NAMED ONE OF THE BEST BOOKS OF THE YEAR BY RT BOOK REVIEWS • An ambitious beauty seeking a spot among the elite is thwarted by a most disruptive gentleman in Cecilia Grant's witty, elegant, and exquisitely sensual novel. Kate

Westbrook has dreams far bigger than romance. Love won't get her into London's most consequential parties, nor prevent her sisters from being snubbed and looked down upon—all because their besotted father unadvisedly married an actress. But a noble husband for Kate would deliver a future most suited to the granddaughter of an earl. Armed with ingenuity, breathtaking beauty, and the help of an idle aunt with connections, Kate is poised to make her dreams come true. Unfortunately, a familiar face—albeit a maddeningly handsome one—appears bent on upsetting her scheme. Implored by Kate's worried father to fend off the rogues eager to exploit his daughter's charms, Nick Blackshear has set aside the torch he's carried for Kate in order to do right by his friend. Anyway, she made quite clear that his feelings were not returned—though policing her won't abate Nick's desire. Reckless passion leads to love's awakening, but time is running out. Kate must see for herself that the charms of high society are nothing compared to the infinite sweet pleasures demanded by the heart. Praise for *A Woman Entangled* “In the third of her Blackshear family series, Grant tackles class distinction and complex family dynamics in a wonderful sensual romance and witty tale in the style of Jane Austen . . . Grant skillfully takes a shallow, immature heroine and develops her into a likable, admirable grown woman. Grant is a smart, innovative, clever writer.” —RT Book Reviews “Wielding a deliciously sharp wit that even Jane Austen would envy, Grant delivers yet another cleverly conceived and deftly choreographed Regency historical that is both lushly sensual and thoroughly romantic. Readers who have yet to discover Grant's impeccably written romances are in for a rare treat.” —Booklist (starred review)

“An emotionally rich, sensually lush romance.” —Kirkus Reviews “Cecilia Grant is swiftly becoming one of my favorite historical romance authors, with her complex characters and thoughtful explorations of how their historical period shapes them. If you love multifaceted stories, definitely give her work a try!” —Heroes and Heartbreakers “The writing and characterization is every bit as good as I've come to expect, and Ms. Grant's economic, restrained style works beautifully to allow the depth of emotion that bubbles under the surface throughout the story to speak for itself. There is no verbiage for the sake of it; this author pays her readers the huge compliment of trusting us with her material and letting us work things out for ourselves.” —All About Romance

Matilda Westcott has spent her life tending to the needs of her mother, the Dowager Countess of Riverdale, never questioning the web of solitude she has spun herself. Charles Sawyer, Viscount Dirkson, does not expect to face Matilda Westcott thirty-six years after their failed romance. Moreover, he does not expect decades-old feelings to emerge at the very sight of her. When encountering Matilda at a dinner hosted by the Earl of Riverdale, he finds himself as fascinated by her as he was the first day they met, and wonders whether, after all these years, they have a chance at happiness together. Charles is determined to crack the hard exterior Matilda has built up for more than three decades, or he will risk losing her once again....

Leadership in universities is physically, intellectually and emotionally demanding work. It involves multiple and complex tasks and responsibilities such as staff management, strategic management, operational planning, financial and resources management, policy development, quality assurance processes, improving student outcomes, and engaging with community and the professions/industry. Leadership is not simply the act of being a leader, it is the act of leadership that projects 'success' and 'desirable' attributes. Leadership has the capacity to be deeply seductive yet it is not an immediately attractive option for women, particularly for those who carry the burden of family and domestic responsibilities, for whom finding a space for leading is no easy task. Yet despite the almost pessimistic research evidence, women are in

senior leadership positions in higher education, however precarious their numbers. There can be little doubt that universities benefit from diversity in their student and staff population. This book addresses the central questions; Who are the women who survive and occupy elite leadership roles in universities? How might their leadership be shaped by and a consequence of institutional climate? What strategies do they learn and adopt and how do they lead and manage their female colleagues? What about those women who do not 'fit' the gender script? The chapters overview the changing policy landscape in higher education; provide a critical commentary on the interplay between gender, leadership, higher education, and organisational diversity, and draw on education and critical management literatures in order to offer a broader understanding of gender and elite leadership; This book will be essential reading for anyone involved or interested in higher education policy and management, academic leadership, organisational diversity and gender studies.
