The News Sorority Macmillan
Book #10 in the USA Today
bestselling Cutthroat Business
mystery series, featuring

Southern-Belle-turned-Realtor and amateur sleuth Savannah Martin, and her significant other, fan favorite Rafe Collier. *Martin Luther King, Jr.* Oxford University Press "When patients start dying unexpectedly in the O.R. at Mercy Hospital, anesthesiologist Doug Landry finds himself the focus of the blame. Is it really his fault . . . or is there something more sinister going on? As Doug struggles to clear his name and unravel the secret of the mysterious deaths, one thing is certain--someone

will stop at nothing to keep him from exposing the devastating truth. Doug becomes trapped in a grisly race against time to prevent more deaths--including his own"--Cover. Pillow Stalk Penguin Books This satirical novel by the Nobel Prize – winning author of *It Can ' t Happen Here* examines medicine in the modern world through the eyes of an idealistic man. The assistant of a small-town midwestern doctor, young Martin Arrowsmith is fascinated with the contents of Gray ' s Anatomy. Eager to pursue an adventurous career in medicine and science, he eventually sets off for medical

school, where he hopes to dedicate himself to research. But as Martin progresses through life, he encounters qualities in humans more troublesome than any of the specimens he examines under a microscope. Happiness almost eludes him until his mentor offers him a post at a prestigious institute—which soon sends Martin to a plague ravaged Caribbean island. There he must show what he is truly made of . . . A perennial favorite of medical students to this day, Arrowsmith won author Sinclair Lewis the Pulitzer Prize in 1926, which he declined. “ Beyond doubt the best of Mr. Lewis ' s novels . . . Absorbing and illuminating. ” —The Spectator

Penguin
Everyone has warned
new-minted realtor
Savannah Martin that
real estate is a
cutthroat business. But
Savannah doesn't think
she's supposed to take
the warning literally ...
until an early morning
phone call sends her to
an empty house on the
'bad' side of town,
where she finds herself
standing over the
butchered body of a
competitor, face to face
with the boy her

mother always warned
her about. Rafe Collier
is six feet three inches
of testosterone and
trouble; tall, dark, and
dangerous, with a
murky past and no
future-not the kind of
guy a perfect Southern
Belle should want to
tangle with. In any way.
But wherever Savannah
turns, there he is, and
making no bones about
what he wants from her.
Now Savannah must
figure out who killed
real estate queen

Brenda Puckett, make a
success of her new
career, and avoid
getting killed-or kissed-
by Rafe, all before the
money in her savings
account runs out and
she has to go back to
selling make-up at the
mall.

Book 4 in the Savannah Martin mystery series.

Savannah has always been a good girl, doing what was expected and fully expecting life to fall into place in its turn. But when

law Sheila, the trial of Sheila's friend Marley, and the disappearance of Rafe's twelve year old son David - the kid he never knew he had! - and things get complicated fast. And there is worse to come: When Rafe comes back to Nashville to help look for David, and learns that Savannah's pregnant, things do not work out the way Savannah had hoped. In the end, she's left with

nothing she wanted and a whole lot of trouble she didn't, and for once, Rafe's not there to save the day.

No Logo Penguin
A devastating disaster at sea . . . an officer who refuses to hide the truth. . . a courtroom confrontation with far-reaching implications . . . The Perfect Storm meets A Civil Action in a gripping account of one of the most significant shipwrecks of the

twentieth century. In 1983 the Marine Electric, a "reconditioned" World War II vessel, was on a routine voyage thirty miles off the East Coast of the United States when disaster struck. As the old coal carrier sank, chief mate Bob Cusick watched his crew-his friends and colleagues-succumb to the frigid forty-foot waves and subzero winds of the Atlantic. Of the thirty-four men aboard, Cusick was one of only three to survive. And he soon

found himself facing the most critical decision of his life: whether to stand by the Merchant Marine officers' unspoken code of silence, or to tell the truth about why his crew and hundreds of other lives had been unnecessarily sacrificed at sea. Like many other ships used by the Merchant Marine, the Marine Transport Line's Marine Electric was very old and made of "dirty steel" (steel with excess sulfur content). Many of these vessels were in terrible condition and broke down frequently. Yet the government persistently turned a blind eye to the potential dangers, convinced that the economic return on keeping these ships was worth the risk. Cusick chose to blow the whistle. Until the Sea Shall Free Them re-creates in compelling detail the wreck of the Marine Electric and the legal drama that unfolded in its wake. With breathtaking immediacy, Robert Frump, who covered the story for the Philadelphia Inquirer, describes the desperate battle waged by the crew against the forces of nature. Frump also brings to life Cusick's internal struggle. He knew what happened to those who spoke out against the system, knew that he too might be stripped of his license and prosecuted for "losing his ship," yet he forged ahead. In a bitter lawsuit with owners of the ship, Cusick emerged victorious. His expose of government inaction

led to vital reforms in deceptive behaviors of family tragedy in her

Bookbinder Quinn
finds herself in
trouble when her

ex's fiance turns up dead and if she's not careful, her days might be numbered in this debut series perfect for fans of Kate Carlisle and Eva Gates. Quinn Victoria Caine is back in her quirky town of Vienna, Virginia, starting her new life as a bookbinder in her family-owned, charm-for-days bookshop, Prose & Scones.

With her trusty German Shephard RBG-'Ruff Barker' Ginsburg by her side, what can go wrong? Okay, sure, bumping into her ex, Scott, or her former high school nemesis, Tricia, is a drag. It certainly doesn't help they have acquired the new hobby of shoving their recent engagement in her face every chance

they get. But that doesn't mean Quinn wanted to find Tricia dead in the road. So why does half the town think she may have done it? Quinn is determined to find Tricia's killer, even if it means partnering with her cousin-turned-nun, Sister Daria, and Detective Aiden Harrington, her older brother's too -movie-star-handsom

e-for-his-own good, best friend. They believe she's innocent, but of course that doesn't influence the police, who peg her as their prime suspect. Or, at least until she's poisoned. But there is no way Quinn is going to stop now. Vienna is her town and-for better or worse-Tricia was one of their own. Someone may have

killed the mocking girl, but no one's going to stop the notorious QVC. *The Priory of the Orange Tree* National Academies Press A pioneering neuroscientist argues that we are more than our brains To many, the brain is the seat of personal identity and autonomy. But the way we talk about the brain is often rooted more in mystical conceptions of the soul than in

scientific fact. This blinds us to the physical realities of mental function. We ignore bodily influences on our psychology, from chemicals in the blood to bacteria in the gut, and overlook the ways that the environment affects our behavior, via factors varying from subconscious sights and sounds to the weather. As a result, we alternately overestimate our

This capacity for free will or equate brains to inorganic machines like computers. But a brain is neither a soul nor an electrical network: it is a bodily organ, and it cannot be separated from its surroundings. Our selves aren't just inside our heads--they're spread throughout our bodies and beyond. Only once we come to terms with this can we grasp the true nature of our

humanity.

AUTOSTRADDLE A world divided. A queendom without an heir. An ancient enemy awakens. The House of Berethnet has ruled Inys for a thousand years. Still unwed, Queen Sabran the Ninth must conceive a daughter to protect her realm from destruction--but assassins are getting closer to her door. Ead

Duryan is an outsider at court. Though she has risen to the position of lady-in-waiting, she is loyal to a hidden society of mages. Ead keeps a watchful eye on Sabran, secretly protecting her with forbidden magic. Across the dark sea, Tané has trained all her life to be a dragonrider, but is forced to make a choice that could see her life unravel. Meanwhile, the divided East and West refuse to parley, and forces of chaos are rising from their sleep. Bad Debt Penguin Keely Jones believes all she wants in life is a successful advertising career and a corner office. However, that all begins to change when she bumps into a Frisbee player while jogging with her dog. When she's given a good luck charm she's skeptical about the magic of true love or finding her soul mate. But when things start to heat up between her and Darren, can she truly ignore it? Or will he be the one man who can ruin her career? Darren

Wright has returned to Knoxville to regroup and to join his sister's advertising agency. He isn't looking for anything major to happen in his life, yet when he bumps into a cute brunette and her dog, things begin to change. He's soon promoted to Creative Director and falling for Keely. How can he tell her he works

for an opposing firm? And if he doesn't, will he risk losing her for good?

Killer Deals 1-3

Magpie Ink
In order for the United States to maintain the global leadership and competitiveness in science and technology that are critical to achieving national goals, we must invest in research, encourage innovation, and grow

a strong and talented science and technology workforce. Expanding Underrepresented Minority Participation explores the role of diversity in the science, technology, engineering and mathematics (STEM) workforce and its value in keeping America innovative and competitive. According to the book, the U.S. labor market is projected

to grow faster in science and engineering than in any other sector in the coming years, making minority participation in STEM education at all levels a national priority. Expanding Underrepresented Minority Participation analyzes the rate of change and the challenges the nation currently faces in developing a strong and diverse

workforce. Although minorities are the fastest growing segment of the population, they are underrepresented in the fields of science and engineering. Historically, there has been a strong connection between increasing educational attainment in the United States and the growth in and global leadership of the economy. Expanding Underrepresented

Minority Participation suggests that the federal government, industry, and post-secondary institutions work collaboratively with K-12 schools and school systems to increase minority access to and demand for post-secondary STEM education and technical training. The book also identifies best practices and offers a comprehensive road

map for increasing involvement of underrepresented minorities and improving the quality of their education. It offers recommendations that focus on academic and social support, institutional roles, teacher preparation, affordability and program development.

The New Urban

Frontier Sterling House Pub

Why have so many central and inner

cities in Europe, North America and Australia been so radically revamped in the last three decades, converting urban decay into new chic? Will the process continue in the twenty-first century or has it ended? What does this mean for the people who live there? Can they do anything about it? This book challenges

conventional wisdom, which holds gentrification to be the simple outcome of new middle-class tastes and a demand for urban living. It reveals gentrification as part of a much larger shift in the political economy and culture of the late twentieth century. Documenting in gritty detail the

conflicts that
gentrification
brings to the new
urban 'frontiers',
the author explores
the
interconnections of
urban policy,
patterns of
investment,
eviction, and
homelessness. The
failure of liberal
urban policy and
the end of the
1980s financial
boom have made the
end-of-the-century

city a darker and
more dangerous
place. Public
policy and the
private market are
conspiring against
minorities, working
people, the poor,
and the homeless as
never before. In
the emerging
revanchist city,
gentrification has
become part of this
policy of revenge.

hammer out the details
of a cold case, in
this must-read for

lovers of HGTV's home renovation shows. Avery Baker was once a New York textile designer, but inheriting her aunt's old Maine cottage has led her down a new career path-home renovation. Finding a property's hidden potential has rewards and challenges-especially when a mystery surfaces from behind the walls of a centuries-old house on an island that has more than its share of deadly secrets. *A Cutthroat Business* Open Road Media

Book 8 in the *Cutthroat Business* mystery series featuring Realtor and recovering Southern Belle Savannah Martin **Dead to the World** Crooked Lane Books THE INSTANT NEW YORK TIMES AND WALL STREET JOURNAL BESTSELLER Like *Fire & Fury*, the gossipy real-life soap opera behind a serious show. When Barbara Walters launched *The View*,

network executives told her that hosting it would tarnish her reputation. Instead, within ten years, she'd revolutionized morning TV and made household names of her co-hosts: Joy Behar, Star Jones, Meredith Vieira and Elisabeth Hasselbeck. But the daily chatfest didn't just comment on the news. It

became the news. And the show, while the headlines barely scratched the surface. Based on unprecedented access, including stunning interviews with nearly every host, award-winning journalist Ramin Setoodeh takes you backstage where the stars really spoke their minds. Here's the full story of how Star, then Rosie, then Whoopi tried to take over

the show, while Barbara struggled to maintain control of it all, a modern-day Lear with her media-savvy daughters. You'll read about how so many co-hosts had a tough time fitting in, suffered humiliations at the table, then pushed themselves away, feeling betrayed—one nearly quitting during a commercial.

Meanwhile, the director was being driven insane, especially by Rosie. Setoodeh uncovers the truth about Star's weight loss and wedding madness. Rosie's feud with Trump. Whoopi's toxic relationship with Rosie. Barbara's difficulty stepping away. Plus, all the unseen hugs, snubs, tears—and one dead rodent. Ladies Who

Punch shows why The
View can be
mimicked and
mocked, but it can
never be matched.
