*Popular Mechanics* CarTech Inc  
This book takes an integrated approach, using the principles of story structure to discuss every aspect of successful science writing, from the overall structure of a paper or proposal to individual sections, paragraphs, sentences, and words. It begins by building core arguments, analyzing why some stories are engaging and memorable while others are quickly

forgotten, and proceeds to the elements of story structure, showing how the structures scientists and researchers use in papers and proposals fit into classical models. The book targets the internal structure of a paper, explaining how to write clear and professional sections, paragraphs, and sentences in a way that is clear and compelling.

*The Political Speechwriter's Companion: A Guide for Writers and Speakers* guides students through a systematic "LAWS" approach (language, anecdote, wit, and support) that politicians can use to persuade their audiences into taking action. In the highly anticipated Second Edition, esteemed speechwriter and author Robert A. Lehrman has teamed up with one of the "go-to-guys" for

political humor, Eric Schnure, to offer students an entertaining yet practical introduction to political speechwriting. This how-to guide explains how speakers can deliver: language the audience will understand and remember; anecdotes that make listeners laugh and cry; wit that pokes fun at opponents but also shows their own lighter side; and support in the way of statistics, examples, and testimony. Packed with annotated speeches from the most recent elections, technology tips, and interviews from speechwriting luminaries, this edition offers the most practical advice and strategies for a career in political communication.

Build and modify your 1973-1987 GMC or Chevrolet truck in your garage with step-by-step processes to boost power, add curb appeal, and improve stopping ability, handling, safety, and more. GM's square-body trucks are a solid, simple, and easy-to-find rig--and that makes them perfect for modification. They're American classics, and they've become the hot rods of a new generation. Veteran magazine editor Jim Pickering brings these trucks into focus, taking you through the aspects that make them so popular and modifications you can perform to put a modern spin on their classic looks. He takes an in-depth look at all the major systems in your C10 and covers what can be done to them to turn your classic hauler into the modern hot rod that you want: a truck that's fast, safe, full of curb appeal, and reliable enough to drive whenever and wherever you want. Built in massive numbers during an 18-year production run, these trucks aren't hard to source, but finding a good starting point and mapping out

your plan are important. This book covers a lot of territory: how to find a good starter truck, LS power builds and installs, slammed air suspension and coilover systems, automatic and manual transmission choices (including a 6-speed manual conversion), cooling system upgrades, safely adding a modern alternator to factory GM wiring, modifying a mechanical clutch pedal to use a hydraulic master and slave cylinder, making new fuel lines and brake lines to support fuel injection and big brakes, installing a 4-link rear suspension system, fabricating an under-bed mount to hide air suspension components, building exhaust, adding LED lighting, interior restoration, and more. If you're building a square-body truck that you'd actually like to drive regularly, you've come to the right place. There hasn't ever been a more comprehensive, authoritative look at building a complete truck for street use that includes all the steps required to make it work.

## Consumers Index to Product Evaluations and Information Sources

A comprehensive book of "need-to-know" insights for busy leaders. Being a great leader means getting the fundamentals right. It also means consistently doing the "little things" that make a positive difference in the lives of employees, customers, and other stakeholders. The Busy Leader's Handbook: How to Lead People and Places That Thrive is a practical, easy-to-use book filled with gentle reminders of what we should be doing every day—especially when work is at its most intense. The Handbook is packed with proven best practices, tools, tips, and tactics for engaging employees, revitalizing cultures, delighting customers, and

building high-performance companies. Short, succinct, and accessible, each chapter is "stand-alone," offering helpful advice for meeting common business challenges. Plus, the strategies, approaches, and tactics are designed to be put into action immediately. Best-selling author, businessman, visionary, and entrepreneur Quint Studer draws on his 30-plus years of experience in helping organizations of all sizes and leaders at every level reach peak performance. Comprehensive in scope, his book overflows with insights and practical advice to help you make smart leadership decisions. For example: Why putting the right foundational structures in place early on creates clarity and heads off problems that cause businesses to struggle and

fail. The importance of followership: why being a good leader requires that you first be a good follower. Why we tend to run from self-disruption and a sense of being unsettled (and how to learn to embrace them instead). Why leaders should seek consent, not consensus. How to engage employees and create a positive workplace culture. How to help employees find meaning and purpose in their work. How to conduct difficult conversations and resolve conflicts—and why having these skills (or not) can make or break you as a leader. Advice for attracting and hiring the best talent, retaining them over time, and dealing with the low performers who drive them away. Why mentoring is so powerful and how to encourage it inside your company. Tips and tactics for seeing the

---

world through your customer's eyes How to reduce customer anxiety (and encourage them to buy) with the right words at the right times for the right reasons The Busy Leader's Handbook functions as a desk reference and pocket guide for anyone in a leadership position. It's also a great training tool for onboarding new leaders. Whether you work for a start-up, a small or mid-size business, or a large corporation, this book will change how you think, inspire you to do your job better—and help your organization thrive.
