In this book, the technical explanation of the nature of analog sound creation is followed by the story of its birth and its subsequent development by various designers, manufacturers and performers. The individual components of analog sound creation are then examined in detail, with step by step examples of sound creation techniques. Then the modern imitative analog instruments are examined, again with detailed instructions for programming and using them, and the book is completed with appendices listing the major instrument lines available, hints on values and purchasing, other sources of information, and a discography of readily available recordings which give good examples of analog sound synthesis. The CD which accompanies the book gives many examples of analog sound creation basics as well as more advanced techniques, and of the abilities of the individual instruments associated with classical and with imitative analog sound

synthesis.

Plague Time CRC Press

"In Plague Time, Ewald puts forth an astonishing and profound argument that challenges our modern beliefs about disease: it is germs - not genes - that mold our lives and cause our deaths. Building on the recently recognized infectious origins of ulcers, miscarriages, and cancers, he draws together a startling collection of discoveries that now implicate infection in the most destructive chronic diseases of our time, such as heart disease, Alzheimer's, and schizophrenia."--BOOK JACKET. Good management is a precious commodity in the corporate world. Guide to Management Ideas and Gurus is a straight-forward manual on the most innovative management ideas and the management gurus who developed them. The earlier edition, Guide to Management Ideas, presented the most significant ideas that continue to underpin business management. This new book builds on those ideas and adds detailed biographies of the people who came up with them- the most influential business thinkers of the past and present. Topics covered include: Active Inertia, Disruptive Technology, Genchi Genbutsu (Japanese for "Go and See for Yourself"), The Halo Effect, The Long Tail, Skunkworks, Tipping Point, Triple Bottom Line, and more. The management gurus covered include: Dale Carnegie, Jim Collins, Stephen Covey, Peter Drucker, Philip Kotler, Michael Porter, Tom Peters, and many others.
