Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell ' s Angels, that is—in this short work of nonfiction. “ California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again. ” Thus begins Hunter S. Thompson ' s vivid account of his experiences with California ' s most notorious motorcycle gang, the Hell ' s Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels,

cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, *Hell's Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.

Set your pulse racing with this stunning visual guide to over 1000 pin-up machines - iconic symbols of wanderlust, speed, and the open road. From Gottlieb Daimler's gas-powered "engine on a bicycle" which set fire to the seat on its first outing,

to superbikes such as the Ducati 916, *Motorcycle: The Definitive Visual History* takes you on an enthralling tour of the bike's history. It shows you bikes that appeal to the head - practical forms of transport - and to the heart - a parade of classic pin-ups including cult machines such as the Honda RC30, the Triumph Bonneville, and the Harley-Davidson XR750. *Motorcycle: The Definitive Visual History* shows the brilliance and impracticality of different designs and features detailed cross-sections of engines such as the air-cooled two-stroke. It explains how the great marques such as the Royal Enfield, the "legendary" Indian Scout, Vespa, and Norton all became household names. Whether you are a hardcore enthusiast or looking forward to your first machine, this is one title you cannot be without.

American Motorcyclist CRC Press

Selected by Forbes.com as one of the 12 best books about birds and birding in 2016 This much-anticipated third edition of the Handbook of Bird Biology is an essential and comprehensive resource for everyone interested in learning more about birds, from casual bird watchers to formal students of ornithology. Wherever you study birds your enjoyment will be

enhanced by a better understanding of the incredible diversity of avian lifestyles. Arising from the renowned Cornell Lab of Ornithology and authored by a team of experts from around the world, the Handbook covers all aspects of avian diversity, behaviour, ecology, evolution, physiology, and conservation. Using examples drawn from birds found in every corner of the globe, it explores and distills the many scientific discoveries that have made birds one of our best known - and best loved - parts of the natural world. This edition has been completely revised and is presented with more than 800 full color images. It provides readers with a tool for life-long learning about birds and is suitable for bird watchers and ornithology students, as well as for ecologists, conservationists,

and resource managers who work with birds. The Handbook of Bird Biology is the companion volume to the Cornell Lab's renowned distance learning course, Ornithology: Comprehensive Bird Biology. *American Motorcyclist* Causey Enterprises, LLC

Sportbike Performance Handbook

The war that broke out in the former Yugoslavia at the end of the twentieth century unleashed unspeakable acts of violence committed against defenseless civilians, including a grizzly mass murder at an Ov?ara pig farm in 1991. An international tribunal was set up to try the perpetrators of crimes such as this, and one of the accused was Slavko

Dokmanovi?, who at the time was the mayor of a local town. Vladimír Dzuro, a criminal detective from Prague, was one of the investigators charged with discovering what happened on that horrific night at Ov?ara. The story Dzuro presents here, drawn from his daily notes, is devastating. It was a time of brutal torture, random killings, and the disappearance of innocent people. Dzuro provides a gripping account of how he and a handful of other investigators picked up the barest of leads that eventually led them to the gravesite where they exhumed the bodies. They were able to track down Dokmanovi?, only to find that taking him into custody was a different story altogether. The politics that led to the war hindered justice once it ended. Without any thoughts of risk to their own personal safety, Dzuro and his colleagues were determined to bring Dokmanovi? to justice. In addition to the story of the pursuit and arrest of Dokmanovi?, The

Investigator provides a realistic picture of the war crime investigations that led to the successful prosecution of a number of war criminals. Visit warcrimeinvestigator.com for more information or watch a book trailer.
