This updated resource provides a more comprehensive history, including: Iran's Persian imperial past, the spread of Islam, and the Iran-Iraq War The Islamic Revolutionary Guard Corps Navy (IRGCN) emphasizes an asymmetric doctrine to ensure national security in the Persian Gulf against regional neighbors and foreign presence. The Islamic Republic of Iran Navy (IRIN) employs a more conventional doctrine and focuses on forward presence and naval diplomacy. Both navies have considerable equities and are well positioned to influence and leverage the Strait of Hormuz; a vital chokepoint for the flow of resources and international commerce. Illustrated with organizational charts, and photos of key Iranian leaders, including commanders within the Navy Command and Control Leadership, as well as rank insignia graphics, maps, ships, aircrafts, missile images, and more. Chevrolet Corvette, 1968-1982 Haynes Manuals N. America, Incorporated

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial} When the first Corvette was introduced to the public through the travelling caravan known as Motorama, everyone knew there was something special about it. Each subsequent model continued to strengthen that position. But how do you upgrade America's favorite sports car? Make it a special edition! Special edition Corvettes are the tip of the spear when it comes to the American auto manufacturers special models. Luminous cars such as the 1967 L88 convertible, 1969 aluminum block ZL1, and 2015 Z06 #001 have all commanded a million dollars or more. Modern dealer-tuned cars from Lingenfelter, Calloway, and Hennessey have carried the tradition of making a great Corvette even better. Extremely low mileage on 1978 Pace Cars indicate that people have thought of these cars as investments for nearly 40 years. Keith Cornett of Corvetteblogger.com compiles a murderer's row of special-edition Corvettes in this first-ever compilation on the subject. This book is an encyclopedia of information, as you will learn about some of the rarest Corvettes on the planet. It will serve as a guide if you're looking to add one of these special machines to your collection. Everything you've ever wanted to learn about collectible Corvettes is in Corvette Special Editions.

The Car Hacker's Handbook Haynes Manuals N. America, Incorporated

"C4 Corvette Buyers Guide - A Reference for the Purchase and Maintenance of the 4th Generation Corvette." With the 4th Generation Corvette - known as the C4 model - enthusiasts have an opportunity to purchase arguably the biggest bang for the buck in pre-owned Corvettes. As a result, sales of the 1984 through 1996 Corvettes are more robust than other models and yet the prices are very reasonable for a world class sports car. The "C4 Corvette Buyers Guide" is aimed squarely at these new C4 owners and prospective owners - a reference book that provides the information needed to make informed decisions about the purchase and maintenance of the C4. Illustrated with many photographs, the book begins with a history of the C4 Corvette in chapter one which will help you understand the design and manufacture philosophy plus you'll read about the year by year improvements made to the car. Using this

information, you'll be able to choose the best year for your budget. Next, you'll find yourself at chapter two which guides you through a purchase via an extremely detailed pre-buy check list. You'll use these guidelines to avoid being so mesmerized by the good looks and superior performance of the 4th generation Corvette that you inadvertently overlook damage, engine or transmission problems, inoperative systems and various seller tricks. After that, you're off to the maintenance and performance chapters; both are informative and full of detailed information and suggestions. You'll refer to these two chapters again and again after your purchase which extends the book's usefulness well beyond the day you take delivery of your C4. Next, a product recall chapter advises you of safety campaigns. You'll want to check on these specific repairs to make certain they've been accomplished. A resources chapter follows. It lists Corvette books you may wish to add to your library plus information about the National Corvette Museum. In this chapter, you'll also find lots of places to buy parts and accessories - including specialty houses - complete with contact information and websites if available. Lastly, the author wraps things up with some closing remarks. In the "C4 Corvette Buyers Guide," you'll find the answers to new owner's (and hope-to-be owners) questions about America's Sports Car and be able to find just the right C4 - plus you'll be able to make certain that it's maintained properly after the purchase.
