Mutual understanding definition and meaning | Collins ...

It is first important to understand what mutual funds are. Mutual funds are a pot of money contributed by different investors and are managed by an individual or group. Funds and other investment instruments are divided into shares. Shares are a portion of the fund itself.

A Guide To Understanding Mutual  
What is a Mutual Fund. A mutual fund is a type of investment in which a group of individuals pool their money to buy a basket of stocks or bonds, that are selected and managed by a professional investment team. When an individual buys a mutual fund share, that money is invested in stocks or bonds held within the mutual fund. Any profit (or loss) made by the fund is periodically distributed to the individual investors.
