Dylan by Schatzberg (lower Price) Crown
On a snowy winter morning in 1961, Robert Zimmerman left Minnesota for New York City with a suitcase, guitar, harmonica and a few bucks in his pocket. Wasting no time upon arrival, he performed at the Cafe Wha? in his first day in the city, under the name Bob Dylan. Over the next decade the cultural milieu of Greenwich Village would foster the emergence of one of the greatest songwriters of all time. From the coffeehouses of MacDougal Street to Andy Warhol's Factory, Dylan honed his craft by drifting in and out of New York's thriving arts scenes of the 1960s and early '70s. In this revised edition, originally published in 2011, author June Skinner Sawyers captures the thrill of how a city shaped an American icon and the people and places that were the touchstones of a legendary journey.

From the world's leading authority on Bob Dylan comes the definitive biography that promises to transform our understanding of the man and musician—thanks to early access to Dylan's never-before-studied archives. In 2016 Bob Dylan sold his personal archive to the George Kaiser Foundation in Tulsa, Oklahoma, reportedly for \$22 million. As the boxes started to arrive, the Foundation asked Clinton Heylin—author of the acclaimed *Bob Dylan: Behind the Shades* and 'perhaps the world's authority on all things Dylan' (*Rolling Stone*)—to assess the material they had been given. What he found in Tulsa—as well as what he gleaned from other papers he had recently been given access to by Sony and the Dylan office—so changed his understanding of the artist, especially of his creative process, that he became convinced that a whole new biography was needed. It turns out that much of what previous biographers—Dylan himself included—have said is wrong. With fresh and revealing information on every page *A Restless, Hungry Feeling* tells the story of Dylan's meteoric rise to fame: his arrival in early 1961 in New York, where he is embraced by the folk scene; his elevation to spokesman of a generation whose protest songs provide the soundtrack for the burgeoning Civil Rights movement; his alleged betrayal when he 'goes electric' at Newport in 1965; his subsequent controversial world tour with a rock 'n' roll band; and the recording of his three undisputed electric masterpieces: *Bringing it All Back Home*, *Highway 61 Revisited* and *Blonde on Blonde*. At the peak of his fame in July 1966 he reportedly crashes his motorbike in Woodstock, upstate New York, and disappears from public view. When he re-emerges, he looks different, his voice sounds different, his songs are different. Clinton Heylin's meticulously researched, all-encompassing and consistently revelatory account of these fascinating early years is the closest we will ever get to a definitive life of an artist who has been the lodestar of popular culture for six decades.

"The girl with Bob Dylan on the cover of *Freewheelin'* broke a forty-five-year silence with this affectionate and dignified recalling of a relationship doomed by Dylan 's growing fame. " —UNCUT magazine
Suze Rotolo chronicles her coming of age in Greenwich Village during the 1960s and the early days of the folk music explosion, when Bob Dylan was finding his voice and she was his muse. A shy girl from Queens, Suze was the daughter of Italian working-class Communists, growing up at the dawn of the Cold War. It was the age of McCarthy and Suze was an outsider in her neighborhood and at school. She found solace in poetry, art, and music—and in Greenwich Village, where she encountered like-minded and politically active friends. One hot July day in 1961, Suze met Bob Dylan, then a rising musician, at a concert at Riverside Church. She was seventeen, he was twenty; they were both vibrant, curious, and inseparable. During the years they were together, Dylan transformed from an obscure folk singer into an uneasy spokesperson for a generation. *A Freewheelin' Time* is a hopeful, intimate memoir of a vital movement at its most creative. It captures the excitement of youth, the heartbreak of young love, and the struggles for a brighter future in a time when everything seemed possible.

"In what is the most comprehensive biography of the group to date, Browne compiles a fun and fast-paced music history.... an authoritative chronicle." --Publishers Weekly
The first and most complete narrative biography of Crosby, Stills, Nash and Young, by acclaimed music journalist and *Rolling Stone* senior writer David Browne
Even in the larger-than-life world of rock and roll, it was hard to imagine four more different men. David Crosby, the opinionated hippie guru. Stephen Stills, the perpetually driven musician. Graham Nash, the tactful pop craftsman. Neil Young, the creatively restless loner. But together, few groups were as in sync with their times as Crosby, Stills, Nash and Young. Starting with the original trio's landmark 1969 debut album, the group embodied much about its era: communal musicmaking, protest songs that took on the establishment and Richard Nixon, and liberal attitudes toward partners and lifestyles. Their group or individual songs--"Wooden Ships," "Suite: Judy Blue Eyes," "After the Gold Rush," "For What It's Worth" (with Stills and Young's Buffalo Springfield), "Love the One You're With," "Long Time Gone," "Just a Song Before I Go," "Southern Cross"--became the soundtrack of a generation. But their story would rarely be as harmonious as their legendary and influential vocal blend. In the years that followed, these four volatile men would continually break up, reunite, and disband again--all against a backdrop of social and musical change, recurring disagreements and jealousies, and self-destructive tendencies that threatened to cripple them both as a group and as individuals. In Crosby, Stills, Nash and Young: *The Wild, Definitive Saga of Rock's*

Greatest Supergroup, longtime music journalist and Rolling Stone writer David Browne presents the ultimate deep dive into rock and roll's most musical and turbulent brotherhood on the occasion of its 50th anniversary. Featuring exclusive interviews with David Crosby and Graham Nash along with band members, colleagues, fellow superstars, former managers, employees, and lovers—and with access to unreleased music and documents—Browne takes readers backstage and onstage, into the musicians' homes, recording studios, and psyches, to chronicle the creative and psychological ties that have bound these men together—and sometimes torn them apart. This is the sweeping story of rock's longest-running, most dysfunctional, yet pre-eminent musical family, delivered with the epic feel their story rightly deserves.

FULLY REVISED AND UPDATED. "The coolest class on campus" — The New York Times When the Nobel Prize for Literature was awarded to Bob Dylan in 2016, a debate raged. Some celebrated, while many others questioned the choice. How could the world's most prestigious book prize be awarded to a famously cantankerous singer-songwriter who wouldn't even deign to attend the medal ceremony? In *Why Bob Dylan Matters*, Harvard Professor Richard F. Thomas answers this question with magisterial erudition. A world expert on Classical poetry, Thomas was initially ridiculed by his colleagues for teaching a course on Bob Dylan alongside his traditional seminars on Homer, Virgil, and Ovid. Dylan's Nobel Prize brought him vindication, and he immediately found himself thrust into the spotlight as a leading academic voice in all matters Dylanological. Today, through his wildly popular Dylan seminar—affectionately dubbed "Dylan 101"—Thomas is introducing a new generation of fans and scholars to the revered bard's work. This witty, personal volume is a distillation of Thomas's famous course, and makes a compelling case for moving Dylan out of the Rock & Roll Hall of Fame and into the pantheon of Classical poets. Asking us to reflect on the question, "What makes a classic?", Thomas offers an eloquent argument for Dylan's modern relevance, while interpreting and decoding Dylan's lyrics for readers. The most original and compelling volume on Dylan in decades, *Why Bob Dylan Matters* will illuminate Dylan's work for the Dylan neophyte and the seasoned fanatic alike. You'll never think about Bob Dylan in the same way again. Treasures of Bob Dylan Oxford University Press, USA Cultural commentator John Strausbaugh's *The Village* is the first complete history of Greenwich Village, the prodigiously influential and infamous New York City neighborhood. From the Dutch settlers and Washington Square patricians, to the Triangle Shirtwaist fire and Prohibition-era speakeasies; from Abstract Expressionism and beatniks, to Stonewall and AIDS, the connecting narratives of *The Village* tell the story of America itself. Illustrated with historic black-and-white photographs, *The Village* features lively, well-researched profiles of many of the people who made Greenwich Village famous, including Thomas Paine, Walt Whitman, Edna St. Vincent Millay, Mark Twain, Margaret Sanger, Eugene O'Neill, Marcel Duchamp, Upton Sinclair, Willa Cather, Jack Kerouac, Allen Ginsberg, Jackson Pollock, Anais Nin, Edward Albee, Charlie Parker, W. H. Auden, Woody Guthrie, James Baldwin, Maurice Sendak, E. E. Cummings, and Bob Dylan. *Will You Miss Me When I'm Gone?* Random House Incorporated

"The greatest female artist of the 20th century" — Elton John This first-ever biography of Nina Simone caused quite a stir among reviewers. "A chastening read", said the *Sunday Times*; "Simone's story is as harrowing as it is remarkable", said the *Yorkshire Post*. No-one was quite prepared for the life story of the singer of such enduringly uplifting classics as "My Baby Just Cares for Me" turning out to be such a chilling litany of mental disorder, vile temper, terrible abuse at the hands of bad men, and a self-destructively hostile attitude all too often to the acolytes who came to see her perform. Brun-Lambert shows how Simone saw herself as a lifelong victim of racism, right from being turned down by the prestigious music school that would have enabled her to become a classical musician. Undiagnosed bipolar disorder, he argues, added to her torment. But it was her unforgettable voice, and, at best, her utterly magnetic performances, that kept people coming to a sold-out Ronnie Scott's every time she was in residency, and the way she sang her hardest songs like "Mississippi Goddam" with such fire and fury that they became anthems of political change, and means so many people can only be curious about the real life of the mercurial woman behind the piano. David Brun-Lambert is a highly regarded French writer and broadcaster. *Play On* Vintage

Schatzberg's essential iconic photographs of Bob Dylan, including studio portraits, on-stage performances, recording studio outtakes and more (many published for the first time)* The photographer of the cover and liner images of Dylan's acclaimed 1966 album 'Blonde On Blonde'* Widely recognized as the foremost body of images of Bob Dylan, Nobel laureate, from a pinnacle point in his career* Schatzberg's essential images not only stand the test of time, but also have become visually synonymous with one of the most important artists of the twentieth century. *Dylan by Schatzberg* is a comprehensive record of those moments, in photos and memories presented for the first time as a single subject monograph* Includes reprints of seminal interviews, including "A Night with Bob Dylan" by Al Aronowitz, originally published in the *New York Herald Tribune* in 1965* Original text/interview with Jerry Schatzberg & Jonathan Lethem In 1965, photographer Jerry Schatzberg, already well-established in the field due to his fashion and portrait photography for various publications, such as *Vogue*, *Esquire* and *Life*, listened to Bob Dylan for the first time. He had been hearing about the singer for close to three years; two friends were especially dogged and would ask him every time they spoke if he had heard the music yet. Finally, feeling obligated to them for their persistency, he listened and understood immediately why Dylan was inspiring such passionate excitement. Shortly thereafter, Schatzberg was photographing a job in his studio and had some fortuitous company. Famed music journalist Al Aronowitz and disc jockey Scott Ross were discussing Dylan and a recent performance they had seen of his. Half listening to their conversation, he volunteered that he'd like to photograph the singer if given the chance. Dylan's new wife (one of the friends mentioned above) called the following day and gave him an open invitation to the studio where he was currently recording 'Highway 61 Revisited'. Excited and curious, Schatzberg set off the very next day for the studio, exactly six days after the seminal Newport Folk Festival set where Dylan went electric and was collectively booed. Schatzberg received a warm welcome from the singer, who immediately sat him down to listen to what he had been recording that day. Dylan gave him free rein of the studio once he started shooting and the images that emerged from that day make obvious the comfortable and relaxed atmosphere that was already brewing between photographer and subject. Considering Dylan's almost-universal dislike of journalists (and by extension photographers), this was a completely unprecedented situation, one that Schatzberg took seriously. That almost-instant trust and rapport quickly grew into a friendship and they are part of the reason Schatzberg's sittings with Dylan work so successfully and are so important. Dylan is relaxed, he's funny, he takes the props that the photographer gives him and has fun with them - he's obviously not taking himself too seriously. Working and socializing together, Schatzberg would eventually do nine more photo shoots with Dylan from 1965-6, arguably the singer's most creative period, and capture the (now) Nobel laureate during one of the most pivotal moments in music history. Part of their uniqueness is their basic broad range of intimate and public locations: music and photography studios, live performances and street portraits. But more than that, each session (including the one for possibly his greatest album, 'Blonde on Blonde') says something different about Dylan, the man and the musician, and manages to perfectly capture the many facets of one of the most unique, complex and mysterious individuals of all time. *On the Road with Bob Dylan* W W Norton & Company Incorporated

A unique look at Nobel Prize winner Bob Dylan's place in American cultural history through unprecedented access to Dylan's studio tapes, recording notes, and rare photographs. Sean Wilentz discovered Bob Dylan's music as a teenager growing up in Greenwich Village. Now, almost half a century later, he revisits Dylan's work with the skills of an eminent American historian as well as the passion of a fan. Beginning with Dylan's explosion onto the scene in 1961, Wilentz follows the emerging artist as he develops a body of work unique in America's cultural history. Using his unprecedented access to studio tapes, recording notes, and rare photographs, he places Dylan's music in the context of its time and offers a stunning critical appreciation of Dylan both as a songwriter and performer.

Dark Star A Freewheelin' Time

The companion book to the groundbreaking PBS and BBC documentary series celebrating the pioneers and artists of American roots music—blues, gospel, folk, Cajun, Appalachian, Hawaiian, Native American—without which there would be no jazz, rock, country R&B, or hip hop today. Jack White, T. Bone Burnett, and Robert Redford have teamed up to executive produce American Epic, a historical music project exploring the pivotal recording journeys of the early twentieth century, which for the first time captured the breadth of American music and made it available to the world. It was, in a very real way, the first time America truly heard herself. In the 1920s and 1930s, as radio took over the pop music business, record companies were forced to leave their studios in major cities in search of new styles and markets. Ranging the mountains, prairies, rural villages, and urban ghettos of America, they discovered a wealth of unexpected talent—farmers, laborers, and ethnic minorities playing styles that blended the intertwining strands of Europe, Africa, Asia, and the Americas. These recordings form the bedrock for modern music as we know it, but during the Depression many record companies went out of business and more than ninety percent of the fragile 78 rpm discs were destroyed. Fortunately, thanks to the continuing efforts of cultural detectives and record devotees, the stories of America's earliest musicians can finally be told. Bernard MacMahon and Allison McGourty, who directed and produced the documentary with American musician Duke Erikson, spent years traveling around the US in search of recollections of those musical pioneers. Their fascinating account, written with the assistance of prize-winning author Elijah Wald, continues the journey of the series and features additional stories, never-before-seen photographs, and unearthed artwork. It also contains contributions from many of the musicians who participated including Taj Mahal, Nas, Willie Nelson, and Steve Martin, plus a behind-the-scenes look at the incredible journey across America. *American Epic* is an extraordinary testament to our country's musical roots, the transformation of our culture, and the artists who gave us modern popular music.
