A Hands-on Guide To Getting
The Most From Your Toyota.

The Toyota Truck & Land Cruiser Owners Bible? is the authoritative companion book for your Toyota truck, whether its a heavy hauling pickup, rugged off-road FJ40, or a new Land Cruiser thats never left pavement. Author, veteran truck mechanic and off-road expert Moses Ludel has written the only comprehensive source of information for Toyota Trucks and Land Cruisers-a history, buyers guide, service manual, and high-performance tuning book all in one Discover every aspect of Toyota trucks, from their origins in 1958 to the latest technological advances.

Youll learn tips for buying the right new or used truck, and which accessories make sense for your needs. Step-by-step procedures with hundreds of photos cover basic maintenance and more complicated work, like tune-ups, valve adjustments, brake jobs and installing aftermarket suspension/lift kits. Get the hot set-up for your truck, whether you want low-end torque or high-RPM power. Moses gives specific tuning recommendations for engines from the early inline-6s to the advanced 4.5L 24-valve DJ engine. He shares expert

insights into the best high performance components and the latest technology from Toyota Racing Development. Youll also find suspension and chassis modifications, and the best tire and wheel combinations. Comprehensive coverage of Toyota Trucks and Land Cruisers from 1958-1996, including: * 4Runner * SR-5 * Tacoma * T-100 * FJ25 * FJ40 * FJ43 * FJ45 * FJ55 * FJ80 * FJ60 * DJ80 * Stout * Hi-Lux * Xtra Cab * Cab and Chassis Models

How do the rich get rich? An updated edition of the “ remarkable ” New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don ' t live in Beverly Hills or on Park Avenue. They live next door. America ' s wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don ' t realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In

fact, the glamorous people many of us think of as “ rich ” are actually a tiny minority of America ’ s truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America ’ s rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first

century. “ Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today ’ s earn-and-consume culture. ” —Library Journal

Transportation Energy Data Book

An in-depth, hard-hitting account of the mistakes, miscalculations and myopia that have doomed America's automobile industry. In the 1990s, Detroit's Big Three automobile companies were riding high. The introduction of the minivan and the SUV had revitalized the industry, and it was widely believed that Detroit had miraculously overcome the threat of foreign imports and regained its ascendant position. As Micheline Maynard makes brilliantly clear in THE

END OF DETROIT, however, the traditional American car industry was, in fact, headed for disaster. Maynard argues that by focusing on high-profit trucks and SUVs, the Big Three missed a golden opportunity to win back the American car-buyer. Foreign companies like Toyota and Honda solidified their dominance in family and economy cars, gained market share in high-margin luxury cars, and, in an ironic twist, soon stormed in with their own sophisticatedly engineered and marketed SUVs, pickups and minivans.

Detroit, suffering from a "good enough" syndrome and wedded to ineffective marketing gimmicks like rebates and zero-percent financing, failed to give consumers what they really wanted—reliability, the latest technology and good design at a reasonable cost. Drawing on a wide range of interviews with industry leaders, including Toyota's Fujio Cho, Nissan's Carlos Ghosn, Chrysler's Dieter Zetsche, BMW's Helmut Panke, and GM's Robert Lutz, as well as car designers, engineers, test drivers and owners, Maynard presents a stark

picture of the culture of
arrogance and insularity
that led American car
manufacturers astray.
Maynard predicts that, by
the end of the decade, one
of the American car makers
will no longer exist in its
present form.
