The series has been developed based on research and feedback from learners and teachers. It offers Graded maths exercises which cover understanding, application and problem-solving skills.

Georgia Milestones End of Course Study/Resource Guides

When students first enter their freshman year (ninth grade) of high school, they are confronted with a variety of choices for the curriculum they would like to pursue, which includes which level of math courses the student would like to enroll in.

Depending on whether or not this student chooses the advanced, remedial, or average track for mathematics, they might start their high school math education with either Geometry, Pre-Algebra, or Algebra I, respectively.
