Pink has become the hottest color in interiors. Quartz Pink was the Pantone color of 2016 and since then the hue has gone from strength to strength, playing a starring role at the 2018 Milan Design Week. "From advertising to design and fashion, millennial pink has taken popular culture by storm, and it isn't going anywhere" House & Garden Pink House Living is a beautiful, practical guide to decorating with pink by Emily Murray of the award-winning The Pink House blog. Emily draws on her recent interiors projects to guide the reader through their own rose-tinted renovations and includes case studies on well-known interiors experts that reveal their use of pink, their go-to paint shades and where they glean "pinkspiration". Pink House Living is not about decorating your home in pink from rooftop to rugs, but a look at how the color can be used alongside other hues—sometimes sparingly, sometimes in spades. Divided up by room, the book uses the color pink and its history as a starting point from which to discuss the decorating process. Readers will be entertained by Emily’s interiors insights and witty turn of phrase while gaining invaluable advice on adding pink—and color in general—to their homes. You might be asking yourself what's the point in this story when you already know the outcome? We get married. We have a child. The thing is, while we get to the happy part, it was a difficult and turbulent ride to get to that very point. I made choices. He made choices. We both made choices and sometimes they were filled with regrets. But you can't change it. And I wouldn't want to because we grew from it. We learned. We fell in love. With Gabe? They were the most tear-filled, screaming and yelling moments of my life. They were disastrous and ugly. And I wouldn't change them for anything. Why you ask? They became the most beautiful choices of my life. So for that sole reason--I wouldn't change a damn thing. Gabe Prescott: I made very few choices in life. For the most part people made my choices for me. I never got to choose anything . . . besides Sarah Thompson. The beautiful, blonde haired selfish-bitch who was best friends with my boy Ryder. I honestly don't know how the hell he survived that cold-heart. Yet somehow I melted that icy heart and fell in love. I made that choice. And while the road was sometimes the ugliest, it still to this day is the most beautiful choice I ever made.

They say it's better to have loved and lost than to never have loved at all. I think that's total bullshit. No one wants to be a loser in the Game of Love. Trust me, I know. With a lying fiancée and a canceled wedding, I've lost big time.And that loss turned me bitter, so hell bent on vengeance that I almost let it destroy everything. Determined never to go down that dark path again, I've sworn off romance. Work became my priority, my safe place, the one constant in my life that wouldn't tempt me.Until I took on a project I normally wouldn't, and it introduced me to someone I never would have talked to before. No matter how hard I try, my professionalism slips away the more we work together, and I know it's a disaster in the making. Bad things happen when I open my guarded heart. But when I look at her, bad things are all I want to do. *A Beautiful Mess Weekday Weekend* Pocket Books NEW YORK TIMES BESTSELLER • "This book is a gift! I’ve been practicing their strategies, and it’s a total game-changer.”—Brené Brown, PhD, author of the #1 New York Times bestseller *Dare to Lead* This groundbreaking book explains why women experience burnout differently than men—and provides a simple, science-based plan to help women minimize stress, manage emotions, and live a more joyful life. What is burnout? Many women in America have experienced it. What’s expected of women and what it’s really like to be a woman in today’s world are two very different things—and women exhaust themselves trying to close the gap between them. How can you “love your body” when every magazine cover has ten diet tips for becoming “your best self”? How do you “lean in” at work when you’re already operating at 110 percent and aren’t recognized for it? How can you live happily and healthily

in a sexist world that is constantly telling you you’re too fat, too needy, too noisy, and too selfish? Sisters Emily Nagoski, PhD, and Amelia Nagoski, DMA, are here to help end the cycle of feeling overwhelmed and exhausted. Instead of asking us to ignore the very real obstacles and societal pressures that stand between women and well-being, they explain with compassion and optimism what we’re up against—and show us how to fight back. In these pages you’ll learn • what you can do to complete the biological stress cycle—and return your body to a state of relaxation • how to manage the “monitor” in your brain that regulates the emotion of frustration • how the Bikini Industrial Complex makes it difficult for women to love their bodies—and how to defend yourself against it • why rest, human connection, and befriending your inner critic are keys to recovering and preventing burnout With the help of eye-opening science, prescriptive advice, and helpful worksheets and exercises, all women will find something transformative in these pages—and will be empowered to create positive change. Emily and Amelia aren't here to preach the broad platitudes of expensive self-care or insist that we strive for the impossible goal of “having it all.” Instead, they tell us that we are enough, just as we are—and that wellness, true wellness, is within our reach. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BOOKRIOT “Burnout is the gold standard of self-help books, delivering cutting-edge science with energy, empathy, and wit. The authors know exactly what’s going on inside your frazzled brain and body, and exactly what you can do to fix it. . . . Truly life-changing.”—Sarah Knight, New York Times bestselling author of *Calm the F*ck Down*
