*A Day in the Life of*

*California A Day in the Life*

"Stark . . . the story of how one falsely accused convict and his fellow prisoners survived or perished in an arctic slave labor camp after the war."—Time

From the icy blast of reveille through the sweet release of sleep, Ivan Denisovich endures. A common carpenter, he is one of millions viciously imprisoned for countless years on baseless charges, sentenced to the waking nightmare of the Soviet work camps in Siberia. Even in the face of degrading hatred, where life is reduced to a bowl of gruel

and a rare cigarette, hope and dignity prevail. This powerful novel of fact is a scathing indictment of Communist tyranny, and an eloquent affirmation of the human spirit. The prodigious works of Alexander Solzhenitsyn, including his acclaimed *The Gulag Archipelago*, have secured his place in the great tradition of Russian literary giants.

---

Ironically, One Day in the Life of Ivan Denisovich is the only one of his works permitted publication in his native land. Praise for One Day in the Life of Ivan Denisovich "Cannot fail to arouse bitterness and pain in the heart of the reader. A literary and political event of the first magnitude."—New Statesman "Both as a political tract and as

a literary work, it is in the Doctor Zhivago category."—Washington Post "Dramatic . . . outspoken . . . graphically detailed . . . a moving human record."—Library Journal [A Day in the Life](#) Harper San Francisco Captioned photographs describe everyday life in California. [One Day of Life](#) Vintage Packed with comics, diagrams, and "secret diaries," this book is a wondrous, encyclopedic glance at a dizzying host of

different things—from hearts to farts to coconuts—and makes a hilarious and informative guide for curious young readers. Join the hilarious exploration of "a day in the life" of nearly 100 things on Earth. Find out what exactly your tongue does all day long, how a Japanese knotweed destroys everything in its path, and why no two snowflakes are ever the same. From the gross and smelly to the beautiful and fascinating, this book is a treasure trove of entertaining information. [How to Live on 24 Hours a Day](#)

Harper San Francisco While spending the day in the Robinson household, Wilbur's best friend Lewis helps search for Grandfather Robinson's missing false teeth in this classic picture book from William Joyce that inspired the Disney animated sci-fi comedy, Meet the Robinsons! No need to knock, just step right in. You're just in time to two-step with Grandfather Robinson and his dancing frog band. Cousin Laszlo is

demonstrating his new antigravity device. And Uncle Art's flying saucer is parked out back. It seems like all the Robinson relatives are here, so be prepared. And keep your head down...Uncle Gaston is testing out the family cannon. Oh, and watch where you sit, Grandpa's lost his teeth again. Welcome to the Robinson's.

**The Presentation of Self in Everyday Life**

Collins We didn't know where it was all going. We just didn't know. One day in

September 1968 Don McCullin, then regarded as the world's most accomplished war photographer, received a commission from the Apple Corporation to spend a day photographing the Beatles. McCullin had just returned from covering the bitter fighting during the Tet Offensive in Vietnam, and was the most hardened photojournalist in the field. He was astonished by the invitation. On Sunday 28 July

---

he met the Beatles at the Sunday Times studio and began to photograph them in colour for a Life magazine cover. The day that followed has become known in Beatles lore as 'The Mad Day Out?. McCullin shot twenty rolls of black-and-white film in various locations across London, from the banks of the Thames to Paul McCartney's garden. Apart from the cover photograph and two pictures in McCullin's recent book In England, we believe the work to be otherwise unpublished. The timing of this day was significant. At the height of their international fame following the release of Sgt. Pepper's Lonely Hearts Club Band, the Beatles were in the middle of recording the White Album. The war was raging in Vietnam and riots had spread through capital cities worldwide. It was the very moment of a generational divide, and the Beatles were the iconic figureheads of the youth movement. One of the most poignant photographs taken that day was of John Lennon posing as dead, surrounded by the other three, in an image that he himself had carefully choreographed. What was an intentional pose in protest is now seen as tragic and prophetic. These pictures are of four inspired musicians on the cusp of the change. They

---

mark the passing of an era in which we can glimpse our own lost youth. *A Day in the Life of Canada* Anchor A New York Times Bestseller "A rich portrait of the urban poor, drawn not from statistics but from vivid tales of their lives and his, and how they intertwined." —The Economist "A sensitive, sympathetic, unpatronizing portrayal of lives that are usually ignored or lumped into ill-defined stereotype." —Financial Times Foreword by Stephen J. Dubner, coauthor

of Freakonomics When first-year graduate student Sudhir Venkatesh walked into an abandoned building in one of Chicago's most notorious housing projects, he hoped to find a few people willing to take a multiple-choice survey on urban poverty--and impress his professors with his boldness. He never imagined that as a result of this assignment he would befriend a gang leader named JT and spend the better part of a decade embedded inside the projects under JT's protection.

From a privileged position of unprecedented access, Venkatesh observed JT and the rest of his gang as they operated their crack-selling business, made peace with their neighbors, evaded the law, and rose up or fell within the ranks of the gang's complex hierarchical structure. Examining the morally ambiguous, highly intricate, and often corrupt struggle to survive in an urban war zone, *Gang Leader* for a Day also tells the story of the complicated

---

friendship that develops between Venkatesh and JT--two young and ambitious men a universe apart. Sudhir Venkatesh's latest book *Floating City: A Rogue Sociologist Lost and Found in New York's Underground Economy*—a memoir of sociological investigation revealing the true face of America's most diverse city—is also published by Penguin Press. *A Day in the Life of the Beatles* Harpercollins Canada Contains color and black and white photographs taken

over a twenty-four hour period in the United States. *A Day in the Life of India* Simon and Schuster Extraordinary pictures of ordinary events capture twenty-four hours of Japan on June 7, 1985 *A Day in the Life of Italy* Capstone Physics professor, bestselling author, and dynamic storyteller James Kakalios reveals the mind-bending science behind the seemingly basic things that keep our daily lives

running, from our smart phones and digital “clouds” to x-ray machines and hybrid vehicles. Most of us are clueless when it comes to the physics that makes our modern world so convenient. What's the simple science behind motion sensors, touch screens, and toasters? How do we glide through tolls using an E-Z Pass, or find our way to new places using GPS? In *The Physics of Everyday Things*,

---

James Kakalios takes us on an amazing journey into the subatomic marvels that underlie so much of what we use and take for granted. Breaking down the world of things into a single day, Kakalios engages our curiosity about how our refrigerators keep food cool, how a plane manages to remain airborne, and how our wrist fitness monitors keep track of our steps. Each

explanation is coupled with a story revealing the interplay of the astonishing invisible forces that surround us. Through this “narrative physics,” *The Physics of Everyday Things* demonstrates that—far from the abstractions conjured by terms like the Higgs Boson, black holes, and gravity waves—so sophisticated science is also quite practical. With his signature clarity and inventiveness, Kakalios ignites

our imaginations and enthralls us with the principles that make up our lives.

*A Day in the Life of Australia* Harper 100% of Last Week Tonight's proceeds will be donated to The Trevor Project and AIDS United. HBO's Emmy-winning *Last Week Tonight with John Oliver* presents a children's picture book about a Very Special boy bunny who falls in love with another boy bunny. Meet Marlon Bundo, a lonely bunny who lives with his Grampa, Mike Pence - the Vice President of the United States. But on this Very Special Day,

---

Marlon's life is about to change forever... With its message of tolerance and advocacy, this charming children's book explores issues of same sex marriage and democracy. Sweet, funny, and beautifully illustrated, this book is dedicated to every bunny who has ever felt different.
