"From Vancouver-based writer Chelene Knight, Dear Current Occupant is a creative nonfiction memoir about home and belonging set in the 80s and 90s of Vancouver's Downtown Eastside. Using a variety of forms including letters, essays and poems, Knight reflects on her childhood through a series of letters addressed to all of the current occupants now living in the twenty different houses she moved in and out of with her mother and brother. From blurry non-chronological memories of trying to fit in with her own family as the only mixed East Indian/Black child, to crystal clear recollections of parental drug use, Knight draws a vivid portrait of memory that still longs for a place and a home. Peering

through windows and doors into intimate, remembered spaces now occupied by strangers, Knight writes to them in order to deconstruct her own past. From the rubble of memory she then builds a real place in order to bring herself back home."--

Bulletin of the Atomic Scientists Harper Perennial

The most profound crisis of conscience for white Americans at the end of the eighteenth century became their most tragic failure. Race and Revolution is a trenchant study of the revolutionary generation's early efforts to right the apparent contradiction of slavery and of their ultimate compromises that not only left the institution intact but provided it with the protection of a vastly strengthened government after 1788. Reversing the conventional view that blames slavery on the South's social and economic structures, Nash stresses the role of the northern states in the failure to abolish slavery. It was northern racism and hypocrisy as much as southern intransigence that buttressed "the peculiar institution." Nash also shows how economic and cultural factors intertwined to result not in an apparently judicious decision of the new American nation but rather its most significant lost opportunity. Race and Revolution describes the free black community's response to this failure of the revolution's promise, its vigorous and articulate pleas for justice, and the community's successes in building its own African-American institutions within the hostile environment of early nineteenth-century America. Included with the text of Race and Revolution are nineteen rare and crucial documents—letters, pamphlets, sermons, and speeches—which provide evidence for Nash's controversial and persuasive claims. From the words of Anthony Benezet and Luther Martin to those of Absalom Jones and Caesar Sarter, readers may judge the historical record for themselves. "In reality," argues Nash, "the American Revolution represents the largest slave uprising in our history." Race and Revolution is the compelling story of that failed quest for the promise of freedom.

A Shepherd to Fools is the second of Drew Mendelson ' s trilogy of Vietnam War novels

that began with Song Ba To and will conclude with Poke the Dragon. Shepherd: It is the ragged end of the Vietnam war. With the debacle of a failing South Vietnamese invasion of Northern Laos as background, A Shepherd to Fools tells the harrowing tale of a covert Hatchet Team of US soldiers and Montagnard mercenaries. They are ordered to find and capture or kill a band of American deserters, called Longshadows, before the world learns of their paralyzing rebellion. An earlier attempt to capture them failed disastrously, the facts of it buried. Captain Hugh Englander commands the Hatchet Team. He is a humorless bastard, sneering and discourteous to every regular army soldier. He cares little for the welfare of his own men and nothing for the lives of the deserters. The conflict between him and Captain David Weisman, the artillery officer assigned to the mission for artillery support, threatens to tear the team apart. Deep in the Laotian jungle, the team is caught in a final, horrific battle facing an enemy armed with Sarin nerve gas, the " worst of the worst " of the war ' s clandestine weapons.
