When Blood Lies Harper Collins

Set in the lush countryside of Normandy, France, this new novel of suspense featuring Lady Emily

Hargreaves is filled with intrigue, romance, mysterious deaths, and madness. Returning from her honeymoon with Colin Hargreaves and a near brush with death in Constantinople, Lady Emily convalesces at her mother-in-law's beautiful estate in Normandy. But the calm she so desperately seeks is shattered when, out riding a horse, she comes upon the body of a young woman who has been brutally murdered. The girl's wounds are identical to those inflicted on the victims of Jack the Ripper, who has wreaked havoc across the channel in London. Emily feels a connection to the young woman and is determined to bring the killer to justice. Pursuing a trail of clues and victims to the beautiful medieval city of Rouen and

a crumbling châteaueu in the country, Emily begins to worry about her own sanity: She hears the cries of a little girl she cannot find and discovers blue ribbons left in the child's wake. As Emily is forced to match wits with a brilliant and manipulative killer, only her courage, keen instincts, and formidable will to win can help her escape becoming his next victim. The Counterfeit Heiress Minotaur Books

The Family Way, the twelfth entry in Rhys Bowen's bestselling Molly Murphy series, will delight fans and win over newcomers with its elegantly plotted mystery, atmospheric historical detail, and vivid characters. Molly Murphy—now Molly Sullivan—is a year into her marriage, expecting her first child, and confined to the life of a housewife. She's restless and irritable in the enforced

idleness of pregnancy and the heat of a New York summer in 1905. So when a trip to the post office brings a letter addressed to her old detective agency asking her to locate a missing Irish serving maid, Molly figures it couldn't hurt to at least ask around, despite her promise to Daniel to give up her old career as a detective. On the same day, Molly learns that five babies have been kidnapped in the past month. Refusing to let Molly help with the kidnapping investigation, Daniel sends her away to spend the summer with his mother. But even in the quiet, leafy suburbs, Molly's own pending motherhood makes her unable to ignore these missing children. What she uncovers will lead her on a terrifying journey through all levels of society, putting her life—and that of her baby—in danger. This Mortal Coil Macmillan First published in 1923, 'Emily of New Moon' is

the first in a series of novels by Lucy Maud Montgomery about an orphan girl growing up on Prince Edward Island. It is similar to the author's Anne of Green Gables series. Lucy Maud Montgomery was a Canadian author best known for a series of novels beginning in 1908. After Emily's father passed away, making her an orphan, Emily was shipped off to New Moon Farm, owned by her mother's snobbish relatives. Convinced she will hate her new life, Emily reluctantly tries to get along with her relatives. At first, Emily's miserable under all the rules from her stern Aunt Elizabeth, and being the new girl at school is not easy. At least New Moon provides plenty of material for the short stories she loves to write. With her quick wit and lively imagination, it's not long before she finds friends in tomboy Ilse and artist Teddy. This title is much more

autobiographical in nature and gives a greater glimpse into Lucy Maud Montgomery's life and times.

Door to Door Minotaur Books

In a brilliant homage to Agatha Christie, critically acclaimed author Tasha Alexander sends Lady Emily to Egypt during British colonial rule to investigate a crime that leads back to the era of the Pharaohs. In *Secrets of the Nile*, Lady Emily and her husband, Colin Hargreaves, have joined his formidable mother on a holiday to visit the exotic treasures of Egypt. Their host, Lord Bertram Deeley, is a renowned amateur British collector of antiquities, who has invited his closest friends on a lavish cruise up the Nile to his home at Luxor. But on the first night of their journey, he suddenly collapses after offering a welcome toast, a victim of the lethal poison cyanide. Who amongst this group of his nearest and dearest would want to kill their generous host? Emily and Colin's investigation soon reveals that even his closest friends had reasons to want him dead: was it the archeologist whose dig Deeley was poised to fund until he suddenly withdrew support? The powerful politician whose career Deeley had secretly

destroyed? The dyspeptic aristocratic English spinster whose hired travelling companion seems determined to protect her employer? Or could it be Mrs. Hargreaves herself, who may have spurned the advances of Lord Deeley when they were both younger? A key clue may lie with several ancient ushabtis, exquisite three-thousand-year-old sculptures that played a role in a hidden story from the time of Ancient Egypt, one of a sister's unshakeable loyalty to her brother, a tale of betrayal and revenge. In an unforgettable finale, Emily and Colin gather their fellow travelers together to unmask a killer whose motive is as shocking as it is brilliant.
