A History of Russia and Its
Empire Cambridge University
Press

Exploring the creation, transformation, and imagination of Russian space as a lens through which to understand Russia's development over the centuries, this volume makes an important contribution to Russian studies and the new spatial history. It considers aspects of the relationship between place and power in Russia from the local level to the national and from the eighteenth century through the present. Essays include: Melissa K. Stockdale, What is a

Fatherland? Changing Notions of Duty, Rights and Belonging in Russia; Mark Bassin, Nationhood, Natural Regions, Mestorazvitie: Environmental Discourses in Classic Eurasianism; John Randolph, Russian Route: The Politics of the Petersburg-Moscow Road, 1700-1800; Richard Stites, On the Dance Floor: Royal Power, Class, and Nationality in Servile Russia; Patricia Herlihy, Ab Oriente ad Ultimum Oriente: Eugen Scuyler, Russia and Central Asia; Robert Argenbright, Soviet Agitational Vehicles: Colonization from Place to Place; Christopher Ely, Street Space and Political

Culture under Alexander II;
Sergei Zhuk, *Unmaking the Sacred Landscape of Orthodox Russia: Religious Pluralism, Identity Crisis, and Religious Politics on the Ukrainian Borderlands of the late Russian Empire*; Cathy A. Frierson, *Filling in the Map for Vologda's Post-Soviet Identity*; and Lisa A. Kirschenbaum, *Place, Memory and the Politics of Identity: Historical Buildings and Street Names in Leningrad-St. Petersburg*.

Russia Bloomsbury Publishing

This revisionist history explores how the tsar's power was transferred in Russia over three centuries, as cultural practices and customs

evolved.

Between East and West Penguin (Non-Classics)

This volume provides a comparative study of the problems and prospects of reform in modern Russian history. Drawn from contributions to a May 1990 conference sponsored by the Kennan Institute for Advanced Russian Studies, the book raises important methodological and historiographic questions regarding the content, scope, and significance of various reform efforts, ranging from the Great Reforms of tsar Alexander II to attempts to salvage the Soviet system undertaken by Khrushchev and Gorbachev. One of the key issues raised is whether various attempts to modernise the political and social system were a series of cyclical failures or demonstrate a pattern of progressive development. Reform in

Modern Russian History favours the second mode of interpretation and provides an excellent background for all who want to understand the Gorbachev era and contemporary Russian politics.

Basic History of Modern Russia

IndyPublish.com

This concise text provides an introduction to Russian and Soviet history from the crowning of Mikhail Romanov in 1613 through Putin's current term. Through a clear chronological narrative, Boterbloem traces the political, military, economic, social, religious, and cultural developments that led Russia from an exotic backwater to superpower stature.

The Making of Modern Russia Harvard University Press

An authoritative short history of Russia, from the mysterious origins of the nation-state to the death of

Stalin A classic work now back in print for the first time since 1956—and still regarded as one of the groundbreaking books on the subject—this narrative history of Russia was the first to encompass the myth-befogged beginnings of the nation-state, the rise and cataclysmic fall of tsarism, and the Spartan years of the U.S.S.R. Charques emphasizes three points of view: that autocracy has played a dominant role throughout all of Russian history; that serfdom is the fabric of Russia's social history; and that it is of paramount importance to recognize Russia's present regime under Putin and Medvedev as the latest phase in a long history of oppression.

A History of Education in Modern Russia Cognella Academic Publishing

Robert Service here presents a comprehensive overview of 20th-century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic and social ingredients that made up the Soviet compound.

MONITOR, NEWSWEEK, PASTE, and POP
SUGAR The essential journalist and bestselling
biographer of Vladimir Putin reveals how, in the space
of a generation, Russia surrendered to a more virulent
and invincible new strain of autocracy. Award-
winning journalist Masha Gessen's understanding of
the events and forces that have wracked Russia in
recent times is unparalleled. In *The Future Is History*,
Gessen follows the lives of four people born at what
promised to be the dawn of democracy. Each of them
came of age with unprecedented expectations, some as
the children and grandchildren of the very architects
of the new Russia, each with newfound aspirations of
their own--as entrepreneurs, activists, thinkers, and
writers, sexual and social beings. Gessen charts their

paths against the machinations of the regime that would crush them all, and against the war it waged on understanding itself, which ensured the unobstructed reemergence of the old Soviet order in the form of today's terrifying and seemingly unstoppable mafia state. Powerful and urgent, *The Future Is History* is a cautionary tale for our time and for all time.

A History of Twentieth-century Russia

Bloomsbury Publishing

Modern Russian History: The Search for National Identity and Global Power exposes readers to the rich history of Russia, emphasizing the major forces and factors that shaped its development as a nation and an empire. Students are encouraged to draw connections between influential forces and factors, both historical and contemporary, to better understand Russia's past and current strategic goals, as well as the Russian sense of

identity and place in global society. The opening chapter introduces key themes and factors of Russian history, including the physical setting; the role of the autocratic state; the institution of serfdom; the multinational empire; and the West, each of which represent challenges and opportunities the Russian people and the nation's rulers have encountered over time. The book features five distinct parts, which proceed in chronological order and cover late imperial Russia, the 1917 Russian revolutions, the creation of the USSR, the Cold War and tensions with the United States, and post-Soviet Russia and modern events. *Modern Russian History* is part of the *Cognella History of Europe Series*, a collection of textbooks that help students discover the power, influence, and dynamic

nature of European countries and their histories.

A History of Twentieth-century Russia
Bloomsbury Publishing

A comprehensive overview of twentieth-century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic and social ingredients that made up the Soviet compound. It takes the reader from the age of communist rule to the changes that occurred in 1991 and the more uncertain world of Yeltsin and Putin.

The Origins of Modern Russia St. Martin's Press
Russia had an extraordinary twentieth century, undergoing upheaval and transformation. Updating his acclaimed History of Modern Russia, Robert Service provides a panoramic

perspective on a country whose Soviet past encompassed revolution, civil war, mass terror, and two world wars. He shows how seven decades of communist rule, which penetrated every aspect of Soviet life, continue to influence Russia today. This new edition takes the story from 2002 through the entire presidency of Vladimir Putin to the election of his successor, Dmitri Medvedev.

The Penguin History of Modern Russia Penguin

“ This is the essential backstory, the history book that you need if you want to understand modern Russia and its wars with Ukraine, with its neighbors, with America, and with the West. ”
—Anne Applebaum, author of *Twilight of Democracy* and *Red Famine* Named a Most Anticipated Book of the Year by Publishers Weekly and Kirkus Reviews From “ the great storyteller of Russian history ” (Financial Times), a brilliant account of the national

mythologies and imperial ideologies that have shaped Russia ’ s past and politics—essential reading for understanding the country today The Story of Russia is a fresh approach to the thousand years of Russia ’ s history, concerned as much with the ideas that have shaped how Russians think about their past as it is with the events and personalities comprising it. No other country has reimagined its own story so often, in a perpetual effort to stay in step with the shifts of ruling ideologies. From the founding of Kievan Rus in the first millennium to Putin ’ s war against Ukraine, Orlando Figes explores the ideas that have guided Russia ’ s actions throughout its long and troubled existence. Whether he's describing the crowning of Ivan the Terrible in a candlelit cathedral or the dramatic upheaval of the peasant revolution, he reveals the impulses, often unappreciated or misunderstood by foreigners,

that have driven Russian history: the medieval myth of Mother Russia ' s holy mission to the world; the imperial tendency toward autocratic rule; the popular belief in a paternal tsar dispensing truth and justice; the cult of sacrifice rooted in the idea of the “ Russian soul ” ; and always, the nationalist myth of Russia ' s unjust treatment by the West. How the Russians came to tell their story and to revise it so often as they went along is not only a vital aspect of their history; it is also our best means of understanding how the country thinks and acts today. Based on a lifetime of scholarship and enthrallingly written, *The Story of Russia* is quintessential Figes: sweeping, revelatory, and masterful.

Imperial Russia 1682-1825 Rowman & Littlefield

Barbara Alpern Engel's *Marriage, Household and Home in Modern Russia* is the first book

to explore the intricacies of domestic life in Russia across the modern period. Surveying the period from 1700 right up to the present day, the book explores the marital and domestic arrangements of Russians at multiple levels of society and the impact of broader historical developments, including war and revolution, upon them. It also traces the evolution of marriage, household and home as institutions over three centuries, whilst also highlighting the inter-relationship between public policy and private life, in what is a wholly original historical assessment of domesticity in modern Russia. In the process, the author expertly synthesizes the key works, arguments and discussions in the field, mapping out the historiographical landscape of this compelling aspect of Russian social

history. *Marriage, Household and Home in Modern Russia* is crucial reading for any student or scholar of modern Russian history. *Marriage, Household and Home in Modern Russia* Uca Press

Robert Service's *The Penguin History of Modern Russia: From Tsarism to the Twenty-first Century* provides a superb panorama of Russia in the modern age. Russia's recent past has encompassed revolution, civil war, mass terror and two world wars, and the country is still undergoing huge change. In his acclaimed history, now revised and updated with a new introduction and final chapter, Robert Service explores the complex, changing interaction between rulers and ruled from Tsar Nicholas II, through the Russian Revolutions of 1905 and 1917; from Lenin and Stalin through to

Gorbachev, Yeltsin, Putin and beyond. This new edition also discusses Russia's unresolved economic and social difficulties and its determination to regain its leading role on the world stage and explains how, despite the recent years of de-communization, the seven decades of communist rule which penetrated every aspect of life still continue to influence Russia today. 'Always well-informed and balanced in his judgements, clear and concise in his analysis ... Service is extremely good on Soviet politics' Orlando Figes, *Sunday Telegraph* 'A fine book ... it is a dizzying tale and Service tells it well; he has none of the ideological baggage that has so often bedevilled Western histories of Russia' Brian Moynahan, *Sunday Times* Robert Service is a Fellow of the British Academy and of St

Antony's College, Oxford. He has written several books, including the highly acclaimed *Lenin: A Biography*, *Russia: Experiment with a People*, *Stalin: A Biography* and *Comrades: A History of World Communism*, as well as many other books on Russia's past and present. His most recent book, *Trotsky*, has been shortlisted for the Duff Cooper Prize.

Modern Russian History Rowman & Littlefield

Russia has had an extraordinary history in the twentieth century. As the first Communist society, the USSR was both an admired model and an object of fear and hatred to the rest of the world. How are we to make sense of this history? *A History of Twentieth-Century Russia* treats the years from 1917 to 1991 as a single period and analyzes the peculiar

mixture of political, economic, and social ingredients that made up the Soviet formula. Under a succession of leaders from Lenin to Gorbachev, various methods were used to conserve and strengthen this compound. At times the emphasis was upon shaking up the ingredients, at others upon stabilization. All this occurred against a background of dictatorship, civil war, forcible industrialization, terror, world war, and the postwar arms race. Communist ideas and practices never fully pervaded the society of the USSR. Yet an impact was made and, as this book expertly documents, Russia since 1991 has encountered difficulties in completely eradicating the legacy of Communism. *A History of Twentieth-Century Russia* is the first work to use the mass of material that has

become available in the documentary collections, memoirs, and archives over the past decade. It is an extraordinarily lucid, masterful account of the most complex and turbulent period in Russia's long history.

A Short History of Russia Cambridge University Press

A History of Education in Modern Russia is the first book to trace the significance of education in Russia from Peter the Great's reign all the way through to Vladimir Putin and the present day. Individual chapters open with an overview of the political, social, diplomatic and cultural environment of the period in order to orient the reader. Dowler then goes on to analyse the aims of education initiatives in each era before considering the ways in which Russians experienced

education, both as students and as teachers. Each chapter concludes with an assessment of the outcomes and consequences of education policies in the period, both the successes and failures as well as the impact of education on the cultural, social, economic and ultimately political environments. The chronologically arranged book also traces and then summarises underlying key themes like the tension between an open system of education and an estate-based system; the push and pull between utility and the broader goal of human development; and the effects of centralized, authoritarian control that for much of the period limited local initiative and starved the regions of adequate resources.
