#### A Libertarian Walks Into a Bear

What will you do when they come to take your guns? Earl Turner and his fellow patriots face this question and are forced underground when the U.S. government bans the private possession of firearms and stages the mass Gun Raids to round up suspected gun owners. The hated Equality Police begin hunting them down, but the patriots fight back with a campaign of sabotage and assassination. An all-out race war occurs as the struggle escalates. Turner and his comrades suffer terribly, but their ingenuity and boldness in devising and executing new methods of guerrilla warfare lead to a victory of cataclysmic intensity and worldwide scope. The FBI has labeled The Turner Diaries "the bible of the racist right." If the government had the power to ban books, this one would be at the top of its list. The Turner Diaries is the most controversial book in America today-and it's a book unlike any you've ever read!

*Popular Mechanics*

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. A Libertarian Walks Into a Bear is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.
