Yosl Rakover Talks to God Princeton University Press

Countering a culture that coerces men to suppress instead of express, Jason Wilson calls readers to unlearn society's definition of masculinity and discover the power of engaging with and mastering their emotions. For decades Jason Wilson was losing the war within—the internal battle that many men wage daily but were never taught how to win. As a result, he could not combat his toxic thoughts and emotions. Instead, he was conquered by them and communicated without composure—hurting those he loved and himself. This went on until he renewed his mind by releasing years of past trauma. His life and relationships were transformed when he learned how to master his emotions and express them with self-control. In the process, Jason became a better husband, father, and leader. In *Battle Cry*, Jason equips you with the mental and spiritual weapons needed to wage and win your inner war by showing you how to master your emotions rather than be ruled by them; win internal battles before they become external wars; reject the world's definition of masculinity and embrace comprehensive manhood; communicate more effectively with the people in your life; and release trauma from your past so you can live fully to your potential in the present. You can live beyond the limitations of your mind and finally experience the life you've always longed for. You can break through what you've been through. It's time to win the war within!

Herodotus was an ancient Greek historian who lived in the fifth century BC (c.484 - 425 BC). He has been called the "Father of History", and was the first historian known to collect his materials systematically, test their accuracy to a certain extent and arrange them in a well-constructed and vivid narrative. The *Histories*—his masterpiece and the only work he is known to have produced—is a record of his "inquiry", being an investigation of the origins of the Greco-Persian Wars and including a wealth of geographical and ethnographical information. The *Histories*, were divided into nine books, named after the nine Muses: the "Muse of History", Clio, representing the first book, then Euterpe, Thaleia, Melpomene, Terpsichore, Erato, Polymnia, Ourania and Calliope for books 2 to 9, respectively.

From the Booker Prize winning author of *Amsterdam*, a brilliant new novel. On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is Robbie Turner, son of the Tallis's cleaning lady, whose education has been subsidized by Cecilia's and Briony's father, and who, like Cecilia, has recently come down from Cambridge. By day's end, their lives will be changed – irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, *An Atonement* is a profound – and profoundly moving – exploration of shame and forgiveness, of atonement and of the possibility of absolution.

Winner of the Everett Family Jewish Book of the Year Award (a National Jewish Book Award) and the

RUSA Sophie Brody Medal. In *Like Dreamers*, acclaimed journalist Yossi Klein Halevi interweaves the stories of a group of 1967 paratroopers who reunited Jerusalem, tracing the history of Israel and the divergent ideologies shaping it from the Six-Day War to the present. Following the lives of seven young members from the 55th Paratroopers Reserve Brigade, the unit responsible for restoring Jewish sovereignty to Jerusalem, Halevi reveals how this band of brothers played pivotal roles in shaping Israel's destiny long after their historic victory. While they worked together to reunite their country in 1967, these men harbored drastically different visions for Israel's future. One emerges at the forefront of the religious settlement movement, while another is instrumental in the 2005 unilateral withdrawal from Gaza. One becomes a driving force in the growth of Israel's capitalist economy, while another ardently defends the socialist kibbutzim. One is a leading peace activist, while another helps create an anti-Zionist terror underground in Damascus. Featuring an eight pages of black-and-white photos and maps, *Like Dreamers* is a nuanced, in-depth look at these diverse men and the conflicting beliefs that have helped to define modern Israel and the Middle East.

God Is Not Great Avon

Christopher Hitchens, described in the *London Observer* as "one of the most prolific, as well as brilliant, journalists of our time" takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's *Why I Am Not a Christian* and Sam Harris's recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

Earthly Remains McClelland & Stewart

A dying Jew's last words to God -- a text that is regarded as the greatest piece of writing to have emerged from the Holocaust -- the story of how it came to be written, and the afterlife of both the author and his creation. As the German tanks destroy the Warsaw Ghetto, one of the few remaining fighters, Yosl Rakover, writes out his last words to God, seals the text in a glass bottle, and thrusts it into the rubble before preparing to die. The text surfaces in Europe in the 1950s, is passed from hand to hand, is broadcast on Radio Berlin -- where it is acclaimed by Thomas Mann as a religious masterpiece -- is anthologized and translated into many languages. But what is hailed as the most important testament of the Holocaust is in fact a short story, written in 1946 for a Yiddish newspaper by a remarkable young Jew, Zvi Kolitz, in Buenos Aires, where he had gone to raise money for the Jewish underground in the struggle to establish the State of Israel. The Borgesian story of what happened to the text and to Kolitz in the fifty years since, and the detective work of German journalist Paul Badde that resulted in their eventual rejoining, form the second part of this fascinating book. And in an afterword, the great French philosopher Emmanuel Lévinas's meditation on the text is answered in a commentary by Leon Wieseltier. Already an acclaimed bestseller in Europe, *Yosl Rakover Talks to God* restores a blazing artifact of twentieth-century writing to its true setting.

Battle Cry Zondervan

If we are honest, we have to admit that there are many things we don't understand about God. We do not have final answers to the deep problems of life, and those who say they do are probably living in some degree of delusion. There are areas of mystery in our Christian faith that lie beyond the keenest scholarship or even the most profound spiritual exercises. For many people, these problems raise so many questions and uncertainties that faith itself becomes a struggle, and the very person and character of God are called into question. Chris Wright encourages us to face up to the limitations of our understanding and to acknowledge the pain and grief they can often cause. But at the same time, he wants us to be able to say, like the psalmist in Psalm 73: "But that's all right. God is ultimately in charge and I can trust him to put things right. Meanwhile, I will stay near to my God, make him my refuge, and go on telling of his deeds."

Istanbul Passage Harper

For hundreds of years, the history of the conquest of Mexico and the defeat of the Aztecs has been told in the words of the Spanish victors. Miguel León-Portilla has long been at the forefront of expanding that history to include the voices of indigenous peoples. In this new and updated edition of his classic *The Broken Spears*, León-Portilla has included accounts from native Aztec descendants across the centuries. These texts bear witness to the extraordinary vitality of an oral tradition that preserves the viewpoints of the vanquished instead of the

victors. León-Portilla's new Postscript reflects upon the critical importance of these unexpected historical accounts.

Beastly Things Harper Collins

The life and times of this iconic and enduring biblical book The book of Job raises stark questions about the meaning of innocent suffering and the relationship of the human to the divine, yet it is also one of the Bible's most obscure and paradoxical books. Mark Larrimore provides a panoramic history of this remarkable book, traversing centuries and traditions to examine how Job's trials and his challenge to God have been used and understood in diverse contexts, from commentary and liturgy to philosophy and art. Larrimore traces Job's reception by figures such as Gregory the Great, William Blake, and Elie Wiesel, and reveals how Job has come to be viewed as the Bible's answer to the problem of evil and the perennial question of why a God who supposedly loves justice permits bad things to happen to good people.
