This collection, which won the 2015 Costa Poetry Award, is an exhibition of the Dundee-born poet's stunningly accomplished adoption of the sonnet's ancient structure This collection from Don Paterson, his first since the Forward Prize – winning Rain in 2009, is a series of forty luminous sonnets. Some take a traditional form, while others experiment with the reader's conception of the sonnet, but they all share the lyrical intelligence and musical gift that has made Paterson one of our most celebrated poets. Addressed to friends and enemies, the living and the dead, children, musicians, poets, and dogs, these poems are as

ambitious in their scope and tonal range as in the breadth of their concerns. Here, voices call home from the blackout and the airlock, the storm cave and the silence, the coal shed, the war, the highway, the forest, and the sea. These are voices frustrated by distance and darkness, which ring with the " sound that fades up from the hiss, / like a glass some random draught had set ringing, / now full of its only note, its lonely call. " In 40 Sonnets, Paterson returns to some of his central themes—contradiction and strangeness, tension and transformation, the dream world, and the divided self—in some of the most powerful and formally assured poems of his career.

Max Gladstone returns with *The Ruin of Angels*, the sixth novel in the Hugo-nominated *Craft Sequence*, which *The Washington Post* calls "the best kind of urban fantasy" and NPR calls "sharp, original, and

passionate" *The God Wars* destroyed the city of Alikand. Now, a century and a half and a great many construction contracts later, Agdel Lex rises in its place. Dead deities litter the surrounding desert, streets shift when people aren't looking, a squidlike tower dominates the skyline, and the foreign Iskari Rectification Authority keeps strict order in this once-independent city—while treasure seekers, criminals, combat librarians, nightmare artists, angels, demons, dispossessed knights, grad students, and other fools gather in its ever-changing alleys, hungry for the next big score. Priestess/investment banker Kai Pohala (last seen in *Full Fathom Five*) hits town to corner Agdel Lex's burgeoning nightmare startup scene, and to visit her estranged sister Ley. But Kai finds Ley desperate at the center of a shadowy, and rapidly unravelling, business deal. When Ley ends up on the run, wanted for a crime she most definitely committed, Kai races to track her sister down before the Authority finds her first. But Ley has her own plans, involving her ex-girlfriend, a daring heist into the god-haunted desert, and, perhaps, freedom for an occupied city. Because Alikand might not be completely dead—and some people want to finish the job. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Human Croquet Vintage

A "brilliant and hilarious" novel of the end times in America and one psychiatrist's quest to save mankind, from a *New York Times*–bestselling author (*Dallas Morning News*). The United States seems to be on the brink of catastrophe. From the abandoned cars littering the highways (no one remembers how to fix them) to the endless hours spent on the golf course (now open twenty-four hours for those who can't bother to wait until daylight to putt) to the starkly polarized political and religious factions dividing the country (which are increasingly difficult to tell apart), it is startlingly evident that the great experiment of the American Dream has failed. The only problem is that no one has noticed. No one, that is, except Dr. Thomas More. Dr. More, an alcoholic, womanizing, lapsed-Catholic psychiatrist, has invented the lapsometer: a machine capable of diagnosing and curing the spiritual afflictions that are speeding society toward its inevitable collapse. If used correctly, the lapsometer could make anxiety, depression, alienation, and racism things of the past. But, in the wrong hands, it could propel the nation even more quickly into chaos. Hailed as "vividly entertaining" by the *Los Angeles Times* and "profoundly moving" by the *Milwaukee Journal*, *Love in the Ruins* is a towering, mind-bending work of satirical speculative fiction by the National Book Award–winning author of *The Moviegoer*.

The Way of Kings Macmillan

International Bestseller *When Will There Be Good News?* is the brilliant new novel from the acclaimed author of *Case Histories* and *One Good Turn*, once again featuring private investigator Jackson Brodie. Thirty years ago, six-year-old Joanna witnessed the brutal murders of her mother, brother and sister,

before escaping into a field, and running for her life. Now, the man convicted of the crime is being released from prison, meaning Dr. Joanna Hunter has one more reason to dwell on the pain of that day, especially with her own infant son to protect. Sixteen-year-old Reggie, recently orphaned and wise beyond her years, works as a nanny for Joanna Hunter, but has no idea of the woman's horrific past. All Reggie knows is that Dr. Hunter cares more about her baby than life itself, and that the two of them make up just the sort of family Reggie wished she had: that unbreakable bond, that safe port in the storm. When Dr. Hunter goes missing, Reggie seems to be the only person who is worried, despite the decidedly shifty business interests of Joanna's husband, Neil, and the unknown whereabouts of the newly freed murderer, Andrew Decker. Across town, Detective Chief Inspector Louise Monroe is looking for a missing person of her own, murderer David Needler, whose family lives in terror that he will return to finish the job he started. So it's not surprising that she listens to Reggie's outrageous thoughts on Dr. Hunter's disappearance with only mild attention. But when ex-police officer and Private Investigator, Jackson Brodie arrives on the scene, with connections to Reggie and Joanna Hunter of his own, the details begin to snap into place. And, as Louise knows, once Jackson is involved there's no telling how many criminal threads he will be able to pull together — or how many could potentially end up wrapped around his own neck. In an extraordinary virtuoso display, Kate Atkinson has produced one of the most engrossing, masterful, and piercingly insightful novels of this or any year. It is also as hilarious as it is heartbreaking, as Atkinson weaves in and out of the lives of her eccentric, grief-plagued, and often all-too-human cast. Yet out of the excesses of her characters and extreme events that shake their worlds comes a relatively simple message, about being good, loyal, and true. *When Will There Be Good News?* shows us what it means to survive the past and the present, and to have the strength to just keep on keeping on.

The Lost City of the Monkey God Little, Brown

The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* **NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER** Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

Arkady and Boris Strugatsky are widely known as the greatest Russian writers of science fiction, and their 1964 novel *Hard to Be a God* is considered one of the greatest of their works. It tells the story of Don Rumata, who is sent from Earth to the medieval kingdom of Arkanar with instructions to observe and to influence, but never to directly interfere. Masquerading as an arrogant nobleman, a dueler and a brawler, Don Rumata is never defeated but can never kill. With his doubt and compassion, and his deep love for a local girl named Kira, Rumata wants to save the kingdom from the machinations of Don Reba, the First Minister to the king. But given his orders, what role can he play? *Hard to Be a God* has inspired a computer role-playing game and two movies, including Aleksei German's long-awaited swan song. Yet until now the only English version (out of print for over thirty years) was based on a German translation, and was full of errors, infelicities, and misunderstandings. This new edition—translated by Olena Bormashenko, whose translation of the authors' *Roadside Picnic* has received widespread acclaim, and supplemented with a new foreword by Hari Kunzru and an afterword by Boris Strugatsky, both of which supply much-needed context—reintroduces one of the most profound Soviet-era novels to an eager audience.

Started Early, Took My Dog HarperCollins

A *New York Times* Book Review Notable Book of the Year Part fairy tale, part mystery, part coming-of-age novel, this novel tells the story of Isobel Fairfax, a girl growing up in Lythe, a typical 1960s British suburb. But Lythe was once the heart of an Elizabethan feudal estate and home to a young English tutor named William Shakespeare, and as Isobel investigates the strange history of her family, her neighbors, and her village, she occasionally gets caught in Shakespearean time warps. Meanwhile, she gets closer to the shocking truths about her missing mother, her war-hero father, and the hidden lives of her close friends and classmates. A stunning feat of imagination and storytelling from Kate Atkinson, *Human Croquet* is rich with the disappointments and possibilities every family shares.
