Steven Gould Axelrod, Camille Roman, and Thomas Travisano continue the standard of excellence set in Volumes I and II of this extraordinary anthology.

Volume III provides the most compelling and wide-ranging selection available of American poetry from 1950 to the present. Its contents are just as diverse and multifaceted as America itself and invite readers to explore the world of poetry in the larger historical context of American culture. Nearly three hundred poems allow readers to explore canonical works by such poets as Elizabeth Bishop, Robert Lowell, and Sylvia Plath, as well as song lyrics from such popular musicians as Bob Dylan and Queen Latifah. Because contemporary American culture transcends the borders of the continental United States, the anthology also includes numerous transnational poets, from Julia de Burgos to Derek Walcott. Whether they are the works of oblique avant-gardists like John Ashbery or direct, populist poets like Allen Ginsberg, all of the selections are accompanied by extensive introductions and footnotes, making the great poetry of the period fully accessible to readers for the first time.

Ray Norman spent most of his life living in far-flung corners of the globe, working on long-term development projects and living out his calling as a Christian professional. By the time he arrived in the Islamic Republic of Mauritania around the turn of the millennium, he was veteran of life as an expat, at home in countries and cultures not his own. But in 2001, the world was about to change—and so was Ray's life. In the aftermath of 9/11—a time when tensions between Muslim and Western culture were peaking—Ray and his daughter, Hannah, made the short drive from their home to the Mauritanian beach. But instead of spending the afternoon enjoying the waves and the water, father and daughter found themselves hurtling back to the city, each with a bullet-hole pumping blood into the floorboards of their jeep. *Dangerous Love* is an account of the Normans' brush with violent extremism—and of the family's unexpected

return to Mauritania in the face of terrifying risks. This is the story of a call that could not be denied and of a family's refusal to give up on love.

The Vigilant Citizen 2018 Volume 2: Music Business Firetrail Publishing

"The Dangerous Lover takes seriously the ubiquity of the brooding romantic hero - his dark past, his remorseful and rebellious exile from comfortable everyday living. Deborah Lutz traces the recent history of this figure, through the melancholy iconoclasm of the Romantics, the lost soul redeemed by love of the Brontes, and the tormented individualism of twentieth-century love narratives. The Dangerous Lover is the first book-length study of this pervasive literary hero; it also challenges the tendency of sophisticated philosophical readings of popular narratives and culture to focus on male-coded genres. In its conjunction of high and low literary forms, this volume explores new historical and cultural framings for female-coded popular narratives."--BOOK JACKET.

In an unorthodox approach, Georgetown University professor Cal Newport debunks the long-held belief that "follow your passion" is good advice, and sets out on a quest to discover the reality of how people end up loving their careers. Not only are pre-existing passions rare and have little to do with how most people end up loving their work, but a focus on passion over skill can be dangerous, leading to anxiety and chronic job hopping. Spending time with organic farmers, venture capitalists, screenwriters, freelance computer programmers, and others who admitted to deriving great satisfaction from their work, Newport uncovers the strategies they used and the pitfalls they avoided in developing their compelling careers. Cal reveals that matching your job to a pre-existing passion does not matter. Passion

comes after you put in the hard work to become excellent at something valuable, not before. In other words, what you do for a living is much less important than how you do it. With a title taken from the comedian Steve Martin, who once said his advice for aspiring entertainers was to "be so good they can't ignore you," Cal Newport's clearly written manifesto is mandatory reading for anyone fretting about what to do with their life, or frustrated by their current job situation and eager to find a fresh new way to take control of their livelihood. He provides an evidence-based blueprint for creating work you love, and will change the way you think about careers, happiness, and the crafting of a remarkable life.

The Art of Ageing: Textualising the Phases of Life Forever Yours

When Kate Lock first met Tim Franklin she was a naive undergraduate, and he was a charismatic mature student. One night in the pub he casually revealed that he was a 'lifer'. A domestic dispute had taken a tragic turn, an accidental death, he said. It was the start of an explosive relationship which began in passionate union and ended in emotional cruelty. But it was only when Kate tried to leave him that she discovered how potentially dangerous he really was. And only when he died, leaving her a legacy of murder to investigate, did she understand the Machiavellian deception of the man and the pathological pattern of his love. *Dangerous Love* is a stunning memoir of a true romance that became a living nightmare, and ended with the discovery of a Christie-style murder that rocked the North.

A Dangerous Love Brooke Summers

This book examines the influence of John Marston, typically seen as a minor figure among early modern dramatists, on his colleague Ben Jonson. While Marston is usually famed more for his very public rivalry with Jonson than for the quality of his plays, this book argues that such a view of Marston seriously underestimates his importance to the theatre of his time. In it, the author contends that Marston's plays represent an experiment in a new kind of satiric drama, with origins in the humanist tradition of *serio ludere*. His works—deliberately unpredictable, inconsistent and metatheatrical—subvert theatrical conventions and provide confusingly multiple perspectives on the action, forcing their spectators to engage actively with the drama and the moral dilemmas that it presents. The book argues that Marston's work thus anticipates and perhaps influenced the mid-period work of Ben Jonson, in plays such as *Sejanus*, *Volpone* and *The Alchemist*.
