Archives - Hasport
Performance

For those non-VTEC civic owners who are weary of wiring, I suggest locating and using

a 96-98 5spd EX EWH
in your non-VTEC
civic. It's totally
compatible with non-
VTEC 96-98 EK
chassis's. Make
sure you pick up a
5-SPEED EX harness
and not an AUTO EX
harness. Auto EX
harnesses are wired
slightly different
and will not allow
your car to start.
