History of Philosophy Routledge

Copleston, an Oxford Jesuit and specialist in the history of philosophy, first created his history as an introduction for Catholic ecclesiastical seminaries. However, since its first publication (the last volume appearing in the mid-1970s) the series has become the classic account for all philosophy

scholars and students. The 11-volume series gives an accessible account of each philosopher's work, but also explains their relationship to the work of other philosophers.

The History of Philosophy Courier

Corporation Sir Anthony Kenny tells the fascinating story of the development of philosophy from the early 19th to the late 20th century. He guides the reader through the ideas of such great thinkers as Schopenhauer, Nietzsche, Heidegger, Sartre, Marx, Wittgenstein, and Russell. This volume concludes Kenny's magisterial *New History of Western Philosophy*.

A History of Greek Philosophy: Volume 4, Plato: The Man and His Dialogues: Earlier Period Psychology Press

Sir Anthony Kenny tells the fascinating story of the birth of

philosophy and its remarkable flourishing in the ancient Mediterranean world. This is the first of four volumes in which he unfolds a magisterial new history of Western philosophy. Specially written for a broad popular readership, but serious and deep enough to offer a genuine understanding of the great philosophers, Kenny's lucid and stimulating history will become the definitive work for anyone interested in the people and ideas that shaped the course of Western thought.

Routledge History of Philosophy Volume I A&C Black

Volume 1 of the 'Routledge History of Philosophy'

covers one of the most remarkable periods in human thought.

A History of Philosophy A&C Black

The turn of the nineteenth century marked a rich and exciting explosion of philosophical energy and talent. The enormity of the revolution set off in philosophy by Immanuel Kant was comparable, by Kant's own estimation, with the Copernican Revolution that ended the Middle Ages. The movement he set in motion, the fast-moving and often cantankerous dialectic of 'German Idealism', inspired some of the most creative philosophers in modern times: including G.W.F. Hegel and Arthur Schopenhauer as well as those who reacted against Kant - Marx and Kierkegaard, for example. This volume traces the emergence of German Idealism from Kant and his predecessors through the first half of the nineteenth century, ending with the irrationalism of Kierkegaard. It provides a broad, scholarly

introduction to this period for students of philosophy and related disciplines, as well as some original interpretations of these authors. Each chapter is written by a distinguished scholar in the field. A glossary of technical terms together with a chronological table of philosophical, scientific and other important cultural events are provided.

The Renaissance and 17th Century Rationalism Paulist Press

Volume 9 of the Routledge History of Philosophy surveys ten key topics in the philosophy of science, logic and mathematics in the twentieth century. Each of the essays is written by one of the world's leading experts in that field. Among the topics covered are the philosophy of logic, of mathematics and of Gottlob

Frege; Ludwig Wittgenstein's Tractatus; a survey of logical positivism; the philosophy of physics and of science; probability theory, cybernetics and an essay on the mechanist/vitalist debates.

The volume also contains a helpful chronology to the major scientific and philosophical events in the twentieth century. It also provides an extensive glossary of technical terms in the notes on major figures in these fields.

British Philosophy Psychology Press

Classical Philosophy is the first of a series of books in which Peter Adamson aims ultimately to present a complete history of philosophy, more thoroughly but also more enjoyably than ever before. In short, lively chapters, based on the popular History of Philosophy podcast, he offers an accessible, humorous, and detailed look at the emergence of philosophy with the Presocratics, the probing questions of Socrates, and the first full flowering of philosophy with the dialogues of Plato and the treatises of Aristotle. The story is told 'without any gaps', discussing not only such major figures but also less commonly discussed topics like the Hippocratic Corpus, the Platonic Academy, and the role of women in ancient philosophy. Within the

thought of Plato and Aristotle, the reader will find in-depth introductions to major works, such as the Republic and the Nicomachean Ethics, which are treated in detail that is unusual in an introduction to ancient philosophy. Adamson looks at fascinating but less frequently read Platonic dialogues like the Charmides and Cratylus, and Aristotle's ideas in zoology and poetics. This full coverage allows him to tackle ancient discussions in all areas of philosophy, including epistemology, metaphysics, philosophy of language, philosophy of science, ethics and politics. Attention is also given to the historical and literary context of classical philosophy, with exploration of how early Greek cosmology responded to the poets Homer and Hesiod, how Socrates was presented by the comic playwright Aristophanes and the historian Xenophon, and how events in Greek

history may have influenced Plato's thought. This is a new kind of history which will bring philosophy to life for all readers, including those coming to the subject for the first time.

From the Beginning to Plato

Oxford University Press

“ A witty, learned, authoritative survey of philosophical thought. ”

—The New York Times

Book Review The first

authoritative and accessible

single-volume history of philosophy to cover both

Western and Eastern

traditions, from one of the

world ’ s most eminent

thinkers The story of

philosophy is an epic tale,

spanning civilizations and

continents. It explores some

of the most creative minds

in history. But not since the

long-popular classic by

Bertrand Russell, *A History*

of Western Philosophy, published in 1945, has there

been a comprehensive and

entertaining single-volume

history of this great,

intellectual, world-shaping

journey. With characteristic

clarity and elegance, A. C.

Grayling takes the reader

from the age of the Buddha,

Confucius, and Socrates

through Christianity ’ s

capture of the European

mind, from the Renaissance

and Enlightenment on to

Mill, Nietzsche, Sartre and,

finally, philosophy today.

Surveying in tandem the

great philosophical traditions

of India, China, and the

Persian-Arabic world, and

astonishing in its range and

accessibility, Grayling ’ s

The History of Philosophy is

destined to be a landmark

work.
