Civilization came crashing down. Billions died. A new Dark Age has begun. The descendants of the apocalypse's survivors scavenge the remnants of the Before Times, struggling to build a new life amidst the ruins of the old. In a savage world where the strong ravage and exploit the weak, the survivors' settlements are oases, connected only by convoys of armed and armoured vehicles that run the gauntlet of raiders... and worse. Though the threats of chemical and biological agents and radiation have all but faded, their taint lingers on in every mutant born to man and beast. This is the world of Atomic Highway. Atomic Highway is a complete roleplaying game. All you need to play it is this book, a few friends, paper and pencils, and a few ordinary dice.

Unhinged: Exposing Liberals Gone Wild is Michelle Malkin's unrestrained and uncensored exposé of hate-mongering Leftists. With wit, wisdom, and a bullet-proof vest, Malkin ruthlessly and raucously skewers the myths of liberal tolerance, peace, and civility while responding to the incendiary insults and vile slurs directed at her and other conservatives. With infuriating details that are not for the faint of heart, Malkin chronicles the bizarre world of foaming-at-the-mouth Leftists in their natural habitats: the mainstream media, academia, Hollywood, and Washington.

Advancements in boats, tackle, and equipment, as well as changes in the attitudes and ethics of shark fishermen, have revolutionized recreational sharking. Modern Sharking is about sustainable shark fishing, and in this book, anglers will learn the latest techniques for pursuing sharks while armed with rods, reels, and a higher level of knowledge and respect for their quarry. For more than three decades, Captain Mark Sampson stood watch over chum lines, ran shark tournaments, worked with biologists, chased IGFA records, and guided thousands of clients to unique shark encounters. Now Captain, he shares the knowledge and experience that allowed him to guide friends and clients to 17 IGFA world records for sharks. In Modern Sharking, Sampson examines how to chum, rig for, bait, hook, land, clean, cook, or release 20 species of sharks you'll most likely encounter. If you want to challenge one of the strongest, fastest, most exciting creatures on planet Earth, then Modern Sharking is for you.

The Complete Reference for Choosing, Installing, and Understanding Boat Propellers—a first of its kind reference—fully revised and updated Propeller Handbook, Second Edition demystifies the operation, behavior and selection of propellers and provides practical and detailed advice in readable, easy-to-understand language. The book will enable readers to size and select the correct propeller for their boat or for boats they may be working on. Solutions to propeller problems, installation considerations, propeller shafting, number of blades and blade area, boat speed and powering calculations and considerations, and much more are discussed in detail. In the twenty-seven years since the publication of the first edition, Propeller Handbook, has become a cornerstone resource that marine-industry professionals rely on. All material from the previous edition is completely rewritten to reflect the author's additional 27-years of experience in boat design and propeller selection since the first edition was introduced. Significant changes in the emphasis placed on factors such as blade area and propeller and engine matching, underlie the revised propeller-selection approach. Plus, the entire book has been updated to fully include metric and English units.

The harrowing adventure-at-sea memoir recounting the heroic search-and-rescue mission for lost Montauk fisherman John Aldridge, which Daniel James Brown calls "A terrific read." I am floating in the middle of the night, and nobody in the world even knows I am missing. Nobody is looking for me. You can't get more alone than that. You can't be more lost. I've got too many people who love me. There's no way I'm dying like this. In the dead of night on July 24, 2013, John Aldridge was thrown off the back of the Anna Mary while his fishing partner, Anthony Sosinski, slept below. As desperate hours ticked by, Sosinski, the families, the local fishing community, and the U.S. Coast Guard in three states mobilized in an unprecedented search effort that culminated in a rare and exhilarating success. A tale of survival, perseverance, and community, A Speck in the Sea tells of one man's struggle to survive as friends and strangers work to bring him home. Aldridge's wrenching first-person account intertwines with the narrative of the massive, constantly evolving rescue operation designed to save him.

Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover

---

Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.
