From the new voice in British horror Another man kidnapped. Another boy missing. One man who will become more than human. One man pushed to the brink of suicide. The Tor. For centuries it has stood over the village of Batsford. A dark force lies within, unknown to the villagers yet influencing their every move. The 1970s. James Immola, a young father, leaves the village for a night of music and drinking in the local town. Whilst out he meets the beautiful Rebecca. But all is not as it seems. Will James realise the danger he's in before it's too late? A decade later, three school friends walk home on the last day of term. One of them will not see the holidays. Can his two friends unravel the mystery of the Tor before they fall victim too? In the 1990s Joseph Sanderson, a loner plagued by vivid and recurring dreams, meets the girl he wants to spend the rest of his life with. But what is the secret torturing her - and what will he do when he tries to follow her? In the first decade of the new millennium Andrew and his partner move into the abandoned Dadeni Cottage, overlooking Batsford. Soon the Tor influences their lives, with tragic consequences for them both. Magic. Deception. Intrigue. Everything you'd want from classic British horror. This edition collects the original trilogy, the short publication "The Cauldron," and an exclusive short story, "Symeon's Tor."

I See Nine \*Wiley Nautical

Lost and missing his memory, Qusay Drazi turns to the drug kick to ease his pain while warming beds to feed his addiction. His years on the space station have taught him nothing is free. Meeting Cameron, who seems to have no ulterior motives, leaves Qusay confused but hopeful that Cameron is different. When Qusay finds the courage to ask for help, he discovers a price on his head for the locked away memories. Cameron Miles believes people can turn their lives around, but his attempt to help Qusay unravels a slew of trouble, and they find themselves on the run from the CompCore corporation. When CompCore captures Qusay, Cameron realizes how much his feelings for Qusay have grown. Then he discovers what CompCore is after and how deeply it is buried inside Qusay's mind. Cameron must decide how far he's willing to go before the memory "treatments" leave Qusay a tattered and empty shell.

Repco Engine Service Manual Sheridan House, Inc.

Toyota's legendary FJ40, the rugged off-road two-door Landcruiser introduced in 1960, sold more than one million models in its lifetime--and is still in service in the roughest parts of the world, nearly a quarter of a century after the last one rolled off the assembly line. As Toyota prepares to roll out its new version of this classic, this book offers a close-up, behind-the-scenes look at the development and production of the new FJ Cruiser, a retro 4x4 that combines its famous predecessor's unparalleled style with solid off-road capabilities and all the convenience and comfort that today's technology offers. With interviews from the designers, engineers, and executives involved in making the FJ Cruiser, as well as more than 150 photos of the new vehicle and details on the 4x4's specifications, this book puts readers into the driver's seat of Toyota's next classic Cruiser.

Metastasis is the primary cause of mortality associated with cancer, and tumor genomic heterogeneity is a likely source for the cells that support cancer progression, resistance to therapy, and disease relapse. This book connects cancer metastasis with genomic instability in a comprehensive manner. Section 1 outlines the fundamental mechanisms responsible for these cellular and tissue phenotypes. Section 2 discusses in silico, in vitro, and in vivo models used for the experimental study of these processes. Section 3 reviews emerging themes (ex., microenvironment, mechanotransduction, and immunomodulation), and Section 4 highlights new therapeutic approaches to overcome the unique challenges presented by the heterogeneous and metastatic tumor. This book is intended for undergraduates and postgraduates with an interest in the areas of medicine, oncology, and cancer biology as well as for the content expert searching for thorough reviews of current knowledge in these areas.
