The thrilling Maxi Poole investigation of the mysterious death of millionaire Gillian Rose and the attempted murder of her magnetic husband. Channel Six television reporter Maxi Poole is on assignment to cover the murder of Gillian Rose, co-owner of one of the largest vitamin and herb retailers in the world. Arriving at the crime scene, Maxi studies Gillian's body, trying to piece together what happened. Days later, someone breaks into the home of Carter Rose, Gillian's husband, in a failed attempt to murder him. A shaken Carter asks Maxi for help in finding Gillian's killer. Maxi can't help being intrigued by the magnetic Carter Rose. His earnestness,

surprising shyness, playful wit, and boyish good looks all add up to one deadly attractive package. As Maxi gets sucked into Carter's world, she has to confront his indiscriminate philandering and shadowy friends, that is if she isn't dumped from prime time by someone who intends to delete her from existence and consign her to every reporter's worst nightmare: the dead file.

*Ward's Auto World* Routledge  
"50 Years with Car and Driver commemorates the golden anniversary of the most popular car magazine on the planet. But more than that, 50 Years with Car and Driver tells the story of the American automobile and how the editors of the magazine witnessed that history and reported on it, firsthand. A look at how Car and Driver evolved from its beginnings as Sports Cars Illustrated, in the able hands of great automotive journalists such as Ken Purdy and John Christy, and then came into its own as the musclecar era of the Sixties dawned. Writers such as David E. Davis, Jr., Brock Yates and Patrick Bedard helped to craft a literary car magazine that drew as much inspiration from Tom Wolfe's writing as it did from the great cars of the day."  
"Through the Seventies the magazine's reputation solidified as the technical authority on new cars, and the literary tradition continued with such writers as Don Sherman and author P.J. O'Rourke."  
"Throughout the Eighties, the magazine prospered even when its writers went off the deep end - literally, getting stranded in Mexico during a Baja comparison test. Car and Driver watched over the virtual rebirth of the American car during that decade, with the renaissance at Ford through the Taurus and the revival of the Corvette, while keeping its lock on the strongest feature writing in the auto magazines with

stories like Brock Yates's thirty-years-past observance of the death of James Dean."  
"The Nineties saw Car and Driver continue its leadership as the world's largest-selling automotive magazine. From the introduction of the Acura NSX and the Mazda Miata to the brand-new Mustangs and Corvettes that have come in just the past years, Car and Driver has been the authority that readers trust when it comes to 0-60 times, road tests and reviews." "Fifty Years with Car and Driver combines classic stories from the magazine, commentary by former staffers including the author, vintage and modern photos of the hottest and most important cars reviewed by the magazines, as well as stories from behind the scenes - with all the attitude, expertise and visual excitement readers have come to expect from the magazine itself."--BOOK JACKET.  
Fifty Years with Car and Driver Routledge  
In the shocking conclusion to the series, Hailey, Aaron, Iki, Kiri, and the rest of the entire Rogue Warriors group and the railroad find themselves in the midst of an all out war between a long time foe and his group of bloodthirsty terrorist thugs who intend to sabotage the railroad and destroy it from the inside out.

"Vague" began, as it happened, a few months after "England's Dreaming" left off: in the post-punk diaspora of late 1979. Turning nineteen years old in sunny Salisbury, Tom Vague began by featuring local punk bands as well as all the major acts that passed through or nearby - the Banshees, the Cure, the Ruts, Joy Division, Red Krayola, the Gang of Four, Clash, Adam and the Ants. It wasn't a pure punk fanzine - it was too late for that - but matched punk irreverence with the overall feeling of experimentation that still existed at the end of the 1970's. Over the first few issues, "Vague" continued to work out the possibilities of independence - in all senses of the word - that had been pioneered in 1976 by Mark Perry (fanzines) and in 1977 by Buzzcocks and the Desperate Bicycles (seven inch records). The whole point about fanzines and DIY singles was that you didn't have to do what everyone else did. So "Vague" mixed up reviews with Perry Harris' cartoons and what Tom describes as 'stream of consciousness prose' that reflected the chaos and the intimacy of the moment. Vague followed the post-punk strands - from the Ants to Goth to Crass to Psychobillies and Positive Punks - through to the mid 80's, and Tom's commentary precisely dates the changes. In the notes for Issue 12, July 1982, he observes that 'it was around this time that the number of exaggerated Mac Curtis haircuts increased around London and Theatre of Hate indirectly started the punkabilly cult, which consisted of disillusioned young Ants fans and reformed punky types, largely Londoners. Suddenly everyone started to look like Kirk Brandon'. Tom Vague recorded the present without any thought to posterity. Because he noted the moment so thoroughly, he became a historian, providing a record of Punk's most obdurate and persistent strands. In documenting the chaos of the 1980's from within, he has preserved a forgotten narrative of that decade: not Live Aid, New Romantic Pop or Thatcher, but a dogged and anarchic strand of youth culture that persisted into the flowering of rave in the early 90's. This collection should be read by any serious enquirer into the period." (Jon Savage : 2017)

**Popular Mechanics** IGI Global "In Amsterdam, four bodies, violently butchered, are discovered in a canal house,

the remains of friends and confidantes of the assassin known only as Louis. The men responsible for the murders are Serbian war criminals. They believe they can escape retribution by retreating to their homeland. They are wrong. For Louis has come to Europe to hunt them down: five killers to be found and punished before they can vanish into thin air. There is just one problem. The sixth"--

Publications of the Southampton Record Society ... Lulu.com A puddle of water on a highway changed Dinesh Palipana's life forever. Halfway through medical school, Dinesh was involved in a catastrophic car accident that caused a cervical spinal cord injury. After his accident, his strength and determination saw him return to complete medical school - now with quadriplegia. Dinesh was the first quadriplegic medical intern in Queensland, and the second person with quadriplegia to graduate medical school in Australia. Despite all of the pain and hardship he's faced, Dinesh now sees his accident as a turning point for the better in his life. He believes it has made him a better doctor, with a better grasp of the concerns and fears of his patients, and a more sensitive, open human. He fights for equal and equitable access for disabled people, and is a compassionate and skilled doctor working in one of Australia's busiest hospitals. After everything he's been through, Dinesh believes he is now happier, stronger and more capable than he was before the accident. It helped him to clarify what is important in his life, and taught him that happiness and strength can always be found within. Praise for Stronger: 'Dinesh's spirit of positivity and his love of life is astonishing. Thoughtful, powerful and moving, Stronger is an exemplar of resilience' - Dr Richard Harris 'Dinesh Palipana is an incredible leader who has challenged the limits of mindset and belief. His contribution to Australia will be felt for generations.' - Kurt Fearnley **Westbound and Down Series #2: The Switch** American Automobile Association Motorsport is not just about the spectacle of some of the world's most popular and famous sporting events - it also plays a crucial role in developing new techniques and technologies. Each unit in the IMI and EAL level 2 courses are covered in full, and the chapters can be easily matched to the BTEC First course structure. The book covers introductory topics in motorsport from vehicle science and maths through the basics of vehicle maintenance to pre and post race inspections. Written by an

experienced teacher and author with decades of involvement with the industry, packed with detailed colour illustrations and learning tips, Basic Motorsport Engineering is the perfect textbook for you to make the first move into this most dynamic of industries.
