This book is an excellent resource for young enthusiasts interested in the world of submarines and naval technology. It offers valuable insights into the world beneath the waves and the marvels of underwater exploration.

Uh Oh Time Itchygooney Books

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each

automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Inside, you'll learn:- The "WHY" behind building a budget and getting out of debt.- How to ORGANIZE your monthly bills.- How to BUILD your first budget.- The PROCESS of maintaining a budget. *Badges and Budgets* takes a law enforcement professional's experience with debt elimination and budget creation and relates it in a simple, humorous, and effective manner. Here's to the beginning of your rewarding journey!

Earth Day HarperCollins Australia

You're sitting at a stop light, waiting for the light to turn green. While there, you consider the roads your life has taken. You realize that maybe it's time for a change. Maybe you should alter your direction. Are you brave enough to take a necessary turn toward a new goal? Don't be afraid. The light is turning for you; just put the pedal to the floor. N.M. Corcoran's *The Pedal on the Right* is a collection of poems, short stories, and general observations that will inspire you to turn the wheel of life and head in the right direction. There is so much to learn and so much to love! For instance, in "DUH," Corcoran notes the difference between men and women behind the wheel; in "Amen," she retraces the life and death of a dear friend. This isn't another Chicken Soup for the Soul; this is hearty meat and potatoes for every inch of you-physical, emotional, and spiritual. It is easy to read, easy to share, and immeasurably useful as you hazard the crowded roads of your life. Whether in traffic or smooth sailing, we all need a pick-me-up now and then!

Just One Yes SAGE Publications

Poetry. Winner of the 2007 Anhinga Prize for Poetry. "Engaged by contemporary American life at every level, from the down-and-out to the urban sublime, the poems in Kenneth Hart's *UH OH TIME* have at their core a sensitive, lonely individual who has a marvelous way with words. Whether he is conversing with a Russian lap dancer, writing an ode to the diner, or analyzing a mayfly's husk on a shower curtain, the poet shows a genuine affection for his subjects -- an affection embodied in language that is always rich, complex, and various. His own name says it all. This is a poet with heart"--Mark Jarman, judge.

Global Business Pebble

From memes to resumes, fairy tales to researched arguments, in a striking full-color visual design, *The Bedford Book of Genres* invites students to unpack how genres work in order to experiment with their own compositions. After capturing the imagination of instructors and students in its successful first edition, the second edition incorporates extensive reviewer feedback to better teach students the rhetorical analysis skills they need to read

and compose in any situation. To start the text, the Guide now includes a new Part One that lays out the book's key concepts--rhetorical situation, the elements of a genre, and multimodal composing--and a substantially revised Part Two with examples arranged by academic, workplace, and public contexts. Throughout the text, Guided Readings provide opportunities to analyze the rhetorical situations and conventions of common public and academic genres, while Guided Process sections follow the decisions that five real students made as they worked in multiple genres and media. With a range of readings from short visual arguments to longer, more complex pieces, the Reader gives students a wealth of sources, models, and inspiration for their own compositions. Now available with Launchpad for *The Bedford Book of Genres*, the second edition offers a compelling digital option with a complete, interactive, assignable e-book.

Badges and Budgets Macmillan Higher Education

Gain all of the techniques, teachings, tools, and methodologies required to be an effective first-time product manager. The overarching goal of this book is to help you understand the product manager role, give you concrete examples of what a product manager does, and build the foundational skill-set that will gear you towards a career in product management. To be an effective PM in the tech industry, you need to have a basic understanding of technology. In this book you'll get your feet wet by exploring the skills a PM needs in their toolset and cover enough ground to make you feel comfortable in a technical discussion. A PM is not expected to have the same level of depth or knowledge as a software engineer, but knowing enough to continue the conversation can be a benefit in your career in product management. A complete product manager will have a 360-degree understanding of user experience and how to craft beautiful products that are easy-to-use, with the end user in mind. You'll continue your journey with a walk through basic UX principles and even go through the process of building a simple set of UI frames for a mock app. Aside from the technical and design expertise, a PM needs to master the social aspects of the role. Acting as a bridge between engineering, marketing, and other teams can be difficult, and this book will dive into the business and soft skills of product management. After reading *Product Management Essentials* you will be one of a select few technically-capable PMs who can interface with management, stakeholders, customers, and the engineering team. What You Will Learn Gain the traits of a successful PM from industry PMs, VCs, and other professionals See the day-to-day responsibilities of a PM and how the role differs across tech companies Absorb the technical knowledge necessary to interface with engineers and estimate timelines Design basic mocks, high-fidelity wireframes, and fully polished user interfaces Create core documents and handle business interactions Who This Book Is For Individuals who are eyeing a transition into a PM role or have just entered a PM role at a new organization for the first time. They currently hold positions as a software engineer, marketing manager, UX designer, or data analyst and want to move away from a feature-focused view to a high-level strategic view of the product vision.

The K-Pro John Wiley & Sons

Don't these boys get it? How many times must they get into trouble before they catch on? Best friends William and Thomas are back at it again with even more action and adventure. The poor community of Itchygooney isn't safe when William has a plan. This time there's an attack drone, a ghostly rocking chair, a slam-dunking wizard, and a UFO. Will these boys ever be stopped? Let's hope not! Back 4 More is the fourth book in the ongoing *I Told You So* series of humorous stories shared in short standalone bursts. If they were any longer you couldn't handle it!

planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

The Pedal on the Right Macmillan College

Since its introduction in 1997, the Porsche Boxster has earned a reputation as one of the world ' s greatest sports cars, as well as a huge, loyal following of devoted drivers. This book is aimed at those owners of Boxsters who want to improve their machines while avoiding thousands of dollars in mechanic ' s costs. Clearly and simply written, with straightforward illustrations, this manual offers 101 projects to help you modify, maintain, and enhance your Porsche. Focusing on the 986 and 987 Boxster models, 101 Projects for Your Porsche Boxster presents all the necessary information, associated costs, and pitfalls to avoid when performing a wide array of projects. In a word, it makes owning a Porsche Boxster an unqualified thrill.

Back For More!

Every one of the many millions of cars manufactured annually worldwide uses shock absorbers, otherwise known as dampers. These form a vital part of the suspension system of any vehicle, essential for optimizing road holding, performance and safety. This, the second edition of the Shock Absorber Handbook (first edition published in 1999), remains the only English language book devoted to the subject. Comprehensive coverage of design, testing, installation and use of the damper has led to the book's acceptance as the authoritative text on the automotive applications of shock absorbers. In this second edition, the author presents a thorough revision of his book to bring it completely up to date. There are numerous detail improvements, and extensive new material has been added particularly on the many varieties of valve design in the conventional hydraulic damper, and on modern developments such as electrorheological and magnetorheological dampers. "The Shock Absorber Handbook, 2nd Edition" provides a thorough treatment of the issues surrounding the design and selection of shock absorbers. It is an invaluable handbook for those working in industry, as well as a principal reference text for students of mechanical and automotive engineering.

Brake Handbook

For the first time in one volume, Phil Edmonston, Canada ' s automotive “ Dr. Phil, ” covers all used vehicles, packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years.

Leading Organizational Development and Change

Anyone who has ever been touched by the death of a friend or loved one will want to read this book. It can help you understand that death isn ' t the end, it ' s merely another step in life ' s path. This book touches on a subject that is meaningful to all us, death and the afterlife. Read how a bicycle accident and near death experience changed the author's life along with her understanding of life and death. Out of this experience also came her job of escorting the dead to the afterlife. A job that she says, “ ...is filled with as much heartache as it is joy. It ' s a job that has taught me a lot about compassion and love, but most of all, it has taught me that death isn ' t the end of life. ” The accident opened up a world that most us never see until we die; however, for her, it ' s a world that she visits often while escorting departing souls to their new existence in the afterlife.
