Savannah Martin has always been a good girl, doing what was expected and fully expecting life to fall into place in its turn. But when her perfect husband turns out to be a lying, cheating slimeball—and bad in bed to boot—Savannah kicks the jerk to the curb and embarks on life on her own terms. With a new apartment, a new career, and a brand new outlook on life, she’s all set to take the world by storm. If only the world would stop throwing her curveballs... Everyone has warned new-minted realtor Savannah Martin that real estate is a cutthroat business. But Savannah doesn’t think she’s supposed to take the warning literally ... until an early morning phone call sends her to an empty house on the ‘bad’ side of town, where she finds herself standing over the butchered body of a competitor, face to face with the boy her mother always warned her about. Rafe Collier is six feet three inches of testosterone and trouble; tall, dark, and dangerous, with a murky past and no future—not the kind of guy a perfect Southern Belle should want to tangle with. In any way. But wherever Savannah turns, there he is, and making no bones about what he wants from her. Now Savannah must figure out who killed real estate queen Brenda Puckett, make a success of her new career, and avoid getting killed—or kissed—by Rafe, all before the money in her savings account runs out and she has to go back to selling make-up at the mall. A devastating disaster at sea . . . an officer who refuses to hide the truth. . . a courtroom confrontation with far-reaching implications . . . The Perfect Storm meets A Civil Action in a gripping account of one of the most significant shipwrecks of the twentieth century. In 1983 the Marine Electric, a "reconditioned" World War II vessel, was on a routine voyage thirty miles off the East Coast of the United States when disaster struck. As the old coal carrier sank, chief mate Bob Cusick watched his crew – his friends and colleagues – succumb to the frigid forty-foot waves and subzero winds of the Atlantic. Of the thirty-four men aboard, Cusick was one of only three to survive. And he soon found himself facing the most critical decision of his life: whether to stand by the Merchant Marine officers' unspoken code of silence, or to tell the truth about why his crew and hundreds of other lives had been unnecessarily sacrificed at sea. Like many other ships used by the Merchant Marine, the Marine Transport Line's Marine Electric was very old and made of "dirty steel" (steel with excess sulfur content). Many of these vessels were in terrible condition and broke down frequently. Yet the government persistently turned a blind eye to the potential dangers, convinced that the economic return on keeping these ships was worth the risk. Cusick chose to blow the whistle. Until the Sea Shall Free Them re-creates in compelling detail the wreck of the Marine Electric and the legal drama that unfolded in its wake. With breathtaking immediacy, Robert Frump, who covered the story for the Philadelphia Inquirer, describes the desperate battle waged by the crew against the forces of nature. Frump also brings to life Cusick's internal struggle. He knew what happened to those who spoke out against the system, knew that he too might be stripped of his license and prosecuted for "losing his ship," yet he forged ahead. In a bitter lawsuit with owners of the ship, Cusick emerged victorious. His expose of government inaction led to vital reforms in the laws regarding the safety of ships; his courageous stand places him among the unsung heroes of our time.

Why have so many central and inner cities in Europe, North America and Australia been so radically revamped in the last three decades, converting urban decay into new chic? Will the process continue in the twenty-first century or has it ended? What does this mean for the people who live there? Can they do anything about it? This book challenges conventional wisdom, which holds gentrification to be the simple outcome of new middle-class tastes and a demand for urban living. It reveals gentrification as part of a much larger shift in the political economy and culture of the late twentieth century.

Documenting in gritty detail the conflicts that gentrification brings to the new urban 'frontiers', the author explores the interconnections of urban policy, patterns of investment, eviction, and homelessness. The failure of liberal urban policy and the end of the 1980s financial boom have made the end-of-the-century city a darker and more dangerous place. Public policy and the private market are conspiring against minorities, working people, the poor, and the homeless as never before. In the emerging revanchist city, gentrification has become part of this policy of revenge.

But when her perfect husband turns out to be a lying, cheating slimeball, Savannah kicks him to the curb and embarks on life on her own terms. With a new apartment, a new career, and a brand new outlook on life, she's all set to take the world by storm. If only the world would stop throwing her curveballs...

A CUTTHROAT BUSINESS - #1 Everyone has warned new-minted realtor Savannah Martin that real estate is a cutthroat business. But Savannah doesn't think she's supposed to take the warning literally ... until an early morning phone call sends her to an empty house on the 'bad' side of town, where she finds herself standing over the butchered body of a competitor, face to face with the boy her mother always warned her about. Rafe Collier is six feet three inches of testosterone and trouble; tall, dark, and dangerous, with a murky past and no future—not the kind of guy a perfect Southern Belle should want to tangle with. In any way. But wherever Savannah turns, there he is, and making no bones about what he wants from her. Now Savannah must figure out who killed real estate queen Brenda Puckett, make a success of her new career, and avoid getting killed—or kissed—by Rafe, all before the money in her savings account runs out and she has to go back to selling make-up at the mall.

HOT PROPERTY - #2 When Savannah Martin's fellow Realtor and friend Lila Vaughn is robbed during an open house, Savannah rushes to the rescue with tea and sympathy, or at least a really good lunch and a shoulder to cry on. However, Lila seems more peeved than distraught, and her main gripe is that the sexy robber who tied her to a kitchen chair—for her own good—didn't follow her suggestion to tie her to the bed instead. Lila's description of the man fits Savannah's old school-mate Rafael Collier to a T. Rafe has recently turned up in Savannah's life again, and he isn't above doing a little breaking and entering.

Metro Nashville Homicide Detective Tamara Grimaldi is of the same opinion,

and when Lila turns up dead, tied to her bed and strangled, Rafe becomes a suspect. Now Savannah must get busy finding the real murderer before Detective Grimaldi can arrest the wrong man.

CONTRACT PENDING - #3 Absence makes the heart grow fonder, they say, and Realtor Savannah Martin is certainly learning the truth of that statement. It's been a month and a half since Rafael Collier left town, after the robbery ring he was part of got broken up by the police, and although Savannah knows it would be hideously inappropriate—not to mention supremely stupid—to miss him, she wishes he'd come back soon. His grandmother's ailing, the nurse he hired to take care of her has disappeared, and somebody is watching the house and following Savannah as she goes about the business of bringing her first real estate transaction to a close. But when Rafe comes back, things only go from bad to worse. Resident nurse Marquita Johnson is found murdered, and Metro Nashville Homicide Detective Tamara Grimaldi is asked to handle the case. It doesn't take long for her to focus her interest, once again, on Rafe. As Savannah finally learns the truth about him, she finds herself in the path of a killer more ruthless than any she has encountered yet, a killer who won't be swayed from his purpose and who isn't too particular whom he has to go through to get to Rafe. Now Savannah has to make the choice between staying safe by accepting Todd Satterfield's proposal, or taking a chance on losing her heart and her life by trying to help Rafe, as the term 'contract pending' takes on a whole new meaning.
