so often maligned
electrical systems has
never before been
comprehensively
covered. For those
new to vehicle
electrical systems the
book provides a

simple primer using mechanical analogies. Each system in the car has its own chapter, with simple and uncluttered circuit diagrams in which each wire can be seen in its real colours. More than a how-to-do guide, the book also explains the “ why ” of each system and procedure, aiding diagnostics when things don ’ t go quite as they should. The many fault finding guides help pin those elusive problems down. For those wishing to improve the car for reliability and safety.
