Mini Down Under traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce

McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.

One of the most important forms of communication--intuition--is often overlooked or misunderstood by many people. In *The Gift Within Us*, author Mary Ann Bohrer explores the subject of intuition through interviews with scientists, paranormal researchers and 33 highly gifted intuitives from around the world who share their stories in individual profile chapters. Ultimately, we learn that every individual has access to this amazing divine wisdom simply by listening to our own inner voice. The process is simple, but the rewards are

profound. According to research, people are increasingly identifying themselves as "spiritual but not religious," yet they don't know how to satisfy their yearning for greater spiritual connection and understanding. In this insightful and groundbreaking book, the author outlines six simple steps to accessing our own inner voice, so that each and every one of us can tap into this incredibly powerful form of communication and divine guidance, *The Gift Within Us*. About The Author Mary Ann Bohrer is a PR professional, communications specialist and intuition advocate who has interviewed some of the most gifted intuitives in the world. She has also interviewed top scientists, psi researchers, academicians and even a leading Catholic Archbishop regarding the topic of intuition, and shares her findings in *The Gift Within Us* that each and every

one of us--regardless of religious affiliation, or whether they identify as religious at all--has access to this amazing and life-changing gift, simply by listening to our own inner voice. Editorial Reviews "In *The Gift Within Us*, Mary Ann really captures what it's like to be a psychic medium, and this book shows us how to listen to our own inner voice. This intelligent book will help many people appreciate and access the spiritual world." James Van Praagh, Spiritual medium and author of *Talking to Heaven*, *Adventures of the Soul*, and *The Power of Love* "This direct connection has always been available to all of us. Some receive this guidance through prayer, some through meditation, and others by simply listening to their inner voice. We all have access to divine wisdom - it's just a matter of knowing and trusting that we are loved and worthy of receiving that guidance." Archbishop Harry J. Flynn, former Archbishop Emeritus of the Archdiocese of St. Paul and Minneapolis "The evidence is in - intuition is real and it exists within all of us to various degrees. Mary Ann has written a powerful and engaging book that documents real life evidence for this precious gift, and underscores the benefits of listening to our own inner voice." Gary E. Schwartz, PhD, Professor of Psychology, Medicine, Neurology,

Psychiatry and Surgery, University of Arizona and Author of *Super Synchronicity*, *The Afterlife Experiments* and *The Sacred Promise* "Most people have had one or more extraordinary intuitive or transcendent experiences, but we quickly learn not to talk about them. They feel strange and otherworldly, so we're concerned how others will react if we tell them our stories. This is why Mary Ann Bohrer's *The Gift Within Us* is such a gift. It helps to break the paradox of common experiences that no one wants to talk about, and it reminds us that these experiences are real, normal, and valuable. Highly recommended!" Dean Radin, PhD, Chief Scientist at the Institute of Noetic Sciences (IONS) and Author of *The Conscious Universe*, *Supernormal* and *Real Magic*
Why the Left Loses Motorbooks
This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German

General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Pure Engelhard gem. In this one, *The Girls of Cincinnati*, he's given us something never thought possible, a coming-of-age saga that's also a sizzling thriller. The plot here is riveting. The dialogue sparkles. What's it about? It's about life.

Anyone who's been in love - especially love that appears to be out of reach - will understand what's going on between Engelhard's two heroes, Eli Brilliant and Stephanie Eaton. Anyone who feels the approach of menace will understand what these two must endure when a crazed woman appears on the scene, threatening them both with "a fate worse than death." Anyone who works at a dead-end job will be right there with Eli, who ends up working for Harry's Carpet City in Cincinnati, Ohio. Eli is back home in the Midwest after he failed to make it in New York as an actor. So that's one dream down the drain. But now he's back in Cincinnati, he's got Stephanie Eaton - or does he? Something always goes wrong between them, and this time, terribly wrong. Engelhard, the last of the

Hemingways, gives us the heartland of America as it's rarely been given to us before in literature. He gives us an unvarnished view inside the world of Sales and he gives us a broken-down old salesman that's the equal of anything produced by Arthur Miller and David Mamet. Engelhard is most precious in his asides, his quick-cut commentaries. In *Eli Brilliant*, Engelhard gives us a character, though young and handsome, who we can all identify with - especially when we find Eli always reaching for the unattainable. Yes, he's a lover, a chick magnet - hence the title - but don't be fooled. This character, and this novel, goes much deeper. From start to finish, *The Girls of Cincinnati* is a triumph.

Anyone who has ever been touched by the death of a friend or loved one will want to read this book. It can help you understand that death isn't the end, it's merely another step in life's path. This book touches on a subject that is meaningful to all us, death and the afterlife. Read how a bicycle

accident and near death experience changed the author's life along with her understanding of life and death. Out of this experience also came her job of escorting the dead to the afterlife. A job that she says, "...is filled with as much heartache as it is joy. It's a job that has taught me a lot about compassion and love, but most of all, it has taught me that death isn't the end of life." The accident opened up a world that most us never see until we die; however, for her, it's a world that she visits often while escorting departing souls to their new existence in the afterlife.

Around the world, parties of the left and center-left have

been struggling, losing ground to right-wing parties and various forms of reactionary populism. This book brings together a range of leading academics and experts on social democratic politics and policy to offer an international, comparative view of the changing political landscape. Using case studies from the United Kingdom, Germany, Spain, France, Australia and New Zealand contributors argue that despite different local and specific contexts, the mainstream center-left is beset by a range of common challenges. Analysis focuses on institutional and structural factors, the role of key individuals, and the atrophy of progressive ideas as interconnected reasons for the current struggles of the center-left.

Kate Gray takes an unblinking look at bullying in her debut novel, *Carry the Sky*. It's

1983 at an elite Delaware boarding school. Taylor Alta, the new rowing coach, arrives reeling from the death of the woman she loved. Physics teacher Jack Song, the only Asian American on campus, struggles with his personal code of honor when he gets too close to a student. These two young, lonely teachers narrate the story of a strange and brilliant thirteen-year-old boy who draws atomic mushroom clouds on his notebook, pings through the corridors like a pinball, and develops a crush on an older girl with secrets of her own. *Carry the Sky* sings a brave and honest anthem about what it means to be different in a world of uniformity.

What does loneliness tell us? "Be it chronic or acute, slight or significant, loneliness is proof of our relational design. At the core of our being is this truth—we are designed for and defined by our relationships," former pastors Plass and Cofield write. "We were born with a relentless longing to participate in the lives of others. Fundamentally, we are relational souls." Our ability to make deep and emotionally satisfying connections rests on the capacity to trust, and we all know trust can be difficult. Early-life relational "programming" and patterns of attachment can serve as blueprints for relationships later in life, whether good or bad. But no matter our conditioning, God is out to reclaim and restructure the

deepest terrain of the human soul by helping us shed our reactive "False Self" and put on our receptive "True Self." Through spiritual disciplines and a conscious participation in the love of the Father, Son and Spirit, we transform our self-awareness and our connection with other people. Authored by counselor Dr. Richard Plass and spiritual director James Cofield, *The Relational Soul* brings together concepts from psychology and spiritual formation. Each chapter includes introductory stories and practical "If this is true, what about you?" questions to help readers engage in relationships in more life-giving ways. When the presence of Christ and community connects with a soul that is open, we witness the miracle of transformation.

As I was seated in remembrance and contemplation one night, in front of me appeared a great stag, shining and shimmering in whiteness, and there was a concentration of brilliant white light above its head. The stag was some feet away and was moving toward me. As it got closer, I could see that the white light on its head was emanating from a flaming brand, a torch, lit, glowing with brilliant white star-like light. The flaming brand, 'qabas' in Quranic Arabic, was as if a projection from the top of its head. The stag came straight toward me, approached me until it was so near I could have reached out and touched it, and then the flaming brand that was on its head, was suddenly but so naturally, held by it in its mouth. The stag bowed its head and placed this flaming brand, this qabas at my feet, and disappeared.
