More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should

not be considered a new or updated product.

The BMW Century John Wiley & Sons

Since the publication of his previous best-selling title, *BrandSimple*, Allen P. Adamson has studied and worked with companies as they've experimented with and integrated digital initiatives into their branding mix. In his new book, *BrandDigital*, he clearly demonstrates that in an environment where everything is transparent, brand professionals have unprecedented opportunities to learn more about their customers, and to deliver brand experiences that meet customer expectations better than ever before. Based on over 100 interviews with leaders in both the branding and digital technology industries, Adamson drives home his point by using case studies and first-hand, in-market examples from companies including Hewlett-Packard, Johnson & Johnson, Procter & Gamble, Nike, Ameriprise, Burger King, PepsiCo, and General Mills. Along with putting into proper context the role Google, YouTube, Second Life, social media, and blogs play in the branding process, Adamson shows how the best companies are taking advantage of evolving digital technology and its associated behavior to build stronger bonds with their customers and stronger, more responsive brands.

San Diego Magazine Dundurn

BMW Z3 Service Manual

BMW Z4 Causey Enterprises, LLC

The definitive history of the innovative and exciting cars created by BMW's Technic division from Z1 to Z22. Full and highly illustrated coverage of BMW's new generation roadsters and roadster-based

coupees, the Z1, Z3 and Z8 including M models and motorsport. Includes advice on buying a Z car. Colour throughout.

Torque Motorbooks International
It's hard to believe, but the W129-series Mercedes-Benz SL was launched over 20 years ago. However, its timeless styling has kept it fresh and attractive in the eyes of a new generation of enthusiasts, as well as those returning to the car having owned one when they were still in the dealerships. A combination of superb original design and peerless engineering and build quality adds to the desirability of this series of classic German machines, and has ensured that many of these cars can still be seen in regular use today. Covering the SL's ever-changing specification, and its presence in many of the world's major markets is a huge task, but it's all presented here in definitive detail, along with stunning contemporary photography, in a volume that will readily grace any reference library shelf or connoisseur's coffee table. Two earlier books, also published by Veloce, and covering the W113 cars and the 107-series SL and SLC, act as perfect companions to this title, which takes the SL story up to 1989.

Driven The Crowood Press

Stop! Don't buy a Porsche 987 Boxster or Cayman series without buying this book first! Packed with good advice from running costs, paperwork, vital statistics, valuation and the Porsche community, right through to whether your Porsche

will fit in your garage and indeed, with your lifestyle. This is the complete guide to choosing, assessing and buying the Porsche 987 Boxster or Cayman of your dreams.

Automotive News Dundurn

"The automotive maven and former Member of Parliament might be the most trusted man in Canada, an inverse relationship to the people he writes about." – The Globe and Mail
Lemon-Aid shows car and truck buyers how to pick the cheapest and most reliable vehicles from the past 30 years of auto production. This brand-new edition of the bestselling guide contains updated information on secret service bulletins that can save you money. Phil describes sales and service scams, lists which vehicles are factory goofs, and sets out the prices you should pay. As Canada's automotive "Dr. Phil" for over 40 years, Edmonston pulls no punches. His Lemon-Aid is more potent and provocative than ever.

Time John Wiley & Sons

The model that truly launched BMW into the performance arena in the United States were the second generation of 3-series cars. Today, the E30 family of BMWs are both readily affordable, and are popular with enthusiasts wanting to personalize them.

This book is an examination of theories and practices of non-identity in American culture, one interested in seeing identity as varied, diffuse and distorted through subjects ranging from hip hop parodies to punk preppies to pachuco-ska; thus, the work itself crosses the lines of genre, medium and discipline.

BMW Vehicle Service and Maintenance
Book John Wiley & Sons
An exclusive look at one of the world's
most successful and controversial
companies, and the mysterious family
behind it. BMW is arguably the most
admired carmaker in the world. It's
financial performance is the envy of its
competitors, and BMW products
inspire near-fanatical loyalty. While
many carmakers struggle with falling
sales, profits and market share,
demand for BMWs continues to grow,
frequently outpacing production. Now,
David Kiley-Detroit Bureau Chief at
USA Today and author of Getting the
Bugs Out, which covered Volkswagen's
demise and rebirth, goes inside the
fabled German automaker to see how
it does what it does so well. With
unprecedented access to BMW
executives, Kiley goes behind the
walls of BMW's famed "Four
Cylinders" headquarters in Munich at a

time when the company is in its most
aggressive, and some say riskiest,
expansion in its history and when some
of the company's new products, like
the 7 Series sedan and Z4 roadster,
are for the first time drawing as many
barbs from critics as bouquets. Kiley
covers intimate details of the
boardroom drama surrounding the
company's nearly disastrous
acquisition and subsequent sale of the
British Rover Group and its expansion
into selling MINI and Rolls Royce cars.
Besides being a world-class carmaker,
BMW is also considered one of the
smartest consumer marketing
companies and Kiley explores the
extraordinary value and management of
the BMW brand mystique. He also
takes a revealing look at the
mysterious and ultra-private Quandt
family of Bad Homburg Germany,
which owns a controlling stake in
BMW: Johanna and Susanne Quandt,
two of the wealthiest women in Europe
and Stefan Quandt, one of the
wealthiest bachelors on the continent.
David Kiley (Ann Arbor, MI) is the
Detroit Bureau Chief at USA Today
who has covered the auto industry for
17 years. He has been featured on
Nightline, CNBC, CNN, MSNBC, NPR
and the Today show. He is also the
author of Getting the Bugs Out: The
Rise, Fall, and Comeback of
Volkswagen in America
(0-471-26304-4), also available from
Wiley.

Harness Horse

This series of books covers the
best the American magazine has to
offer on performance cars. In has
38 articles from Road And Track
including, 'BMW Z3 Zinger-1.9,
BMW M Powers the Z3 Roadster,

Top Guns - BMW Z3 2.8 vs. Porsche
Boxster vs. Mercedes - Benz SLK
230 Kompressor, BMW M Roadster
vs. Porsche Boxster vs. Renault
Sport Spider vs. Lotus Elise vs.
Mercedes - Benz SLK230' and much
much more.
