Carefully edited for modern readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobbles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored, setting in motion a chain of violence and terror that shadows

Victor to his death. Mary Shelley's *Frankenstein*, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting. *The Fiend with Twenty Faces* Recaplodge LLC
To be a moral witness is perhaps the highest calling of journalism, and in this unforgettable, highly readable account of contemporary slavery, author Benjamin Skinner travels around the

globe to personally tell stories that need to be told -- and heard. As Samantha Power and Philip Gourevitch did for genocide, Skinner has now done for modern-day slavery. With years of reporting in such places as Haiti, Sudan, India, Eastern Europe, The Netherlands, and, yes, even suburban America, he has produced a vivid testament and moving reportage on one of the great evils of our time. There are more slaves in the world today than at any time in history. After spending four years visiting a dozen

countries where slavery flourishes, Skinner tells the story, in gripping narrative style, of individuals who live in slavery, those who have escaped from bondage, those who own or traffic in slaves, and the mixed political motives of those who seek to combat the crime. Skinner infiltrates trafficking networks and slave sales on five continents, exposing a modern flesh trade never before portrayed in such proximity. From mega-harems in Dubai to illicit brothels in Bucharest, from slave quarries

in India to child markets in Haiti, he explores the underside of a world we scarcely recognize as our own and lays bare a parallel universe where human beings are bought, sold, used, and discarded. He travels from the White House to war zones and immerses us in the political and flesh-and-blood battles on the front lines of the unheralded new abolitionist movement. At the heart of the story are the slaves themselves. Their stories are heartbreaking but, in the midst of tragedy, readers discover a quiet

dignity that leads some slaves to resist and aspire to freedom. Despite being abandoned by the international community, despite suffering a crime so monstrous as to strip their awareness of their own humanity, somehow, some enslaved men regain their dignity, some enslaved women learn to trust men, and some enslaved children manage to be kids. Skinner bears witness for them, and for the millions who are held in the shadows. In so doing, he has written one of the most morally courageous books of our time,

one that will long linger in the conscience of all who encounter it, and one that -- just perhaps -- may move the world to constructive action.

Fahrenheit 451 Penguin

An exposé of the modern slave trade in more than a dozen countries worldwide describes the illicit brothels, slave quarries, and child markets of the world's human trafficking networks, while also documenting the current state of abolitionist efforts.

author Steph Young; An investigation into the Horrifying Case of 'The Smiley Face Killers.' For the past 20 years, hundreds of college-aged men have disappeared, silently, soundlessly, vanishing without trace, only to be found some time later, dead in the water, but with no water in their lungs. They did not drown. Some are still missing. They usually have no wounds, no trauma, so how did they die? As we delve into many of these cases, who are

these sinister & highly disturbing group of killers called 'The Smiley Face Killers'? What is 'The Smiley Face Murder Theory.' A breed of Serial Killers you have never met before. Well-organised, very successful, and never seen, they prey on young men, selecting them, hunting them, abducting them, holding them and killing them. They are never caught. They are silent, invisible predators who always get away. How are they doing this? Who are they? Why are they doing this? - This book will share with you some disturbing & terrifying evidence which will fill you with a terrible sense of dread, an escalating fear, and an overwhelming sense of horror. It is all true. It is still happening. And no-one is safe. "I couldn't get through to him. He couldn't talk. He couldn't tell me where he was. A good 7-8 minutes into the call there was suddenly this ghastly screaming. I started crying." On the night he disappeared he left what can only be described as the most haunting, most chilling, and most harrowing voicemail. He is screaming, pleading and growling in raw, animalistic agony. Disturbingly, in the background, is something that sounds mechanical. Even more horrific, a voice then interrupts his screams and calmly tells him, in a cold, emotionless, detached voice, "Stop it." It isn't stopping; it appears to be

escalating... 'The Smile Face Killers' continue.' The world's worst Serial Killers? Here follows a chilling investigation..

Incidents in the Life of a Slave Girl
(EasyRead Super Large 20pt Edition)

Harlequin

Winner of Japan's Grand Prix for Crime Fiction • Edgar Award Finalist • Nothing in Japanese literature prepares us for the stark, tension-filled, plot-driven realism of Natsuo

Kirino's award-winning literary mystery *Out*. This mesmerizing novel tells the story of a brutal murder in the staid Tokyo suburbs, as a young mother who works the night shift making boxed lunches strangles her abusive husband and then seeks the help of her coworkers to dispose of the body and cover up her crime. The coolly intelligent Masako emerges as the plot's ringleader,

but quickly discovers that this killing is merely the beginning, as it leads to a terrifying foray into the violent underbelly of Japanese society. At once a masterpiece of literary suspense and pitch-black comedy of gender warfare, *Out* is also a moving evocation of the pressures and prejudices that drive women to extreme deeds, and the friendships that

bolster them in the aftermath.

The Road of Lost Innocence Random House

Written by the world's leading experts and campaigners, *Modern Slavery: A*

Beginner's Guide blends original research with shocking first-hand accounts from slaves themselves around the world to reveal the truth

behind one of the worst humanitarian crises facing us today. Only a handful of slaves are reached and freed each year, but the authors offer hope for the future with a global blueprint that proposes to end slavery in our lifetime. All royalties will go to *Free the Slaves*. *Disposable People* Random House Digital,

Inc.

The true story of a man who spun a web of lies around his life ventures into the mind of a psychotic murderer who managed to convince thousands of people that he was a successful, credentialed physician. Reprint. 35,000 first printing. *Girls Like Us* Booksurge Llc A new edition of a celebrated contemporary work on race and racism Praised by a wide

variety of people from Ta-Nehisi Coates to Zadie Smith, Racecraft "ought to be positioned," as Bookforum put it, "at the center of any discussion of race in American life." Most people assume racism grows from a perception of human difference: the fact of race gives rise to the practice of racism. Sociologist Karen E. Fields and historian Barbara J. Fields argue otherwise: the practice of racism produces the illusion of race, through what they call "racecraft." And this phenomenon is intimately entwined with other forms of inequality in American life. So pervasive are the devices of racecraft in American history, economic doctrine, politics, and everyday thinking that the presence of racecraft itself goes unnoticed. That the promised post-racial age has not dawned, the authors argue, reflects the failure of Americans to develop a legitimate language for thinking about and discussing inequality. That failure should worry everyone who cares about democratic institutions. The Monster of Florence Simon and Schuster Books for All Kinds of Readers Read

When 1930s Tokyo is threatened by a master thief who can disguise himself to look like anyone, and laughs at the law, the people of

the city have nowhere else to turn but Japan's greatest detective, Akechi Kogoro. Unfortunately for Tokyo, however, Akechi Kogoro is off on overseas business, so it becomes the job of his 12-year old assistant, Kobayashi Yoshio, to track down the thief and desperately keep him at bay until his mentor returns. In the spirit of Sir Arthur Conan Doyle's Baker Street Irregulars, a classic thriller by Edogawa Rampo, grand master of

Japan's Golden Age of crime and mystery fiction. Filled with disguises, tricks, "A-ha!" moments, and spiced with a unique Japanese flair, it is sure to delight readers of all ages. Will Kobayashi's intrepid band of young detectives be able to outwit the nefarious fiend, or will Tokyo be forever at the mercy of the face-swapping phantom?

Sophie's World Basic Books

This book examines all forms of human

trafficking globally, revealing the operations of the trafficking business and the nature of the traffickers themselves. Using a historical and comparative perspective, it demonstrates that there is more than one business model of human trafficking and that there are enormous variations in human trafficking in different regions of the world. Drawing on a wide body of academic research - actual prosecuted cases, diverse reports and field work and interviews conducted by the author over the last sixteen years in Asia, Latin America, Africa, Europe and the former socialist countries - Louise Shelley concludes that human trafficking will grow in the twenty-first century as a result of economic and

demographic inequalities in the world, the rise of conflicts and possibly global climate change. Coordinated efforts of government, civil society, the business community, multilateral organizations and the media are needed to stem its growth. *Frankenstein (Modern English Translation)* Simon and Schuster
INSTANT NEW YORK TIMES BESTSELLER An Amazon "Best Book of 2019" A

Washington Post "10 Books To Read in July" A Los Angeles Times "Seven Highly Anticipated Books for Summer Reading" A USA Today "20 of the Season's Hottest New Books" A New York Post "25 Best Beach Reads of 2019 You Need to Pre-Order Now" A Bustle "The Best New True Crime Books You Can Read Right Now" "Maureen Callahan's deft reporting and stylish writing have created one of the all-time-great serial-killer books:

sensitive, chilling, and completely impossible to put down." -Ada Calhoun, author of *St. Marks Is Dead* Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior

unprecedented. Described by a prosecutor as "a force of pure evil," Keyes was a predator who struck all over the United States. He buried "kill kits"--cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. American Predator is the ambitious culmination of years of interviews with key figures in law enforcement and in

Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement.

Hangman A Crime So Monstrous
The New York Times bestselling author of *Every Dark Corner* returns to Baltimore, where a father-daughter

reunion puts innocent victims in the sights of a stone-cold killer... Baltimore PI Clay Maynard routinely locates missing children for clients, but his own daughter—stolen by his ex-wife—has eluded him for years. Until she turns up right under his nose... Since she was a child, Taylor Dawson believed the

lie her mother told her: that her father was a monster. But now she has a chance to get to know the real Clay while doing real work as an equine therapist, which includes helping two girls whose mother was brutally murdered. She might even find something deeper with her boss's handsome son, Ford Elkhart,

whose eyes are so haunted. But just as Taylor feels her life opening up to new family, work, and friends, a danger lurks in the darkness—one that will show Taylor the face of true evil...

Human Trafficking

Macmillan

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social

science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of

persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes
