features.

Vault Guide to the  
Top Manufacturing  
Employers Nova  
Publishers

Buying a car can be  
a smart idea - a car  
loses the lion's  
share of its value  
when it is driven off

the new car lot, so  
why let someone  
else take that loss?  
But buyer beware:  
A used car is likely  
to need more repairs  
and may come with  
a short warranty or  
none at all. In  
addition, used cars  
may lack the latest  
safety features. That  
is why it is so  
important for  
consumers to do  
extensive research  
so they can avoid all  
of the potential  
pitfalls of buying a  
used car. The auto  
experts at  
"Consumer Reports"  
have done the work  
for you and have  
compiled their  
extensive research  
and report their  
findings into the  
2007 edition of  
USED CAR

---

**BUYING GUIDE.** This fabulous tool will help steer any consumer who is in the market for a used car towards the better-performing and more reliable used car models and away from those models with a troubled past or substandard performance. Before consumers set foot on a used car lot, they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice. "Consumer Reports" knows cars and offers the most detailed and revealing used car reliability information available anywhere including: - Unbiased reviews of every major model from 1999 - 2006- Lists of the best and worst used vehicles and how to avoid a lemon - A checklist of what to look for when inspecting a used car- Best used cars for gas mileage- Tips on negotiating the best priceReliability, recalls and crash test information- Making sense of safety information -How to get the most money when trading in your current car The majority of this book is devoted to the profiles of 264 cars, minivans, SUVs and trucks, presenting all major 1999-2006 models. Each profile contains a photo from the representative year, a write-up of the vehicle, reliability history, crash-test data, and the model years when key safety gear was added and when a major redesign was made.

Consumer Guide  
Books

Like it or not, the automobile industry is now and will remain an overwhelming factor in the lives of most people - if not an owner and driver, then as a pedestrian or a breather of air, which is being polluted by the gas-guzzling and vile-air belching monsters created for our individual hedonistic pleasure. This book presents issues of current interest to those who cannot ignore their presence.
