How a seadoo rotax engine works

So I traded my boat for a 98 SeaDoo, thinking it was a good deal. After I got it running, after putting a new resonator in and putting the exhaust back together the way I found it. Assuming it was right. Well I took it out tonight, and after about ten minutes, the thing loses all power and starts smoking in the engine compartment. Once I got it back to the dock and home, I started checking ...

seadoo Repair part 1 rebuilding motor in a seadoo xp

Ok I'm brand new to this so sorry for any stupid things I might over look. I just got a 98 gtx limited 50 hours and a 97 gtx 40 hours . They have been sitting for about 2 years a mechanic said the gtx had a bad mpem but I found the guy plugged a few things in the wrong place and didn't put the negative coil wire back so I got that going with the hose.
