Several species of humans have intermittently occupied Britain for almost a million years. The Roman conquest of Britain in 43 AD is regarded as the start of recorded history although some historical information is available from before then. The earliest evidence of human occupation around 900,000 years ago is at Happisburgh on the Norfolk coast, with stone tools and footprints probably made by Homo antecessor. The oldest human fossils, around 500,000 years old, are of Homo
