Caste (Oprah's Book Club)
Penguin
All environmentalism is local:
“ A wonderfully readable
book ” about saving the planet
by focusing first on our own
habitats (The Boston Globe).

Though environmental awareness that spans from the Cape Wind is on the rise, our march toward ecological collapse continues. What was once a movement based primarily on land preservation, endangered species, and policy reform is now a fractured mess of back-to-the-landers, capitalist “green lifestyle” vendors, technology worshipers, and countless special interest groups. Inspired by a rough-and-tumble journey across country and down river, David Gessner, a John Burroughs Award winner, makes the case for a new environmentalism. In a frank, funny, and incisive call to arms

Project to the Monkey Wrench Gang, he considers why we do or do not fight to protect and restore wilderness, and reminds us why it’s time to join the fray. Known as an environmental advocate “reminiscent of Edward Abbey” (Library Journal), Gessner rebels against this fragmented environmentalism and holier-than-thou posturing. He also suggests that global problems, though real, are disempowering. While introducing us to lovable, stubborn Dan Driscoll, “a regular guy fighting a local fight for a limited wilderness,” he

argues for a movement focused on local issues and grounded in a more basic, more holistic—and ultimately more effective—defense of home. “Funny and inspiring.” —Publishers Weekly (starred review)

Starting Over Open Road Media

This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

Country Living
Decorating with White

Harper Collins

A memoir of a childhood homesteading in frontier Colorado: "A book from the heart . . . the stuff of the American dream" (The New York Times). In this memoir of a lost America, Hal Borland tells the story of his family's migration to eastern Colorado as homesteaders at the turn of the twentieth century. On an unsettled and unwelcoming prairie landscape, the Borlands build a house, plant crops,

and eke out a meager existence. While life is difficult—and self-reliance is necessary with no neighbors for miles—the experience brings the family close and binds them closer to the terrible and beautiful natural patterns that govern their lives. Borland would grow up to study journalism and become an acclaimed nature writer, and it was these childhood years on the prairie that shaped the author's heart and mind.

Beautiful Country

Anchor

A young woman living in a rigid, puritanical society discovers dark powers within herself in this stunning, feminist fantasy debut. In the lands of Bethel, where the Prophet's word is law, Immanuelle Moore's very existence is blasphemy. Her mother's union with an outsider of a different race cast her once-proud family into disgrace, so

Immanuelle does her best to worship the Father, follow Holy Protocol, and lead a life of submission, devotion, and absolute conformity, like all the other women in the settlement. But a mishap lures her into the forbidden Darkwood surrounding Bethel, where the first prophet once chased and killed four powerful witches. Their spirits are still lurking there, and they bestow a gift on

Immanuelle: the journal of her dead mother, who Immanuelle is shocked to learn once sought sanctuary in the wood. Fascinated by the secrets in the diary, Immanuelle finds herself struggling to understand how her mother could have consorted with the witches. But when she begins to learn grim truths about the Church and its history, she realizes the true threat to Bethel is its own

darkness. And she starts to understand that if Bethel is to change, it must begin with her.

A Book of Bees Wings
Press

* NOW WITH A NEW CHAPTER * 'A hugely enjoyable romp through the pleasures and pitfalls of setting up home in a foreign land.'- Guardian
Given the opportunity of a new life in rural Jutland, Helen Russell discovered a startling statistic: Denmark, land of long

dark winters, cured herring, Lego and pastries, was the happiest place on earth. Keen to know their secrets, Helen gave herself a year to uncover the formula for Danish happiness. From childcare, education, food and interior design to SAD and taxes, *The Year of Living Danishly* records a funny, poignant journey, showing us what the Danes get right, what they get wrong, and how we might all live a little more Danishly ourselves. In this

new edition, six years on Helen reveals how her life and family have changed, and explores how Denmark, too – or her understanding of it – has shifted. It's a messy and flawed place, she concludes – but can still be a model for a better way of living.

The Year of Magical Thinking HarperCollins UK
From whitewashed walls and clawfoot tubs to faded cream fabrics in antique quilts, *Country Living Decorating with White*

showcases a beautiful new vision of how to use this classic hue. Punchy, inviting, and striking images go room by room, explaining the art of choosing the right shade of white and blending it with other colors and objects. The book is packaged with a stunning wicker-textured cover.

Best New Books to Read in
2021 An astounding work of
fiction from New York Times
bestselling author Jason Mott,
always deeply honest, at times
electrically funny, that goes to
the heart of racism, police
violence, and the hidden costs
exacted upon Black Americans
and America as a whole In
Jason Mott's Hell of a Book, a
Black author sets out on a
cross-country publicity tour to
promote his bestselling novel.
That storyline drives Hell of a
Book and is the scaffolding of
something much larger and

more urgent: Mott's novel also tells the story of Soot, a young Black boy living in a rural town in the recent past, and The Kid, a possibly imaginary child who appears to the author on his tour. As these characters' stories build and converge, they astonish. For while this heartbreaking and magical book entertains and is at once about family, love of parents and children, art and money, it's also about the nation's reckoning with a tragic police shooting playing over and over again on the news. And with what it can mean to be Black in America. Who has been killed? Who is The Kid? Will the author finish his book tour, and

what kind of world will he leave behind? Unforgettably told, with characters who burn into your mind and an electrifying plot ideal for book club discussion, Hell of a Book is the novel Mott has been writing in his head for the last ten years. And in its final twists, it truly becomes its title.

The Four Winds Vintage
Longtime "New Yorker" contributor Sue Hubbell explores a range of offbeat and engrossing subjects, including after-hours truck stops, the country's best pie restaurants, bowling shoes, Costa Rica's blue morpho butterfly, earthquakes, and

the honey trade.

The City Baker's Guide to Country Living

Harlequin
Once upon a time, people had a real connection with the land. Instead of being mere consumers, they were producers and makers. Traditional skills were learned to eliminate a reliance on others, enabling the self-sufficiency that's at the heart of the Do-It-Yourself movement. And this artisanal wisdom was passed on to family and friends.

A Murderer's Country
Open Road Media

A pair of memoirs about a woman starting her life over as a beekeeper in the Ozarks, from “a latter-day Henry Thoreau with a sense of the absurd” (Chicago Tribune). Taken together, the “steadily eloquent” national bestseller, *A Country Year*, and its follow-up, *A Book of Bees*, a New York Times Notable Book, offer a moving and fascinating chronicle of Sue Hubbell’s seasonal second life as a commercial beekeeper (The Washington Post). Alone on a small Missouri farm after the end of a thirty-year marriage, Hubbell found a new love—the winged, buzzing variety. Left with little but the commercial beekeeping and honey-producing business she started with her husband, Hubbell found solace in the natural world, as well as in writing about her experience. In evocative vignettes, she takes readers through the seasonal cycle of her life as a beekeeper, offering exquisitely rendered details of hives, harvests, and honey, while also reflecting on deeper questions. As the New York Times wrote: “The real masterwork that Sue Hubbell has created is her life.”

Living a Country Year Random House Incorporated Packed with humor, inspiration, and advice, *You Are a Badass* is the #1 New York Times bestselling self-help book that teaches you how to get better without getting busted. In this refreshingly entertaining how-to guide, bestselling author and world-traveling success coach, Jen Sincero, serves up twenty-seven bite-sized chapters full of hilariously inspiring stories, sage advice, easy exercises, and the occasional swear word,

helping you to: Identify and change the self-sabotaging beliefs and behaviors that stop you from getting what you want, Create a life you totally love. And create it NOW, and Make some damn money already. The kind you've never made before. By the end of You Are a Badass, you'll understand why you are how you are, how to love what you can't change, how to change what you don't love, and how to use The Force to kick some serious ass.

The Encyclopedia of Country Living, 40th Anniversary Edition Crown
A “delightful, witty” memoir

about starting over as a beekeeper in the Ozarks (Library Journal). Alone on a small Missouri farm after a thirty-year marriage, Sue Hubbell found a new love—of the winged, buzzing variety. Left with little but the commercial beekeeping and honey-producing business she started with her husband, Hubbell found solace in the natural world. Then she began to write, challenging herself to tell the absolute truth about her life and the things she cared about. Describing the ups and downs of beekeeping

from one springtime to the next, *A Country Year* transports readers to a different, simpler place. In a series of exquisite vignettes, Hubbell reveals the joys of a life attuned to nature in this heartfelt memoir about life on the land, and of a woman finding her way in middle age. “Once in a while there comes along a book so calm, so honest, so beautiful that even the most jaded or cynical readers have to say thank you. . . . This is such a book” (The San Diego Union-Tribune).
A Country Year HarperCollins

In June 2011, Susan Spencer-Wendel was diagnosed with amyotrophic lateral sclerosis (ALS), more commonly known as Lou Gehrig's disease. It is a disease that systematically destroys the nerves that power muscles; Susan, forty-five years old and a mother of three, already walks with braces and is losing her ability to speak. Though Susan cannot stop the rapid decline of her body, she refuses to let her life stop before its time. Since her diagnosis, Susan has made sure that every day counts. She is more present than ever in her daily life, and ready to share her strength, determination and spirit.

Susan's story began attracting interest when she published a piece in her local paper about a trip she took to see the northern lights following her diagnosis. But one of the most important adventures Susan planned took her to New York City with her fourteen-year-old daughter, Marina. Susan and Marina, both big fans of TLC's *Say Yes to the Dress*, visited Kleinfeld Bridal, where the two shared the experience of Marina's search for the perfect dress for the wedding Susan will never see. Until *I Say Good-Bye* is a truly magical story and so much more than one woman's "bucket list." It's a celebration of life, a look into

the face of death and an account of the effort we must make to show the people we love and care about how very much they mean to us.

Tuesdays with Morrie Harper Collins

Jerry App's farm stories open the barn door to understanding life in the country. "Even with all the hard work, we had more time (perhaps we took more time) to enjoy what was all around us: nights filled with starlight, days with clear blue skies and puffy clouds.

everywhere—fresh mown hay, wildflowers, and apple blossoms. Interesting sounds—the rumble of distant

thunder, an owl calling in the woods, a flock of Canada geese winging over in the fall." In this paperback edition of a beloved Jerry Apps classic, the rural historian tells stories from his childhood days on a small central Wisconsin dairy farm in the 1930s and 1950s. From a January morning memory of pancakes piled high after chores, to a June day spent learning to ride a pony named Ginger, Jerry moves through the turn of the seasons and teaches gentle lessons about life on the farm. With recipes associated with each month and a new introduction exclusive to this 2nd edition, *Living a Country Year*

celebrates the rhythms of rural life with warmth and humor. *The Graveyard Book* Mariner Books "The Bestselling Hardcover Novel of the Year."--Publishers Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of

work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to

change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the

Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. The Four Winds is a rich, sweeping novel that stunningly brings to life the Great

Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, The Four Winds is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a

generation.

Award Longlist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through	an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight	pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial
---	--	--

systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive

separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today. Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student

"possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving,

exquisitely observed memoir.

Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. “I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything,” he wrote. “Seven words from Samuel Beckett began to repeat in my head: ‘I can’t go on. I’ll go on.’”

When Breath Becomes Air is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.
