How and why has the Korean state changed its way of handling the society and its markets over the past two decades? The Changing Role of the Korean State finds that the explosion of contentious civil society after democratization coeval with the outbreak of the financial crisis following rapid economic growth, are closely associated with the decline of developmentalism. Despite these profound changes, however, the Korean state has not totally relinquished its control over the society and the market. Rather, although its methods have been altered it remains to be highly interventionist and regulatory in nature. The state continues to use its influence to restructure the socio-economic system and rationally manage spatial arrangements. The book amply demonstrates the residual legacy of the developmental state in Korea, and it is unlikely that Korea will ever accept the western liberalist concept of a state which limits its function to that of a referee for the spontaneous operation of the civil society and the market. The contributors of this edited volume delineate the shifting role of the Korean state from the developmental state, which led economic development by guiding investment in strategic industries through various means, to a slightly subtler role as a regulator, supervising the operation of the market in the changing economic environment. Individual chapters presented here address this changing but nonetheless vital role that the state plays in managing the variety of modern socio-economic life in South Korea. Hong Yung Lee is Professor Emeritus of Political Science at University of California, Berkeley. Sunil Kim is Assistant Professor of International Studies at Kyung Hee University.

What deadly secret links an Ivy-League professor with fighter pilot credentials; an investigative journalist – blackballed by the Chinese; a Buddhist monk with the skills of an assassin, and a besieged US President Elect embroiled in a hostage crisis that could easily spark World War Three? The answer lies with two warring secret societies, both of which have the best interests of humanity at heart but employ very different methods of achieving their ends – violence is inevitable. The story takes place on one day in 2009 and moves from Dartmouth College USA, to North Korea, Japan and the North Pole; from the Vatican City, to London and a medieval castle in Switzerland. All the while looking inside the minds of committed individuals, some heroic, some misguided or brainwashed, and some truly evil; but each with their own take on the meaning of love and loyalty. This is a fast moving thriller that will leave you on the edge of your seat desperate to find out what happens next!

Consumer Guide Buying Guide 1991 Simon and Schuster

Reputation is power. Your reputation defines how people see you and what they will do for you. It determines whether your bank will lend you money to buy a house or car; whether your landlord will accept you as a tenant; which employers will hire you and how much they will pay you. It can even affect your marriage prospects. And in the coming Reputation Economy, it's getting more powerful than ever. Because today, thanks to rapid advances in digital technology, anyone access huge troves of information about you – your buying habits, your finances, your professional and personal networks, and even your physical whereabouts - at any time. In a world where technology allows companies and individuals alike to not only gather all this data but also aggregate it and analyze it with frightening speed, accuracy, and sophistication, our digital reputations are fast becoming our most valuable currency. Here, Michael Fertik, CEO of Reputation.com and one of Silicon Valley's leading futurists will draw on the insider tools, insights, research, and secrets that has make Reputation.com the leading reputation management firm, to show how to capitalize on the trends the Reputation Economy will trigger to improve your professional, financial, and even social prospects. You will learn: · What keywords to put in your resume, performance review, and LinkedIn profile to come up at the top of potential employers' search results. · How to curate your on and offline activity in way that will reduce the premiums calculated by insurers, lenders, and investors. · Tricks that will get you express or VIP treatment at banks, hotels, and other exclusive special offers. · Ways to improve your review or rating on sharing or peer review sites like Yelp or Angie's List, or your standing – as buyer or seller - on sharing economy sites like AirBnB or Uber · How to create false tails and digital smokescreens to hide the negative information that's out there With a good digital footprint, the world is your oyster. This book will show you how to control, curate, and optimize your digital reputation to become "rich" in a

world where your reputation is as valuable as the cash in your wallet.

The Car Book 2005 Macmillan

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago You can save \$2,000 by cutting freight fees and "administrative" charges Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of urea Lemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki
