Most people don't start thinking about retirement until they hit 40, 50 or beyond. But what if making some simple changes in the way we live today gave us the opportunity to retire earlier and more fearlessly than we expect? Even better, what if a way existed to start enjoying life with more peace of mind, happiness and freedom right now? If you're worried about your future and are tired of the rat race that seems to lead nowhere, then rightsizing might be the best way for you to reimagine your life-starting today! What is rightsizing?

Rightsizing is the conscious choice to reinvent a lifestyle that more closely fits you and your family in the best possible manner at every stage of life. Rightsizing provides the freedom to let go of the daily grind of just getting by day-in and day-out. So instead of constantly striving toward more and more stuff and trying to keep up with the neighbors, rightsizing avoids unsustainable debt, stress, addiction and competition and allows us to recreate life with meaning and purpose. Rightsizing helps us each design a life that lets us spend our time and resources on whatever is most important to us. And best of all, rightsizing is about discovering what gives our life meaning, makes us smile, and allows us to sleep well and deeply every single night. If you don't have that now, maybe it's time to rightsize your life. Rightsizing- A SMART Living 365 Guide to Reinventing Retirement is a

collection of blog posts written by Kathy Gottberg on her blog SMART Living 365.com.

These articles address some of her best ideas about the topic and reveal how each of us can discover our own unique version of a life focused on what truly matters.

Amoruso spent her teens hitchhiking,

committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she 'd taken for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she 's the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she 's written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn 't about where you went to college or how popular you were in high school. It 's about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. " A witty and cleverly told account . . . It 's this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing. "

—Los Angeles Times

" Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional

rules. " —Vanity Fair

" #GIRLBOSS is more than a book . . . #GIRLBOSS is a movement. " —Lena Dunham

Buying a car can be a smart idea - a car loses the lion's share of its value when it is driven off the new car lot, so why let someone else take that loss? But buyer beware: A used car is likely to need more repairs and may come with a short warranty or none at all. In addition, used cars may lack the latest safety features. That

is why it is so important for consumers to do extensive research so they can avoid all of the potential pitfalls of buying a used car. The auto experts at "Consumer Reports" have done the work for you and have compiled their extensive research and report their findings into the 2007 edition of **USED CAR BUYING GUIDE**.
