The evolution of economic thought can be traced
back from its beginnings in classical antiquity up to
the present day. In this book, Professor Alessandro
Roncaglia offers a clear, concise and updated version
of his award-winning The Wealth of Ideas, studying
the development of economic thought through
perspectives and debates on the economy and
society over time.

Luc Ferry's A Brief History of Thought recently
caught my eye as I wandered through the library. The
book promised a brief summary of human thought
and its evolution across significant historical epochs
within a meager volume of pages. Who wouldn't
wish to entertain such a prospect? The book's

strength is in Ferry's ability to summarize various...

A Brief History of Thought: A Philosophical Guide to ...

With this idea, Christianity revolutionised the history of thought. For the first time in human history, liberty rather than nature had become the foundation of morality. At the same time, the idea of the equal dignity of all human beings makes its first appearance: and Christianity was to become the precursor of modern democracy. ” ;
