Saveur Bookman Editora
"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

In the New York Times bestseller that the Washington Post called “Lean In for misfits,” Sophia Amoruso shares how she went from dumpster diving to founding one of the fastest-growing retailers in the world. Amoruso spent her teens hitchhiking, committing petty theft, and scrounging in dumpsters for leftover bagels.

By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she'd taken for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she's the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she's written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about where you went to college or how popular you were in high school. It's about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. “A witty and cleverly told account . . . It's this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing.” —Los Angeles Times “Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules.” —Vanity Fair “#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement.” —Lena Dunham

No one understands the "Make America Great Again" effort with more insight and more experience than former Speaker of the House Newt Gingrich. Gingrich was an ally of

President Ronald Reagan during his 1980 "Let's Make America Great Again" campaign. In 1994, Newt was the architect of the Contract with America and the campaign that ended 40 years of Democratic control in the House of Representatives. As a friend and supporter of President Donald Trump, Gingrich authored the #1 New York Times bestseller Understanding Trump, which explained the 2016 election and the early Trump presidency in ways no one else could. In Trump's America: The Truth About Our Nation's Great Comeback, Gingrich describes our country's tremendous turnaround under President Donald Trump's leadership - and confronts the desperate efforts by the elites in academia, the media, and the Washington establishment to undermine and distort his achievements. The Americans who elected President Trump expect him to make good on his iconic call to "Make America Great Again." So far, he is making good on his promise. The swamp is being drained, the judiciary is being restored, the economy is growing rapidly, unemployment is in decline, and America's strength and standing as the world's dominant super power is improving daily. Meanwhile, Trump's opponents in Washington and the media are lashing out because they can't stand the fact that the President they deeply oppose is succeeding. Gingrich understands the challenges faced by the White House staff, the role fake news plays in modern politics, and the ropes of legislative infighting in Congress. Trump's America tells the truth that the elites in the media and Washington don't want you to know.
Automotive News Prabhat Prakashan
Launched 35 years ago, the 2007 edition of the New Cars and Minivans has been restyled to present more current information in a user-friendly manner. This guide tells you when to buy, sell, or hold onto a vehicle and why price rarely guarantees reliability (beware of 'luxury lemons'). Hard-nosed ratings, true fuel-consumption figures, and which safety features are unsafe, are all found in this year_s guide, as well as: Dealer markups for each model; cutting the freight fee The best and worst options; whose warranty is the best Which 2006s are butter buys than a 2007 Sample compliant letters that work
Condé Nast's Traveler Springer Nature
The author of the New York Times Bestseller THE \$100 STARTUP, shows how to launch a profitable side hustle in just 27 days. To some, the idea of quitting their day job to start a business is exhilarating. For others, it's terrifying. After all, a job that produces a steady paycheck can be difficult to give up. But in a time when businesses have so little loyalty to employees that the very notion of “job security” has become a punchline, wouldn't it be great to have an additional source of income to fall back on? And wouldn't it be great to make that happen without leaving your day job? Enter the Side Hustle. Based on detailed information from hundreds of case studies, Chris Guillebeau provides a step-by-step guide that anyone can use to create and launch a profitable project in less than a month. Designed for the busy and impatient, this plan will have you generating income immediately, without the risk of throwing yourself head first into the world of entrepreneurship. Whether you just want to make some extra money, or start something that may end up replacing your day job entirely, the side hustle is the new job security. When you generate income from multiple sources, it gives you options, and in today's world, options aren't just nice to have: they're essential. You don't need entrepreneurial experience to launch a profitable side hustle. You don't need a business degree, know how to code, or be an expert marketer. And you certainly don't need employees or investors. With this book as your guide, anyone can learn to build a fast track to freedom.
Popular Science CarTech Inc
This New York Times bestselling book is filled with hundreds of fun, deceptively simple, budget-friendly ideas for sprucing up your home. With two home renovations under their (tool) belts and millions of hits per month on their blog YoungHouseLove.com, Sherry and John Petersik are home-improvement enthusiasts primed to pass on a slew of projects, tricks, and techniques to do-it-yourselfers of all levels. Packed with 243 tips and ideas—both classic and unexpected—and more than 400 photographs and illustrations, this is a book that readers will return to again and again for the creative projects and easy-to-follow instructions in the relatable voice the Petersiks are known for. Learn to trick out a thrift-store mirror, spice up plain old roller shades, "hack" your Ikea table to create three distinct looks, and so much more.
Brandweek Dundurn
In one of the most illuminating portraits of police work ever, Chief Charles Campisi describes the inner workings of the world's largest police force and his

unprecedented career putting bad cops behind bars. “Compelling, educational, memorable...this superb memoir can be read for its sheer entertainment or as a primer on police work—or both” (Kirkus Reviews, starred review). From 1996 to 2014 Charles Campisi headed NYPD’s Internal Affairs Bureau, working under four police commissioners and gaining a reputation as hard-nosed and incorruptible. During Campisi’s IAB tenure, the number of New Yorkers shot, wounded, or killed by cops every year declined by ninety percent, and the number of cops failing integrity tests shrank to an equally startling low. But to achieve those exemplary results, Campisi had to triple IAB’s staff, hire the very best detectives, and put the word out that corruption wouldn’t be tolerated. Blue on Blue provides “a rare glimpse inside one of the most secretive branches of policing...and a compelling, behind-the-scenes account of what it takes to investigate police officers who cross the line between guardians of the public to criminals. It’s a mesmerizing exposé on the harsh realities and complexities of being a cop on the mean streets of New York City and the challenges of enforcing the law while at the same time obeying it” (The New York Journal of Books). Campisi allows us to listen in on wiretaps and feel the adrenaline rush of drawing in the net. It also reveals new threats to the force, such as the possibility of infiltration by terrorists. “A lively memoir [told with] verve, intriguing detail, and a generous heart” (The Wall Street Journal) and “an expose of the NYPD’s Internal Affairs Bureaus [that is] enlightening and entertaining” (The New York Times Book Review), Blue on Blue will forever change the way you view police work.
