Isaiah: We were destined to burn from the second I laid eyes on her. Within every dark corner of St. Mary's Boarding School, watchful eyes tracked our every move. My guilty conscience whispered unjust excuses in my ear anytime we touched. Our futures suddenly became unclear, and the already blurred lines became blurrier. A past we didn't know existed turned our walls of self-preservation to rubble. The truth was suddenly revealed, and our plan went up in flames. Gemma thought I was the one letting her fall into the ashes. But little did she know, I was there to watch her rise. Bad Boys Never fall is book two in the St. Mary's Duet and concludes Gemma & Isaiah's story. Bad Boys Never Fall is intended for readers 18+ and deals with subjects that some may find triggering.

**Girl Love Happens** HarperCollins UK

The three books of the New York Times, USA Today, and Publishers Weekly bestselling Gemma Doyle trilogy available together for the first time, from the author of The Diviners series and Going Bovine. This collection contains the complete text of the three Gemma Doyle novels, a deliciously sweeping and haunting saga that won't let you go. It's the only way to get all three of Libba Bray's critically acclaimed novels in one bundle. A Great and Terrible Beauty: Gemma Doyle finds an icy reception at the Spence Academy in London, where she becomes entangled with the leader of the school's most powerful clique and discovers her own mother's connection to a shadowy group called the

Order. Rebel Angels: Gemma is looking forward to spending time in London over Christmas, but her troubled visions of three girls dressed in white are intensifying and only the enchanted realms can give Gemma the answers she needs. The Sweet Far Thing: In a world where rules are everything, can a girl like Gemma survive? The conclusion to the bestselling series. Praise for Libba Bray's novels: A Great and Terrible Beauty "A delicious, elegant gothic."—PW, Starred "Shivery with both passion and terror."—Kirkus Reviews "A true boarding-school drama, full of cattiness, Victorian repression, and steamy schoolgirl dreams of being ravished by virile gypsies."—The Bulletin, Recommended Rebel Angels "This extraordinary novel moves along at breathtaking speed from beginning to end . . . astounding."—VOYA in a Perfect 10 Review "Remarkable."—SLJ The Sweet Far Thing "A rare treat that offers a bit of everything—romance, magic, history, Gothic intrigue—and delivers on all of it in 819 beautifully crafted pages."—People "A triumphant conclusion of the trilogy begun in A Great and Terrible Beauty."—PW, in its Best Books of the Year review Going Bovine "Libba Bray's fabulous new book will, with any justice, be a cult classic. The kind of book you take with you to college, in the hopes that your roommate will turn out to have packed their own copy, too. Reading it is like discovering an alternate version of The Phantom Tollbooth, where Holden Caulfield has hit Milo over the head and stolen his car, his token, and his tollbooth. There's adventure and tragedy here, a sprinkling of romance, musical interludes, a battle-

ready yard gnome who's also a Norse God, and practically a chorus line of physicists. Which reminds me: will someone, someday, take Going Bovine and turn it into a musical, preferably a rock opera? I want the soundtrack, the program, the T-shirt, and front row tickets."—Kelly Link, author of Get in Trouble "Libba Bray not only breaks the mold of the ubiquitous dying-teenager genre—she smashes it and grinds the tiny pieces into the sidewalk. For the record, I'd go anywhere she wanted to take me."—The New York Times "A sublimely surreal saga."—People "Offer this to fans of Douglas Adams's Hitchhiker's Guide to the Galaxy seeking more inspired lunacy."—PW, Starred [A Novel](#) Scholastic Inc.

It has been a year of change since Gemma Doyle arrived at the foreboding Spence Academy. Having bound the wild, dark magic of the realms to her, Gemma has forged unlikely and unsuspected new alliances both with the headstrong Felicity and timid Ann, Kartik, the exotic young man whose companionship is forbidden, and the fearsome creatures of the realms. Now, as Gemma approaches her London debut, the time has come to test those bonds. As her friendship with Felicity and Ann faces its gravest trial, and with the Order grappling for control of the realms, Gemma is compelled to decide once and for all which path she is meant to take. Pulled forward by fate, the destiny Gemma faces threatens to set chaos loose, not only in the realms, but also upon the rigid Victorian society whose rules Gemma has both defied and followed. Where does Gemma really belong? And will she, can she, survive?

[Heiress Apparently \(Daughters of the Dynasty\)](#) Michael O'Mara Books

In this thrilling sequel, Gemma continues to pursue her destiny to bind the magic of the Realms and restore it to the Order.

Gemma and her friends from Spence use magical power to transport themselves on visits from their corseted world of Victorian London (at the height of the Christmas season), to the visionary country of the Realms, with its strange beauty and

menace. There they search for the lost Temple, the key to Gemma's mission, and comfort Pippa, their friend who has been left behind in the Realms. After these visits they bring back magical power for a short time to use in their own world. Meanwhile, Gemma is torn between her attraction to the exotic Kartik, the messenger from the opposing forces of the Rakshana, and the handsome but clueless Simon, a young man of good family who is courting her. This is the second book in Libba Bray's engrossing trilogy, set in a time of strict morality and barely repressed sensuality, about a girl who saw another way.

From Gemma Hartley, the journalist who ignited a national conversation on emotional labor, comes *Fed Up*, a bold dive into the unpaid, invisible work women have shouldered for too long—and an impassioned vision for creating a better future for us all. Day in, day out, women anticipate and manage the needs of others. In relationships,

we initiate the hard conversations. At home, we shoulder the mental load required to keep our households running. At work, we moderate our tone, explaining patiently and speaking softly. In the world, we step gingerly to keep ourselves safe. We do this largely invisible, draining work whether we want to or not—and we never clock out. No wonder women everywhere are overtaxed, exhausted, and simply fed up. In her ultra-viral article “Women Aren’t Nags—We’re Just Fed Up,” shared by millions of readers, Gemma Hartley gave much-needed voice to the frustration and anger experienced by countless women. Now, in *Fed Up*, Hartley expands outward from the everyday frustrations of performing thankless emotional labor to illuminate how the expectation to do this work in all arenas—private and public—fuels gender inequality, limits our opportunities, steals our time, and adversely affects the quality of our lives. More than just name the problem, though, Hartley teases apart the cultural messaging that has led us here and asks how we can shift the load. Rejecting easy solutions that don’t ultimately move the needle, Hartley offers a nuanced, insightful guide to striking real balance, for true partnership in every aspect of our lives. Reframing emotional labor not as a problem to be overcome, but as a genderless virtue men and women can all learn to channel in our quest to make a better, more egalitarian world, *Fed Up* is surprising, intelligent, and empathetic essential reading for every woman who has had enough with feeling fed up.

The award-winning author of the Hexslinger Series “explores the world of film and horror in a way that will leave you reeling” (Jeff VanderMeer, author of the Southern Reach Trilogy). Former film teacher Lois Cairns is struggling to raise her autistic son while freelancing as a critic when, at a screening, she happens upon a sampled piece of silver nitrate silent footage. She is able to connect it to the early work of Mrs. Iris Dunlopp Whitcomb, the spiritualist and collector of fairy tales who mysteriously disappeared from a train compartment in 1918. Hoping to make her own mark on the film world, Lois embarks on a project to prove that Whitcomb was Canada’s first female filmmaker. But her research takes her down a path not of darkness but of light—the blinding and searing light of a fairy tale made flesh, a noontime demon who demands that duty must be paid. As Lois discovers terrifying parallels between her own life and that of Mrs. Whitcomb, she begins to fear not just for herself, but for those closest to her heart. Winner of the Shirley Jackson Award for Best Novel “One of the standout horror novels of 2015 . . . From an author who has already established herself as one of the genre’s most original and innovative voices, *Experimental Film* is a remarkable achievement.” —Los Angeles Review of Books “*Experimental Film* represents the next, significant contribution to what is emerging as one of the most interesting and exciting bodies of work currently being produced in the horror field. Every film, Lois Cairns writes, is an experiment. The same might be said of every novel. This one succeeds, wildly.” —Locus “*Experimental Film* is sensational. When we speak of the best in contemporary horror and weird fiction, we must speak of Gemma Files.” —Laird Barron
