elements of a genre, and multimodal

composing--and a substantially revised Part Two with examples arranged by academic, workplace, and public contexts. Throughout the text, Guided Readings provide opportunities to analyze the rhetorical situations and conventions of common public and academic genres, while Guided Process sections follow the decisions that five real students made as they worked in multiple genres and media. With a range of readings from short visual arguments to longer, more complex pieces, the Reader gives students a wealth of sources, models, and inspiration for their own compositions. Now available with Launchpad for *The Bedford Book of Genres*, the second edition offers a compelling digital option with a complete, interactive,

Mini Down Under  
traces the history of  
one of New Zealand's -  
and the world's - best-  
loved cars. More  
versions of the Mini  
were available in New  
Zealand than anywhere  
else, and the launching  
of the iconic car in  
February 1960 was a  
larger-than-life event.  
In this lively and  
personal story, the  
author tracks the  
Mini's life in New  
Zealand, the connection  
between Kiwi racing  
driver Bruce McLaren  
and the birth of the  
Mini Cooper, the heady  
days of competition

hospital on the same day his partner is leaving for pilgrimage, Zaya's worlds come crashing in on each other, opening a space for traumatic memories to resurface. Acha Bacha boldly explores the intersections between queerness, gender identity, and Islamic culture in the Pakistani diaspora. It's about the way we love, the way we are loved, and what it takes to truly accept love."--

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly

responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war

A shark swims through a kitchen. A biology teacher dumps a dead angel onto his grandmother's dining room table. A billion bees swarm

the Empire State Building. In an empty attic, a teapot filled with lizards reaches a boil. Everything is understood when a small town sheriff bites into an eyeball. These are the scenes that draw you into the world of James Maxey. Good luck on finding your way back out. James Maxey's award winning short fiction has appeared in Asimov's, Orson Scott Card's Intergalactic Medicine Show, and over a dozen other magazines and anthologies. There is No Wheel collects his ten most critically acclaimed tales. To the East, a Bright Star: A former circus aerialist rescues a trapped girl as the ultimate natural disaster draws nearer. Silent as Dust: A tale of Seven Chimneys, a haunted house with one ghost too many. Final Flight of the Blue Bee: The Blue Bee's former sidekick, Stinger, is released from prison after forty years. Can a venom gun, an army of bees, and a hostage deliver him the justice he deserves? Empire of Dreams and Miracles: In

Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating

discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start.

Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
