#1 NEW YORK TIMES BESTSELLER • Red Rising thrilled readers and announced the presence of a talented new author. Golden Son changed the game and took the story of Darrow to the next level. Now comes the exhilarating next chapter in the Red Rising Saga: Morning Star. ITW THRILLER AWARD FINALIST • “[Brown ’s] achievement is in creating an uncomfortably familiar world of flaw, fear, and promise.” —Entertainment Weekly Darrow would have lived in peace, but his enemies brought him war. The Gold overlords demanded his obedience, hanged his wife, and enslaved his people. But Darrow is determined to fight back. Risking

everything to transform himself and breach Gold society, Darrow has battled to survive the cutthroat rivalries that breed Society ’ s mightiest warriors, climbed the ranks, and waited patiently to unleash the revolution that will tear the hierarchy apart from within. Finally, the time has come. But devotion to honor and hunger for vengeance run deep on both sides. Darrow and his comrades-in-arms face powerful enemies without scruple or mercy. Among them are some Darrow once considered friends. To win, Darrow will need to inspire those shackled in darkness to break their chains, unmake the world their cruel masters have built, and claim a destiny too long denied—and too glorious to surrender. Praise for Morning Star “ There is no one writing today who does shameless, Michael Bay – style action set pieces the way Brown does. The battle scenes are kinetic, bloody, breathless, crazy. Everything is on fire all the time. ” —NPR “ Morning Star is this trilogy ’ s Return of the Jedi. . . . The impactful battles that make up most of Morning Star are damn near operatic. . . . It absolutely satisfies. ” —Tordotcom “ Excellent . . . Brown ’ s vivid, first-person prose puts the reader right at the forefront of impassioned speeches, broken families, and engaging battle scenes . . . as this interstellar civil war comes to a most satisfying conclusion. ” —Publishers Weekly (starred review) “ A page-turning epic filled with twists and turns . . . The conclusion to Brown ’ s saga is simply

stellar." —Booklist (starred review) Don't miss any of Pierce Brown's Red Rising Saga: RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE • LIGHT BRINGER

Introduction to Bilingualism

University of Hawaii Press

The Indonesian writer Pramoedya Ananta Toer made a distinction between a "downstream" literary reality and an "upstream" historical reality. Pramoedya suggested that literature has an effect on the upstream flow of history and that it can in fact change history. In *Situated Testimonies* Laurie Sears illuminates this process by considering a selection of Dutch Indies and Indonesian literary works that span the twentieth century and beyond and by showing how authors like Louis Couperus and Maria Dermoût help retell and remodel history. Sears sees certain literary works as "situated testimonies," bringing ineffable experiences of trauma into narrative form and preserving something of the dread and enchantment that animated the

past. These literary works offer a method of reading the emotional traces that historians may fail to witness or record—traces that elude archival constructions where political factors or colonial conditions have influenced processes of what is preserved and how it is shaped. Sears' use of Donna Haraway's notion of "situatedness" reiterates the idea that all of us speak from somewhere. Testimony, especially eyewitness testimony, is a gold standard in historical methodology, and the authors of literary works are eyewitnesses of their time. But the works of authors like Tirto Adhi Soerjo and Soewarsih Djojopoespito are first of all written as literature, and literary or stylistic devices cannot be ignored. Sears finds substantial evidence of the movement of psychoanalytic theories between Europe and the Indies/Indonesia throughout the twentieth century. She concludes that far from being only a Jewish or European discourse, psychoanalysis is a transnational discourse of desire that has influenced Indies and Indonesian writers for more than a century. Psychoanalytic ideas, and the suggestion by French psychoanalyst Jean Laplanche

and Indonesian author Ayu Utami that memories, like literature, can move us back and forth in time, have inspired Sears' thinking about historical archives, literature, and trauma. Soekarno's words haunt this book as he haunts Indonesia's past. *Situated Testimonies* rewrites portions of the literary and social history of Indonesia over a sweep of many decades. Historians, scholars of literary theory, and Indonesianists will all be interested in the book's insights on how colonial and postcolonial novels of the Indies and Indonesia illuminate nationalist narratives and imperial histories.

In Between, Di Antara Dunia Pustaka Jaya Vivid, bawdy, comic, and arresting, the exciting new novel by the Indonesian phenomenon, Eka Kurniawan Told in short, cinematic bursts, *Vengeance Is Mine, All Others Pay Cash* is gloriously pulpy. Ajo Kawir, a lower-class Javanese teenage boy excited about sex, likes to spy on fellow villagers in flagrante, but one night he ends up witnessing the savage rape of a beautiful crazy woman by two policemen. Deeply traumatized, he becomes impotent. His efforts to get his virility back all fail, and Ajo Kawir turns to fighting as a way to vent his frustrations. He gets such a fearsome reputation as a brawler that he is hired to kill a thug named The Tiger, but instead Ajo Kawir falls in love with Iteung, a gorgeous female bodyguard who works for the local

mafia. Alas, the course of true love never did run smooth... Fast-forward a decade. Now a truck driver, Ajo Kawir has reached a new equanimity, thinking that his penis may be trying to teach him a lesson and even consulting it in many situations as if it were his guru—love may yet triumph. *Vengeance Is Mine, All Others Pay Cash* shows Eka Kurniawan in a gritty, comic, pungent mode that fans of Quentin Tarantino will appreciate. But even with its liberal peppering of fights, high-speed car chases, and ladies heaving with desire, the novel continues to explore Kurniawan's familiar themes of female agency in a violent male world dominated by petty criminals and a corrupt police state.

The protagonists of the stories in this translated collection all crave a private domain, a place that nobody else can touch. These characters are feisty, non-conformist, and fiercely independent--traits that do not necessarily serve them well in the constraints of the conservative environments in which they find themselves, be that the environment of their family, their work or their country. To read the stories in this collection is to enter the private domain of the characters. It is also to share with those characters their quest for the most elemental thing in life: meaningful

connections with other human beings.

An Introduction to Bilingualism provides a comprehensive review of the most important aspects of individual and societal bilingualism, examining both theoretical and practical issues. At the level of the individual, it addresses such

questions as: What is involved in the study of bilingual children? What are the patterns of bilingual language acquisition? In which ways do the language competence and the speech of bilinguals differ from those of monolinguals? Topics that sometimes arouse controversy are explored - such as the question of whether there is a relationship between bilingualism and a child's cognitive, psychological and social development. The book is also concerned with multilingualism, that is, bilingualism as a societal phenomenon. It focuses on such issues as language choice in bilingual and multilingual communities, national identity and the education of bilinguals. The inclusion of several case studies of European linguistic minorities serves to exemplify the topics dealt with at the theoretical level and to illustrate the linguistic complexities found in contemporary Europe.

This textbook surveys new and emergent methods for doing research in critical security studies, filling a gap in the literature. The second edition has been revised and updated. This textbook is a practical guide to research design in this increasingly established field. Arguing for serious attention to questions of research design and method, the book develops accessible scholarly overviews of key methods used across critical security studies, such as ethnography, discourse analysis, materiality, and corporeal methods. It draws on prominent examples of each method's objects of analysis, relevant data, and forms of data collection. The book's defining feature is the collection of diverse accounts of research design from scholars working within each method, each of which is a clear and honest recounting of a specific project's design and development. This second edition is extensively revised and expanded. Its 33

contributors reflect the sheer diversity of critical security studies today, representing various career stages, scholarly interests, and identities. This book is systematic in its approach to research design but keeps a reflexive and pluralist approach to the question of methods and how they can be used. The second edition has a new forward-looking conclusion examining future research trends and challenges for the field. This book will be essential reading for upper-level students and researchers in the field of critical security studies, and of much interest to students in International Relations and across the social sciences.
